A Mother's Love.

STAR BY EMILY TAYLOR. Hast thou sounded the depths of vonder sea, And counted the sands that under it be? Hast thou measured the height of heaven above? Then mayst thou mete out a mother's love.

Hast thou talked with the blessed of leading on To the throne of God some wandering son? Hast thou witness'd the angels' bright employ Then mayst thou speak of a mother's joy.

Evening and morn hast thou watched the bee Go forth on her errands of industry? The bee for himself hath gather'd and toil'd But the mother's cares are all for her child.

Hast thou gone with the traveller Though afar-From pole to pole, and from star to star Thou hast-but on ocean, earth, and sea, The heart of a mother has gone with thee.

There is not a grand, inspiring thought, There is not a truth by wisdom taught. There is not a feeling pure and high, That may not be read in a mother's eye.

And ever, since earth began, that look Has been to the wise an open book. To win them back from the lore they prize To the holier love that edifies.

There are teachings in earth, and sky, and air; The heavens the glory of God declare; But louder than voice beneath, above, He is heard to speak through a mother's love.

How unspeakably miserable noust that person be who has to depend wholly upon society for happiness; how often we hear the exclamation, "O dear I am so lonesome don't know what to do with myself." How pitiable; apart from society, what an exceedingly "dulk world this must be to such

Peter Cartwright at a Dance.

Saturday night came, and I found mysels among the hills, and knobs, and spurs of the Cumber and Mountains. I stopped at a decent-looking tavern, where there was to be that night a dance.

I quietly took my seat in one corner of the house, and the dance commenced. I sat quietly musing, a total stranger, and greatly desired to preach to this people. Finally, I concluded to spend the next day (Sabbath) there and ask the privilege to preach to them. I had hardly settled this point in my mind, when a beautiful, ruddy young lady walked gracefully up to me, dropped a handsome courtsy, and pleasantly, with winning smiles, invited me out to take a dance with her. I can hardly describe my thoughts or feelings on that occasion. However, in a moment I resolved on a desperate experiment. I arose as gracefully as I could; I will not say with some emotion, but with many emotions. The young lady moved to my right side; I grasped her right hand with my right hand, while she leaned her left arm on mine. In this position we walked on the floor. The whole company seemed pleased at this act or politeness in the young lady, shown to a stranger. The colored man who was the fiddler, began to put his fiddle in the best order. I then spoke to the fiddler to hold a moment, and

That evening, as Johnny was engaged in a famous game of ball, Billy came up and wishto play, but could not, as he was odd.

Billy looked at Johnny a moment in silence, and then said, "Johnny, I tore your kite; I am sorry. Mine is behind that tree; it is yours, and after this we shall be good friends." I then spoke to the fiddler to hold a moment, and added, that for several years I had not undertaken any matter of importance without first sking the blessing of God upon it, and I desired now to ask the blessing of God upon this beautiful young lady and the whole company, that had shown such an act of politeness in the young lady? hand tight to the Saviour, but he grew up gay and dissipated. She still followed him with prayers and entreaties, faithfully warned him of his awful state as a sinner before God, and told him what his end would be, dying in that condition. But all seemed alike unavailing. He one day said, "Mother, let me have my best clothes; I am going to a ball to-night." She expostulated with him, and urged him not to go: but all in vain. CHERRY PECTORAL

FOR THE RAPID CURE OF

Colds. Coughs. and Hourseness.

Brimfield, Mass., 20th Dec., 1856.

Dr. J. C. Ayer: I do not hesitate to say the best remedy I have ever found for Coughs, Hourseness, Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years hass shown it to possess superior virtues for the treatment of these complaints.

EBEN KNIGHT, M. D.

A. B. MOBTLEY, Esq., of Utica, N. Y., writes: "I have used your Fectoral mysolf and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

Springfield, Miss., Feb. 7, le. 6.

