

always enjoyed the privilege of electing their own Burgomasters, new municipal laws have been published, and, in future, the civic dignitaries will be appointed by the Sovereign. A new police ordinance, directed against swearing is also likely to make its appearance. A person swearing by the Holy Virgin is to be fined fifty scudi, and by any other saint twenty-five scudi. An oath, into which the name of the Most High is introduced, is to be considered a crime, and punished. There has never been so much irreverence and blasphemous conversation among the lower classes in Vienna as since the dogmas of the Immaculate Conception has been introduced and the nation placed at the foot of His Holiness the Pope.

A letter from Rome announces that very liberal reforms have been made in the Customs tariffs.

AUSTRALIA.—The clipper ship Eagle, Captain Murphy (belonging to Messrs. Gibbs, Bright, and Co.), arrived in the Mercury on Wednesday night, 21st inst., from Melbourne, from which port she sailed on the 28th Feb., with 106 passengers, and 66,464 ounces of gold, value about \$266,856. The Indian Queen, Captain Johnson, of the Black Ball line, arrived the following morning from Hobart Town, with 60 passengers, but no specie. She left Hobart Town on Feb. 21, and has thus made the passage in 90 days.

The Eagle passed several large icebergs from 20th to 21st April, lat 58 to 59 S., lon. 100 to 79 W. April 9, lat 38 S., lon. 33 W., encountered a very heavy gale, split sails, &c. May 12, lat. 53° N., lon. 42° W., saw another large iceberg.

She passed the Viscount Canning, from London to Port Phillip, in Hobson's Bay. The dates by these arrivals are—Melbourne, Feb. 28; Sydney, 23; Hobart Town, 23; Launceston, 28; Adelaide, 19; New Zealand, Jan. 26; and Western Australia, Nov. 16. Gold at Melbourne was quoted at £3 16s. 3d. to £3 16s. 6d. per ounce; the latter figure having been given in some instances for choice samples. On the 25th February the Beechworth gold arrived, fetching 12,690 ounces and £13,977 in sovereigns. The accounts from the gold fields are favourable.

At Hobart Town a bill to regulate public executions passed through the Legislative Council, and received the assent of the Governor. On the 19th February the first execution under its provisions took place, two culprits being strangled behind the gall.

The Sydney Chamber of Commerce have voted a sum of £2000 for the purchase and outfit of a suitable hulk for the establishment of a nautical school, together with an annual grant of £1000 on condition of a similar amount being raised by private subscription. The government emigrant ship David McIver, from Liverpool, arrived at Sydney, Feb. 22, and was ordered into quarantine, chicken pox being discovered amongst the passengers.

In commercial affairs in Melbourne there was no change to notice since the Ocean Chief sailed.

At Sydney affairs remained in much the same state. There was more activity in wool. Tallow was looking upwards, in consequence of short supplies. The import market is quiet, but without any material variation.

Sir Henry Barkly is, it appears, to be the Governor of Victoria, and as he has acquitted himself admirably in some trying situations in the West Indies, we have little doubt that he will succeed equally well in the Antipodes.

REFORM IN THE CHURCH OF SARINIA.—The nine articles proposed for the reformation of the Church of Sarinia, which are to be acted upon as the next session of the parliament at Turin, will, it is thought, uproot some great abuses. The most important of them are: The entire independence of the Church of Sarinia from Rome; the denial of tradition as a source of dogmas; permission to all the people to read the Bible and interpret it for themselves; abolition of compulsory celibacy of the priests; and the use of the popular language in the church services.

The ecclesiastical circles of Rome are said to be panic-struck at the Sarinian programme of Italian reform.

UNITED STATES.

Kansas.

Kansas affairs are still in a very unsettled and unsatisfactory state. "By late messengers from Lawrence, we are in possession of all the facts in regard to the sacking of that place. Early on Wednesday morning, the 21st, Capitol Hill was covered with the forces of the enemy. This hill lies south-west from the hotel destroyed about half a mile. It is a high bluff, commanding the town and the country around for many miles. On this spot stood Robinson's house.

In the course of the morning these forces, numbering from 600 to 800 men, were drawn up in military position. The United States Marshal, attended with a posse of 20 to 30 men, demanded the surrender of certain men. He was told that no obstruction would be put in the way of their arrest, and help was rendered in doing it by his order. Four arrests were made, two of them were afterwards liberated.

