A Bill to amend the Act relating to inter tate estates was under consideration to day same introduced by Mr. McLellan, the mover iscribed the intention of the Bill, and argued that it was unjust; said it was remnant of the feudal system, and was not applicable to the institutions of the Country, Mr. McAdam, Mr. Brown, and Mt. Chandler favoured the Bill

Mr. Gillmor said he opposed the passage of the Bill last Session, but he should vote for it now, although he thought there were strong reason in many causes why the law ould remain as it was. It was true there was very many instances where the law as now exists was unjust; he cared very little about it, but had made up his mind in orde to accommodate his hon. friend Mr. Mc. el lan, who happened to be the youngest son of a wealthy man; he had concluded to vote for

Mr. Gray said he should oppose the Bi stitutions which he cherished.

Mr. McLellan said, that as some alteration had been very properly suggested in the Bill he would consent to reporting progress. He was pleased that the Committee were so unanimous in the principle of the Bill, the only hjection was that made by Mr. Gmy, who objected to it because it was in advance of his antiquited notions, and with regard to the remark of Mr. Gillmor, as he happened to be the eldest son, the mover was quite wil-ling to udd a clause making especial provi sion for his case.

THURSDAY, 18th Feb. After the ordinary routine business, Mr. McAdam moved for a co.nmittee of the whele house to consider a "Bill to incorporate the Synod of the Presbyterian Church of New Brunswick." The Hon. mover explained the genera

provisions of this Bill in a short speech.

Messrs. McIntosh and McMillan oppose he Bill on account of its title, which would end to confound this Church with the Er tablished Church of Scotland in New Brun swick. Mr. McMillan proposed that the name of "the Free Presbyterian Church" b Mr. McPherson took the same view. Me

Connel supported the Bill. Mr. McAdam was quite willing to allow change of name, if this was necessary,

order to the passing of the bill. Mr. Gillmor objected to the changing of the name, as it had been probably well con-sidered and agreed to by the Synod of the hurch. Rather than permit any alteration church. Rather than permit any alteration of this kind, however small in appearance, he (Mr. G.) would suggest to his Hon. colleague the propriety of allowing progress to be reported at present, and allow hon. members time for more matured consideration.

Progress reported accordingly.

A Bill was introduced by Mr. Cudlip relating to the Public Debt of the City of Saint John

A Bill in amendment of an Act to provide

for the opening a street from Church Stree o Princess, committed. Mr. Gillmor in the chair.

Some discussion ensued, in which Hon. Mr. Gray deprecated the old act which interfered so rashly with private interests, but as it was now too late to remedy that he would support this bill as the best that could be Hon, speaker supported the Bill.

Mr. Botsford moved an amendment having

erence to the payment of appraisement to amages by mortgages.

Hon. speaker objected to the amendment

Progress reperted. Hon. Mr. Gray moved for an address

His Excellency for copies of correspondence and general information relating to Provincia On motion of Hon. Aserney General,

Mr. Hannington, Chairman of Committee on rules, moved the House into committee of the whole, in consideration of the Report. Considerable discussion ensued as the different rules were read by the chairman; after some amendments, the report of committee passed. These rules are intimated to apply furing the existence of the present house.

House adjourned.

FRIDAY, Feb. 19th. There was no time lost to day in the hous nediately after reading the Journals, the further consideration of a Bill to allow th sions of the County of Northumberland, to apply the surplus of the Buoy and Beacon fund, in the improvement of the Harbour at the Port of New rastle.

Mr. Mitchel was the principle advocate of the Bill, and explained that large sums of money were in the hands of the Commission from year to year, to the extent of severa eds of Pounds, that while in many case these Commissioners were open to the charge of using such money, nothing was clearer than that the public got no tenefit, and was not expended as the Law required; that the surplus funds should be placed at the disposal of the Sessions of the County who were the objects on which such monies should be expended. pended. These funds should not at least be made use of for private purposes. Kerr and Williston both opposed the Bill and thought the conduct of Commissioners satisfactory.

Mr. Gillmor moved the House into commit tee on a Bill to alter the time of the sitting of Circuit Court in the County of Charlotte, the Bill provides that there shall be two sittings ber. Mr. Gillm r remarked that a But atroduced by Mr. Street in the session of 1857, had provided that only one session should be held annually in the country, and that in the month of August. He Mr. G. had seen led to believe that the change had not given general satisfaction in Charlotte, and herefore he introduced the Bill-establishing passing of Mr. Streets Bill.

Mr. Gray thought the change might inter-fere with the sittings of the Court in St. Juhn and other places, he recommended that the

Hor. Mr. Smith concurred in statements made Mr. Gray; and thought it quite important the Bill should be referred to a commit-

mittee.

Mr. McAdam thought the Bill ought to pass, and that the Bill introduced by Mr Street was a very bad one, and very much tended to his defeat at the last election. Mr. CHANDLER thought it ought to be

referred to a special committee, as it might interfere with the sittings of Courts in other places, and instanced a case in which he, Mr. Chandler, might suffer inconvenience. scandelous charges brought against the Rev. Mr. Gillmor said when he called upon his Mr. Gent, a curate in Dr. McNeil's church, learned colleague to give his views, he cer tainly thought he understood the wishes of his constituents in the matter, but he, Mr. C. thought it might interfere with his convenience. Mr Gillmor said he should be glad to accommodate his learned colleague, bu he preferred rather to consult the wishes an convenience of his constituents in this matter and as to Mr. Smith's objections he, Mr. G. thought the present Bill need not be referred to a committee, but suggested that it migh be advisable for a committee to examine very carefully Bills introduced by that Hon.

The Bill was referred to a committee, Mr Gray, Mr. Smith, and Mr. Gillmor.

The next discussion took place upon Bill to incorporate the Synod of the Presby terian Church of New Brunswick. The main objection to this Bill was the title .-The members were very everly divided in their opinion as to the propriety of the title, some claiming that they had a perfect right to adopt it, and that in doing so, they did not interfere with the rights and privi to be Presbylerians also, as those other Christian associations had become incorpo rate some time ago and had chosen a differ ent name. Some recommend that the title be changed.

Inquest.—An inquest was held at the bar-racks on the 17th Feb. on the budy of an Artilleryman of the name of Wall, who came to his death the previous evening by drowning The deceased, it appears, was about to pro-ceed to Partridge Island in a boat, and being in a state of intexication, fell off the whar and was droward before he could be got out His comrades, it is said were also the wors of liquor. The News by the Baltic.

The Collins steamer Baltic, which arrived below New York last Thursday night, did not get up to the City until the following morning :-

The steamship Leviathan was successfully fleated in the Thames on Sunday, the 31st of January. Arrangements had been perfected to complete the launch on the day previous, but the prevalence of a heavy gale rendered the postponement imperative, and as Sunday proved most auspicious, it was determined to proceed with the operations, rather than encounter the risk which further lengthened delay would have entailed. The final floating of the great ship was effected with perfect ease, and no accident of any kind occurred, although the river was literally covered with boats full of people, and the timbers forming the cradles, which had been kept down by the weight of the vessel, ascended with great force some twenty or thirty feet above the surface of the water. The scene was a brilliant one and the eathusiasm of the multitude who witnessed the launch was manifested in lour

and continued cheering.

The Leviathan was towed by four power ful tugboats to her moorings opposite Dept. ford, were she will remain until her interna

The Atlantic Telegraph Company had is sued a call for the ordinary meeting of the shareholders on the 18th of February; and, n anticipation of this meeting, had published a full report of the position of the Company. Great confidence is expressed in the success of the attempt to lay the cable next sammer.
