FIRE IN CINCINNATI.

Cincinnati, Sept. 17 .- A destructive fire occurred here at 3 o'cleck this morning on Front street, between Broadway and Ludlow streets. The fire was first discovered in the building occupied by the lard oil factory, from which it extended to those occupied by Cheneweth & Co., commission merchants. Edward Kinght, mattras factory French & Wilson, Custom House; Riggs & Mundy, paint depot, and N. R. Fee, lard oil works. These buildings were all destroyed and some three or four houses besides were also badly damaged, but not to any great extent. The loss will probably reach \$750'000.

The New York Shipping List, of Wednesday. mentions as an illustration of the extreme dullness of freights, that there was but a solitary ship on the berth at that port receiving cargo for Liverpool.

## MISCELLANEOUS.

THE WEATHER AND CROPS ABOUND QUEBEC -The weather of late has been most changeable, and a great quantity of rain has fallen, which has greatly retarded the progress of the harvest and caused considerable damage to the cut grain In many places the barley has commenced to sprout, which renders it worthless for malting purposes. We regret to say that the potato blight is making rapid progress in several parts of the country, in whole fields the stalks are completely blackened. We are informed by a farmer on the St. Foy road, an extensive potato grower, that in many parts of his fields more than half of the crop is left on the ground utterly worthless. The after grass in consequence of so much rain has a fine appearance. The turnip crop also promises well, and an abundant crop is anticipated. Gardens and orchards look well. The early planted potatoes in the vicinity of Quebec have been a most productive and profitable crop; they have been retailed at very moderate prices, and are in general of a most excellent quality .- [Quebec Chronicle.

The Theological Hall of the Presbyterian Church of Nova Scotia was opened at Truro on the 1st inst., with an eloquent inaugural address by the Rev. James Ross, followed by able and interesting speeches from other Reverend gentlemen. A great number of persons were presons .- The Globe.

The Investigator started a few months ago in Indian Town as a weekly is now issued in the City and takes rank amongst our Tri-weeklies. It is respectable in appearance, and its original articles are written with a good deal nerve.

The publisher of this volume, believing that Christians in other parts of the country will be glad to enjoy some of that truth which God has so peculiarly owned and blessed as preached in the great metropolis, have requested these pastors of different denominations to furnish one of their ordinary discourses delivered in the midst of the present

great awakening, for the purpose of making A ME-MORIAL VOLUME of this work of God. These sermons are the earnest, pungant expressions of their heart and mind at a time when God is doing great things in their churches, whereof they are glad. And although they would not have committed these Sermons to the press had they looked merely to the praise of men, they are willing that we should send them forth to be read in public and private, in city and country, in the remotest regions where our languages is spoken, as their testimony to the truth, and its simple power under the Holy Spirit, in turning men from the error of their ways to the love and service of God SHELDON, BLAKEMAN & Co., Publishers,