The Marshal then left with his men and prisoners, and as it is reported, discharged his posse. Jones, the sheriff, having recovered from his wounds, soon appeared with a considerable company of men and halted before the hotel, and stated that the Grand Jury had declared the hotel and the two printing offices to be a nuisance, and he had come to destroy them. But the arms of the citizens must first be given up. He was told that he was at liberty to take all the arms he could find; but that they would not assist or oppose him. He found some dozen or twenty rifles, and a cannon. He then told the proprietor of the hotel, Col. Eldridge, to remove his furniture from the house. The Colonel declining, he ordered his men to remove a very little of it, and then commenced a cannonade against the north wall. Not affecting the walls much, they mounted the building and commenced throwing down the stones, one of which struck the head of their own men and killed him instantly. This being too much labor for their hands, they endeavored to blow it up with powder. Accordingly a blast was put into the cellar, which amounted to a great smoke and the shivering of a few windows. The torch was then applied, and the fine "Free-State Hotel" of Lawrence, the only building worthy to be called a hotel in the Territory, was a heap of ruins, very nearly the entire walls falling to the ground.

The two printing offices, the Herald of Freedom and the Free State, were next honored by the respects of this valiant army—the whole force from the Hill having entered the city before the attack was made on the hotel. The presses were broken to pieces, and the type, cases and paper were scattered through the streets and thrown into the river.

Then commenced the pillage and robbery of

private dwellings; money and articles of value were sought after and obtained. One More, a recent settler, lost \$8,000. Jewelry, fine clothes, everything portable and of value was freely taken. The people avoided contact with the mob as much as possible. No other buildings were injured.

Before the attack upon the hotel dinner was prepared by the proprietor for a company of these men. After eating sumptuously they arose from the table, divided into different rooms, opened drawers and trunks and filled their pockets with such things as they could find.

On their return to the hill they burned Robinson's house.

One hundred thousand dollars worth of property are said to have been destroyed. Leavenworth, Topeka, Kansas City, and other places are threatened in like manner. Murder and robbery are rife; the stealing of horses, cattle and other property has become common. This state of things has existed before, but not to so frightful an extent as at present. Business is at a complete standstill. Merchants who have been receiving from \$300 to \$500 a day for goods are now receiving literally nothing. So says one letter. Whereunto the evil will grow, or where it will end, God only knows. Oh, for a voice to speak to every christian man for this nation that we may call him to the rescue of his country from lawlessness, violence, and civil war.—N. Y. Chronicle.

CANADA.—The most important measure that passed this session is a bill to make the Legislative Council elective. It passed by very large majorities in the Lower House, and about two to one in the Upper. The old members retain their seats for life: but an election of new members will require to take place to bring the House up to the fixed number.

Another bill of considerable importance, is one to provide for the chartering of ecclesiastical corporations. These corporations are to hold no land, except for building and burial purposes, and restrictions are laid upon bequests to these corporations. The wills must be made six months before death; and if the testator have relations, he must not leave more than half his property to any religious corporation.

Large quantities of wheat are still in the hands of the Upper Canada farmers—probably not less than 5,000,000 bushels. They have not had the good sense to sell when prices were at the highest. The extent of land under crop is greater than at any previous time.

The lumbering operations on the Ottawa and the St. Maurice are much retarded by the want of water in the streams.

The Spring is backward, but the wheat crop is reported as looking well.

Hon. Richard Mott, Member of the House of Representatives from the Fifth District of Ohio, is suffering from typhoid fever, at the residence of a relative in East Broadway.

DOMESTIC.

CASUALTIES.—A woman was run over by an Omnibus on Monday a short distance from the New Bridge, and severely injured. The wheel passed over her chest and neck causing the blood to flow freely from her mouth and nose. Her life is said to be in great peril.

A coloured man by the name of Prince was drowned on Monday at Indian Town.

The election for Carleton County will take place on Saturday the 14th inst. Messrs. Chas. Connell, L. R. Harding, and Charles Perley are out as candidates.

Mr. L. R. Coombes is a candidate for the county of Victoria.

MEETING OF BAPTIST ASSOCIATIONS IN 1856.—*Nova Scotia.*—The Western Association, at Caledonia, on Saturday, June 14th, at 2 p. m. The Central Association, at Chester, on Saturday, June 21st, at 2 p. m. The Eastern Association, at Anahurst, on Saturday, July 5th, at 2 p. m. *New Brunswick.*—The Eastern Association, with the 2nd Sackville Church, on Saturday, July 12th. The Western Association, at Jacktown, on Saturday, Sept. 6th.