Brother Ayer: I will cheerfully certify your Pectoral is the liest remedy we possess for the cure of Whooping Cough, Croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people. HIRAM CONKLIN, M. D. Amos Lee, Esq., Monterey, Ia., writes, 2d Jan., 1866: "I had a tedious Influenza which confined me in doors six weeks; took many medicines without relief; finally tried your Pectoral by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we eseem you, Doctor, and your remedies, as the poor nan's triend."

Ashma or Phtisic, and Bronchitis.

West Manchester, Pa., Feb. 4, 1666.
Sir: Your Cherry Pectoral is performing marvellous cures in this section. It has relieved several from alarming symtoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., Albion, Monroe Co., Iowa, writes, Sept. 6, 1855: "During my practice of many year? I have found nothing equal to your Cherry Pectoral for giving case and relief to consumptive patients, or car. hg such as are curable." able."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects
upon trial.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can teach; but even to those the Cherry Pectoral affords teller and comfort. aid can teach; but even to those the Cherry Pectoral affords relief and comfort.

Doctor Ayer, Lowe't: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wingshe had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could precure gave her relief. She was steadily failing, until I a Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from latter cough, and calls herself well. Yours with gratitude and regard.

ORLANDO SHELBY, of Shelbyville.

Consumption, do not despair till you have tried Ayer's Cherry Pectoral. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—[Philadelphia Ledger.

THE GREATEST MEDICAL DISCOVERY
OF THE AGE.

R. KENNEDY, of Roxbury, Mass., has discovered in one of our common pasture weeds, a remedy that cures EVERY KIND OF HUMOUR, from the worst scrafula down to a common Pimple. He has tried it in overeleven hundred cases and never failed except in two cases thoth thunder humour). He has now in his possession average boston.

Three to four bottles are warranted to cure the sat theum. Five to bettles will cure the worst case of scrofula. A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of boston. I know the effect of it in every case. Su supe as water will extinguish fire so sure will this cure himor. I never sold a bottle of it but that sold another rafter a trial at always speaks for itself. There are two thin, a about this herb that appears to me surprising; first, that it rows in our pattures, in some places quite plentiful, and yet its value has never been known until I discovered it in issometist when the discovery, I will state that in April, 1863, it peddled it, and sold about six bottles per day in April, 1884, it sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patient medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. Two to three bettles are warranted to cure the most des-

and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. (), what a merey if it will prove effectual in all cases of that awful mahady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, and by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Bide, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine eyer known.

No change of diet ever necessary. Eat the best you can, and enough of it.

PERRY DAVIS' VEGETABLE PAIN HILLER

The Most Popular Medicine in the World.

Advocate.

Valuable Medicine.—The sale of that remarkable and truly valuable preparation, Ferry Davis's Fain Killer, is constantly and rapidly increasing During the past year the demand for this great remedy has been altogether unprecedented. Scarcely a week passes by during which we do not hear of some remarkable cure having been performed, within the circle of our acquaintance, by the use of Perry Davis's Pain 7 liter.—Prov. Gen. ANOTHER LETTER FROM INDIA.

Alesses Perry, Bavis & Son,—I am happy to be able to add that your medicine is getting more and more into note, and consequently the demand for it is increaring. The sales at my various sub-Agencies are very satisfactory, especially in Maulmain and Diffinapore; in fact, wherever European R? giments are located the sales are extensive. A party in Agia who sent for a supply for his personal use and that of his friends, says the demand for it is great, and recommends the appointment of an Agent there.

At. Toone, of Barrackpore, writes under date of 2th October: "This will certify that my son, 19 years of age, was taken suddenly ill in the night, with a severe pain in the stomach, followed by Cholera, he found no relief until gave him a teaspoontul of the Pain Killer, dituted with warm water; but after the expiration of a few moments, he brought it up, when I repeated the dose, which partially relieved him. I followed it with a third dose, when he left asleep, and on walking next morning he was quite fresh. I consider it a most valuable medicine to be always at land."
