THE INTER COLONIAL RAILWAY. Lord Bury, who, as we are informed has, been sent out from England with full powers to nego tiate with the Provincial Government for the construction of the great Inter Colonial Railway arrived in our city the last of the week, and by special request addressed a large meeting in the Mechanic's Institute yesterday on the subject .-What his Lordship wants is definite action on the part of the Provincial Legislatures. He asks New Brunswick to encourage this immense undertaking by a grant of £20,000 for a specific number of years, and the amount of ungranted lands on the line of way proffered on a former occasion. His Lordship is very sanguine with respect to the immediate commencement and ultimate success of this enterprise, providing the colonial people take hold unitedly and heartily of the matter. Surely they will not fail to do so.

We learn from the Borderer that a young man was recently arrested and lodged in Dorchester Jail. An examination took place before T. We understand that letters from the Delegates had been received and it was expected that their final interview with the Colonial Secretary would take place last week.

Of course nothing definite had transpired, We learn that private letters from the Attorney deneral stated that he hoped to leave for Hali-, fax by the steamer which sailed from Liverpool on Saturday last .- [Reporter.

There is no medicine, at the present day, I value so high as Perry Davis' Vegetable Pain Killer. I have used it in my family for years; in every instance it has proved a sovereign remedy. I tested its qualities to-day, on a severe burn, and found in all that could be desired.

Messrs. Perry Davis & Son:—Gentlemen.—Allow me, as an eye witness of the great good which your excellent medicine, the Pain Killer, has done amongst the exiles of Madeira, to state for the good of others, that it is now, and has been for five years, the great family medicine, we have found it excellent in fever and ague, in coughs, colds, dyspesia, chronic and inflammatory rheumatism, croup, worms, piles, nervous headache, gravel, &c. &c. Change of Name.

THE public are doubtless aware that I have made an improvement in Stove Varnish, and named it BRUNSWICK BLACK VARNISHthis name has been appropriated to a different article by another party, consequently I have determined to change the name of my preparation, which will henceforth be called—

CHALONER'S STOVE VARNISH. I truly affirm that my Varnish is superior to any other that I know of at present, having subjected them all to fair competition. This Varnish is put up in bottles containing a half pint, at 1s.; and is applied with a Brush like Paint. This Varnish is jet black, which will not burn off, though the Polish may be at a red heat. It is cheap, comparatively free from smoke or smell, and all ready to put on, gives a magnificent appearance to Church or Hal. Stove Pipes, Frankins, etc. etc. Invented, prepared and Sold by