ATLANTIC TELEGRAPH CABLE.—The cable of the New York and Newfoundland Telegraph Company, which was lost from the steamer James Adger, weighed five tons to the mile, had three conducting wires, each about as thick as a knitting-needle, and a flaw of either of these was sufficient to stop the electric current from one end to the other.

The new cable now making in England will be made of small copper wires twisted together, and will not be more than half the thickness of the old cable. According to the contract, this should be laid and in working order next month.

The Trans-Atlantic cable will have but one conductor made like the above, and will weigh about three-fourths of a ton to the mile. The distance from St. Johns, Newfoundland, to the nearest point on the southern coast of Ireland is 1,647 miles. The cable will be 2,400 miles long, and it is to be laid by two steamers, each of them to have on board 1,200 miles of cable, weighing 900 tons. After joining the ends of the coils, and dropping them in the ocean midway between the two points they are to connect, they will start for their separate places of destination. It is estimated that ten days will be required to accomplish this work.—Sci. Am.

THE NEW SILKS.

HAVE ARRIVED, DIRECT FROM PARIS, AND ARE NOW READY FOR INSPECTION AT THE NEW STORE, FINE'S BRICK BUILDING, 20 KING STREET, may 28 SAMUEL BROWN.

MESS BEEF.—50 lbs. MESS BEEF, for Ship Stores—for sale by, D. & J. LEAVITT, 54, Prince Wm. st.

VERY IMPORTANT INFORMATION.

DR. JONES, one of the most celebrated physicians in New York, writes as follows: DR. CURTIS'S—Having witnessed the excellent effects of your Hygeena, or Inhalant Hygeena, in a case of chronic Bronchitis, and being much in favor of counteracting in affections of the throat, bronchitis and lungs. I can therefore cheerfully recommend your Hygeena, as being the most convenient and effectual mode of applying any kind of medicine to the lungs. No doubt thousands of persons may be relieved, and many cured, by using your remedies. You are at liberty to use this in any way you may think proper. C. JONES, M. D., No. 600 Houston St., New York. Prof. S. CURTIS writes as follows: Gentlemen—I have recently had occasion to test your Cherry Syrup, in a case of chronic sore throat, and I have been much pleased to find that the result has satisfied me, that whatever may be the composition of your preparation, it is no imposition, but an excellent remedy. I wish, for the sake of the afflicted, that it might be brought within the reach of all. The Hygeena, for sale at St. John by FELLOWS & Co. wholesale and retail. See Advertisement in another column. Jan. 6.—Jr

DR. McLANE'S LIVER PILLS.

When the proprietor of this invaluable remedy purchased it of the inventor, there was no medicine which deserved the name, for the cure of Liver and Biliary complaints, notwithstanding the great prevalence of these diseases in the United States. In the South and West particularly, where the patient is frequently unable to obtain the services of a regular physician, some remedy was required, at once safe and effectual, and the operation of which could in no wise prove prejudicial to the constitution. This medicine is supplied by Dr. McLane's Liver Pills, as it has been proved in every instance in which it has had a trial. Always beneficial, and in some cases, it has even occurred in which its effects have been most extraordinary. It is an excellent and distinguished physician, it has nothing in common with the quack nostrums imposed upon the public by shallow pretenders to the medical art. Experience has now proved, beyond a doubt, that Doctor McLane's Pills are the best remedy ever proposed for the Liver Complaint. Purchasers will be careful to ask for Dr. McLane's Celebrated Liver Pills, manufactured by Fleming Bros. of Pittsburgh, Pa. There are other Pills purporting to be Liver Pills, now before the public. Dr. McLane's genuine Liver Pills, also his celebrated Vermifuge, can now be had at all respectable drug stores. None genuine without the signature of FLEMING BROS.

Sold in St. John by CHALONER & HUNT, and T. WALKER & SON.

DR. CURTIS'S INHALANT REMEDY.

Prof. S. CURTIS writes as follows: GENTLEMEN—I have recently had occasion to test your Cherry Syrup, in a case of chronic sore throat, and I have been much pleased to find that the result has satisfied me, that whatever may be the composition of your preparation, it is no imposition, but an excellent remedy. I wish, for the sake of the afflicted, that it might be brought within the reach of all. CAUTION.—Dr. CURTIS'S HYGEENA is the original and only genuine.

