as been my lot of late to witness some seflictions. It has pleased our Heavenly Facall away one of our dear Brethren in ace, to that rest that remains for the people Brother Bernard Manzer was taken ill uary, and after sufferings which continued out four months, which he bore with Christitude and resignation to the Divine Will, and was addressed by the writer from A -26th and 27th-the deceased having e text for our improvement. Our dear REV. much missed by his afflicted widow ~~~ and the Baptist Cnurch in this place,

has been an active and useful mem-C. R.] ber. He was in the 46th year of his age ; and in the midst of his days it has pleased the Lord to call him hence. May this visitation be sanctified to all who are connected.

I also wish to inform you and the friends generally, of the demise of the late Colonel T. O. Miles, of Maugerville, who departed this life on the 5th of June, in the 69th year of his age, after a protracted sickness, during which he manifested unshaken trust in the Lord, enjoying much of the consolations which the religion of Jesus can only afford. Previous to his death, he appeared to be happy in the love of Christ, and was anxious to depart. Truly, precious in the sight of the Lord is the death of his Saints. In compliance with his particular request,] preached from Isaiah, 26th-3d and 4th verses, to a large, attentive and solemn audience: Brethren Gilford and Jewet, and Brother Boucher, a Methodist Minister, attended with me and took part in the services. It is unnecessary to refer particularly to the past career of our beloved Brother ; suffice it to say, that he filled every of-

himself, and retained the confidence of the Conthe Legislative Body of this Province, till his health became impaired, and he resigned. He is greatly missed. May the Lord support his afflicted widow, and sanctify the bereavement to each of the sons and relatives of the deceased. May the Baptist Church, of which he was a highly consistent member for some years past, be sustained

in the loss of so valuable a Brother. There has been quite a calamity taken place here on Thursday, 27th of May, Mr. W. T. Coy, my next neighbour, had his house burned to the ground, and considerable of their clothing consumed, in consequence of the fire having gained much way before it was discovered. I have been quite out of health all the Spring, and preach but seldom, not having recovered fully from the severe attack of Pleurisy I had last Winter. I have a bad cough, which troubles me much, with soreness in the left side. Sometimes I think it may prove fatal ; if so, the Lord's Will be done. Love to yourself and all the Brethren. Yours, in Christian fellowship.

JOHN MAGEE.

A letter enclosing Visitor accounts was sent to Rev. W. Fitch on Friday evening addressed to Lower Salisbury, and another by Steamboat, to Hillsborough on Tuesday evening.

MISCELLANEOUS.

The schooner "Prairie Flower," which was coming up from Salem with forty or fifty persons on board, was struck by a squall, and thrown on her beam ends when off Nahant. Several small vessels that were in sight went to her rescue, and asleep in Jesus on the 18th of May, and gers. At least eight, (and perhaps several more) Lockey, 15s; W. H. Myckoff, Esq., J. M. he gave the hand of fellowship to thirty-four, of whom 28 had been baptized since the last communion season."

The Traveller makes an interesting statement of the extent of the religious interest in the Baptist and Methodist denominations in Boston. The former has not shared in the work so much as the latter, though something over 350 conversions are reported in the fifteen Baptist churches of the city. In eight Methodist churches in the city, Hannah, (137) Collins, Rio Janeiro-Cudlip & some 450 converts are reported.

" THE MINISTRY NEEDED."-Under this head

says the Advocate, we have seen a great diversity of views advanced, but nothing more emphatic Schr J. P. Taylor, (86) Haines, New York, 12and positive upon the subject has come to our notice than an extract from a letter published in Mary Jane, (113) McDormand, Alexandria, 12one of the Methodist "Advocates." We have a good school house to preach in. Let me hear from you."

> Rev. Dr. Kirk, in his discourse last Sabbath Volant, (82) McKenzie, Salem-Stewart & Mc morning, stated that the Mount Vernon Church (in Boston, of which he is pastor,) since its organization in 1842, has received 1,150 members. 420 by profession.

A FAT PAIR.-An enormous fat woman, who was recently exhibited about the country, has been married a St. Louis to a man almost as large as herself, named Rogers. The happy couple weighed, together, nearly 1200 pounds.

A PROHIBITORY LIQUOR LAW IN MAINE .- The people of Maine voted on June 7th, on the Prohibitory Liquor Law submitted to them by the last Roberts; sch. The total population of the rold mines is estimated at 166,559. of whom 136,060 are males, and 30,490 females. This is equal to 37 per cent. of the entire population of Victoria. The aborigines muster only 1,768. The Toronto correspondent of the Montreal Witness thus refers to the defalcation of Dr. Ryerson, chief superintendent of schools: There are few in Upper Canada but will peruse with deep regret the examinations in the affair & McLauchlin have a vessel on the stocks in a of Dr. Ryerson. IMPROVEMENT IN BUSINESS PROSPECTS .--- We cess which has attended the fishing business License Law, during the present season, there is a prospect of the Shipping interests being somewhat improved. A vessel built by Messrs. Thompson & Stackhouse, of Carleton, named the "Marion," noticed not long since in our columns, was sold in Liverpool lately, at the rate of £9 per ton. Although she was a superior ship, being iron-strapped, we consider this a very fair price. Whither on this account, or in consequence of the prospective improvement in business, we will not say, but we understand that the Messrs. Olive intend erecting another vessel in addition to the one they have now on the stocks nearly ready for launching; and Mr. Mahony intends laning down the keel for another. Messrs. Stackhouse putting on another; and we believe Messrs. Thompson & Stackhouse intend finishing the one

business will no doubt greatly improve the conment to a great number who have hitherto been idle.-Western Recorder.

The Examiner says that Sabbath before last, at the First Baptist church, New York, a gentlemen in the congregation rose during the sermon, and requested that prayers might be offered for him ; so great was his distress it seemed as if he could not wait till the close of the discourse.

NOVA-SCOTIA.

The Railway has been opened for traffic to Windsor. The thing was quietly done. Suddenly on Thursday morning last, about eleven o'clock,-the shrill whistle of the locomotive was heard near Windsor, and the passenger train was seen to approach. Then for the first the inhabitants become aware that the regu-

' the railcar between Halifax and Windsor had commenced. May they go on to the end of time with no more disturbance than marked their beginning. We will say for the Windsor people that they paid a most loyal deference to the wishes of the powers that be, for not a cheer was heard. The time occupied between Windsor and Halifax was exactly three hours. The distance will no doubt be accomplished in a much shorter time.--[H. Wesleyan.
