Wreck of the Central America. Below will be found additional particulars especting this terrible disaster referred to

st weck. The scamship Central America, on r way from Aspinwall to New York, undered at sea, off Cape Hatteras, on he 12th inst., with over 400 passengers, and nerly \$2,000,000. Only 100 lives saved. is said that the ship was not in good conition. Great is the responsibility resing pon builders and inspectors of ships, to see hat they are prepared not only for the calm,

The following is the statement of a sure at Kalpore, was suppressed by six companies attend.

STATEMENT OF MR. CHASE OF MICHIGAN. —Mr. William Chase, a miner, of Washtenaw County, Michigan, was among the forty-nine passengers picked up by the bark Ellen. He has been in California since 1852. His stateent relative to he loss of the steamship is s that of the other passengers herewith pubished. He remained on the ship until she went down, and having provided himself with went down, and having provided himself with two life preservers, and afterward securing a portion of a bix to arother life preserver, which he found in the water, he managed to hich he found in the water, he managed to float without much difficulty. He describes he effect of the sinking of the ship as like hat produced by inserting a red hot bar of ron into a tub of water-a moment's hissing nd seething, and she was enveloped in the ngry flood. Mr. Chase thinks that nearly Il the passengers were provided with life preservers, but many of them had lost all nope and become discouraged before the unk they lucked the energy to make any ef-lors to save themselves, while others were frighted out of all presence of mind, and acked the judgment to convert to their use neans which might Lave been rendered vailable. The majority of the crew and a umber of the passengers, at the time of the inking of the ship, were below, engaged in outling, and so little warning was given that ey had not time to escape to the deck before was under water. 2012189089

After it became apparent that the ship nust sooner or later, surrender to the angry ements, the scene among the passengers deck and throughout the versel was one of most indiscribable confusion and alarm. he prayers of the pious and penitent, the ricks of the affrighted, were all commingled ogether, added to which were many angry ntests between man and man, in many intances amounting to outright fight, for the ossession of articles on which to keep themelves affoat in the water. A great many of ne passengers were miners, having considerotten in the anxiety and terror of the mont, and many a man unbuckled his gold-fied belt and flung his hard earned treasure on the deck, some hoping thereby to light in their weight and thus more easily keep emselves afloat, while others threw it away despair, thinking there was no use for it in

Mr. Chase says that he might have picked pters of thousands of dellars which had been own away and lay strewn about the decks; t he did not think there was sufficient prosect of his surviving to use it, to pay him for ne trouble. A Capt. Thos. W. Badger, of an Francisco had \$20,000 in gold in a car-San Francisco had \$20,000 in gold in a carpet bag, which just before the sinking of the
ship, he threw into the captain's state room.
He however, succeeded in saving himself,
being one of the number picked up by the
barque Ellen. Mr. S. Culdwell of New
York had twenty pounds of gold dust in a
belt about his waist. He kert himself aftent pen a door which he secured at the time the hip sunk, and was peked up by the Ellen.

Davis' Pain Killer.

This will certify, that about four years since, I was attacked with hoarseness of the lungs, a hard cough, and raising blood, with pain in the center of my left hreast; I was almost descouraged, but hearing what wonderful success friend have met with in curing colds, coughs, pain in the sides, &c. I was induced to give his Pain Killer a fair trial. I was then raising blood from two to three times a day, and had been about six wocks, without cesation, my cough soon gave way, the bleeding ceased, my pain removed, and now I am enjoying a comfortable degree of health; no pain about me, no cough, no bleeding, and have a good appetite, sleep sound, and find my strength gaining and my flesh also increasing, and now it has invaluable medicine, through the blessing of God, has done for me. I have used it with equal success in my family for many other compaints for which it is recommended, and would most cheeffully recommend the above medicine to those who have colds and coughs, especially those of long standing—never be discouraged and say you cannot be used, until you have given Davis' Pain Killer a fair trial, as I have done.

LOST VOICE RECOVERED! NEW BEDFORD, August 10.
Mrs. S. W. Fowle.—Having seen many certificates published in relation to Dr. Wistar's Balsam of Wild Cherry, I take this opportunity of offering a word in its favor, which you are also at liberty to publish. A tew months since, my wife's lungs became so much affected by a sudden cold, that she lost her voice, and suffered severly from pains in the breast. Her situation caused her friends much alarm. Having heard your Balsam strongly recommended by those who had used it, I purchased a bottle of your agent in this place. She took it according to directions, and it produced a wonderful effect. Before using one bettle, she had completely recovered her voice, the pains subsided and her health was soon fully restered. Yours truly. (Signed)

AYER'S CHERRY PECTORIAL.

FOR THE RAPID CURE OF Colds, Coughs, and Hoarseness. DR. J. C. Ayrn: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarsenes, Influenza, and the concomitant symptoms of a Cold, is Cherry Pertorial. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints.

EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y. writes; "I have used your Pectoral myself and in my family since you invented it, and believe it the best medicine for its purpose ever put out. With a bad celd I should sooner pay twenty five dollars for a bottle thau do without it, or take any other remody."

Croup, Whooping Cough, Influenza. Springeriello, Miss., Feb. 7, 1856.

RROTHER AVER: I will cheerfully certify your Pectorial is the best remedy we possess for the enre of Whooping Cough, Croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people. HIRAM CONKLIN, M. D. AMOS LEE, Esq., MONTENEY, I.A., writes, 3d Jan. 1856: 'I had a tedious indiqueza, which confined me in deors six weeks; took many medicines without relief; finally tried your Pectorial by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem yon, Dortor, and your remedies, as the poor man friend.'

Asthma or Phthisic and Bronchitis. WEST MANCHESTER, PA., Feb. 4 1856.
Sir. Your Cherry Pectoral is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who labored under an affection of the lungs for the last forty years.

Aston House, New Yers City, March 6, 1856.

Doctor Aver, Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. The was steadily failing, untiperson, of this city, where we have come for advice, recommended a trial of your medicine. We biess his kindness as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours, with gratitude and regard,

OR LANDO SHELBY VILTE.