INHALANT VAPOR.

Rev. Doctor CURTIS writes: DEAR SIR—I think highly of Dr. CURTIS'S Hygeena, as a remedy in diseases of the throat and lungs. Having had some opportunity to test its efficacy, I am convinced that it is a most excellent remedy, both for the Sore Throat and the Inhalant Vapor to the chest. CAUTION.—Dr. CURTIS'S HYGEENA is the original and only article. For sale by FELLOWS & CO., German Street, opposite Market Street.

CHOLERA.

A certain cure for this disease may be found in the use of Perry Davis' Vegetable PAIN KILLER.

DEAR SIR—I felt it a duty to write you, in order to make known the value of Davis' Pain Killer, and my experience in using it for some of the complaints for which it is highly recommended. In April last, on your recommendation, I purchased a one dollar bottle of your famous Pain Killer, and have long been afflicted, and made use of it on my trip down to New Orleans, with the most gratifying and beneficial effects. On my return trip to this city, the Cholera made its appearance among my passengers, and I made use of the Pain Killer, having no other remedy on board, and to my surprise and gratification found it gave immediate relief. On my arrival in St. Louis, I called on you and got four large bottles, and stated to you my confidence in it as an infallible Cholera remedy, and remarking to you that I wanted no other Cholera remedy on my boat. I made use of the four bottles on my trip to New Orleans and back, for Cholera and some other complaints for which it is recommended, and met with the most astonishing success. When I ordered from you six more one dollar bottles. Since then I have made two more trips to New Orleans and back, and on my previous trip up, I had more than seventy cases of Cholera on board, and the PAIN KILLER was immediately used with the most astonishing results. In all cases where it was used in time it gave relief in a very short time; and I can with confidence say to the public, that in all of the first stages of Cholera, and in some cases, even in my opinion an infallible remedy; and after a fair trial with it for several weeks, and for four trips to New Orleans and back, and using it for Cholera and for other complaints for which it is recommended, no wonder that wherever it would induce me to leave port without a good supply—believing it to be a medicine that no officer of a boat or any family would be without a single day after using one bottle.

I most cordially unite with Capt. Broadwell in recommending Perry Davis' Pain Killer to the public, having myself been severely attacked by the Cholera, and found relief in a few hours by using the Pain Killer, and have administered it to more than fifty persons attacked with the Cholera, and when used in time, a cure was effected in a few hours, and take pleasure in recommending it to the public as an invaluable medicine, that no individual should be without a single bottle.

JOHN N. HOFFINGER, Clerk St. John's Atlantic.

JOHN'S PAIN KILLER.

The certificates appended from the captain and clerk of the Steamer Atlantic, we know to be genuine, and founded on facts, as they were stated in our office the substance of what they publish.—(St. John's News.) ROBERT'S POINT, Clinton Co., N. Y. Perry Davis—Sir:—The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen a word of praise for it. Experience has convinced me that for Headache, Indigestion, Pain in the stomach, or any other part of the system, Severe Chills, Weakness, Common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhoea, Dysentery, Tooth Ache, &c. &c. There is nothing better than the Pain Killer. I have this hour recovered from a severe attack of the Sick Headache, using two teaspoonfuls, taken at thirty minutes interval, in a wine glass full of warm water. I am confident that through the blessing of God, it is the best medicine from the clasp of the hand, that I have ever known. Travelling amid heat, dust, toil, change of diet and constant exposure to an infected atmosphere, my system was daily predisposed to dysentery, attacks, accompanied with pain, for which the Pain Killer was used, and it was a most successful remedy, curing the worst case in an hour, or at most, half a day. My brothers in the ministry have used it with much success in various diseases. I have heard many cases the country over, of Dysentery being cured by its use. Put in the teeth, it would stop the tooth-ache. Gratitude, and a desire for its general use, has drawn me to this unsolicited testimonial in its favor.

DR. TAYLOR, Jr. Minister of the Gospel.

Sold by FELLOWS & Co., St. John, N. B., and by Druggists and medicine dealers generally.

To the Electors of the County of Saint John.

GENTLEMEN,—A deputation, appointed at a large meeting of respectable voters,
