## EARTH AND HEAVEN.

Suggested by the death of Margaret Cecilia Murphy, St. Martins.

BY HER FATHER.

## EARTH.

There is grief, there is grief—there is wringing of hands,  
And weeping and calling for aid;  
For sorrow hath summoned her group, and it stands,

Round the couch where the sufferer is laid;  
And lips are all pallid, and cheeks are all cold,  
And tears from the heart springs are shed;  
Yet who that looks on the sweet child, to be-  
hold,

But would gladly lie down in her stead.  
There are sorrow and grief, there are anguish and strife,  
See, the sufferer is toiling for breath;  
For the spirit will cling. Oh! how fondly, to life,

And stern is the struggle with death!  
But the terrible conflict grows deadlier still,  
Till the last fatal symptoms have birth;  
And the eye-ball is glazed, and the heart-blood is chill,  
And this is the portion of Earth.

## HEAVEN.

There is bliss. There is bliss in the regions above,  
On the twenty third morn in July;  
A spirit hath soared to those mansions of love.

And seeks for admittance on high;  
And babes long divided are hastening to greet,  
To a land, where no sorrow can come;  
And the seraphs are eager a sister to meet,  
And to welcome the child to its home.

There is bliss, there is bliss at the foot of the throne,  
See, the spirit all purified bends;  
And it beams with delight as it gazes alone,  
On her spiritual father, and friend;  
Then it joins in anthems for ever that rise,  
And its infantile folly forgiven;

She is dead to the Earth, and new born to the Skies,  
And this is the portion of Heaven.

## Family Circle.

## GATHER THEM IN.

"Many," said a speaker in the union prayer-meeting, "think it is of no use to invite the children of Catholic parents to go into a Protestant Sunday school. There never was a greater mistake. They are often not only willing but glad to have them go. And often their going is of unspeakable good to their parents. Let me give one illustration. Away in the West lived a Catholic family, in which there was a little girl seven years old. She was induced to go to a Protestant Sunday school. The father became very anxious about his soul. His distress increased daily, and one night, at the midnight hour, he arose from his bed in agony. He begged his wife to pray for him, as he said he did not know how to pray for himself. She told him she 'could not pray—no better than he could.' 'What shall I do, then?'"

"Perhaps," said she, "our little Mary can pray." So the father went up to her chamber, where she was fast asleep, and took her up from her bed in his arms, and bore her down stairs, and putting her gently down, he said to her with great earnestness, "Mary, can you pray?" "Oh yes, father, I can pray."

"Will you kneel down and pray for your poor father?" "Yes, I will pray for you."

So she knelt, put up her little hands, and said, "Our Father who art in heaven"—going through with the Lord's prayer. Then she prayed for her father in her own language, asking God to love him and have mercy upon him, and to pardon all his sins for Jesus Christ's sake.

When she had finished her prayer her father said to her, "Mary, can you read in your Bible?" "Oh yes, father, I can read. Shall I read to you in my Bible?"

"Yes, read to me." She began at the third chapter of the Gospel according to John. She read along until she came to that verse—

"As Moses lifted up the serpent in the wilderness, even so must the Son of Man be lifted up: that whosoever believeth in him should not perish, but have everlasting life."

"Oh, Mary," said he, "is that there?" "Yes, father, it is here. Jesus Christ said so."

"Well, that is just what I need—what your father needs."

"Yes, father, and hear the rest of it: 'For God so loved the world that he gave his only begotten Son, that whosoever believeth in him might not perish, but have everlasting life.'"

"Oh, that is for me—for just such a man as me: 'whosoever believeth in him'—I can believe in him—I do believe in him."

And from that hour that father went on his way rejoicing in Christ Jesus with great joy. So gather in the children—all children—into the Sabbath school: of all classes—from all conditions.—*Reflector.*

## THE VANILLA.

The vanilla, so much prized for its delicious flavor, is the product of a vine which grows to the top of the loftiest trees. Its leaves somewhat resemble those of the grape; the flowers are red and yellow, and when they fall are succeeded by the pods, which grow in clusters like our ordinary beans; green at first, they change to yellow, and finally to dark brown. To be preserved, they are gathered when yellow, and put in heaps for a few days to ferment. They are afterwards placed in the sun to dry, flattened by the hand and carefully rubbed with coconut oil, and then packed in dry plantain leaves, so as to confine their powerful aromatic odor. The vanilla bean is the article used to scent snuff, flavor ice-creams, jellies, &c. The plant grows in Central America and other hot countries.

## OBITUARY.

Died at her residence in Prince William, on the 8th ult., after a protracted illness which she bore with Christian resignation to the Divine Will, Mrs. Ruth Brymer, in the 77th year of her age. The deceased was born in New York, and removed to this province with her Father and family, and soon after was united in marriage to Mr. Benjamin Brymer. Her husband died in 1819 suddenly, leaving her with a large family of eleven children; the youngest being only six months old. Shortly after her husband's death she publicly professed faith in the Lord Jesus Christ was baptized by Elder L. Hammond, and united with the Baptist Church, in Prince William; where she remained a consistent member until her death, witnessing to all who knew her by her Godly life and Christian conversation, that she had been with Jesus. She always assembled with the Church to worship God as long as she was able and was often heard to speak words of comfort to her brethren and sisters in Christ. Her children have lost a kind and an affectionate mother; one who labored without ceasing for their spiritual and temporal benefit. May God in mercy sanctify this bereavement to the spiritual good of her dear family. The occasion of her funeral was improved by the writer from Matthew the 26th Chap. 21st verse:—"His Lord said unto him well done thou good and faithful servant, thou hast been faithful over a few things, I will make thee ruler over many things, enter thou into the joy of thy Lord." Brother James Walker also attended and took part in the sermon.

CHERRY PECTORAL,  
FOR THE RAPID CURE OF  
Colds, Coughs, and Hoarseness.

Brimfield, Mass., 20th Dec., 1855.

DR. J. C. AYER—I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a cold, is Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EREN, KNIGHT, M. D.

A. B. MORTLEY, Esq., of UTA, N.Y., writes: "I have used your Pectoral myself and in my family since you invented it, and believe it the best remedy for its purpose ever put out. With a bad cold, I should sooner pay twenty-five dollars for a bottle than to do without it, or take any other remedy."

**Croup, Whooping Cough, Influenza.**

Springfield, Miss., Feb. 7th, 1856.

BROTHER AYER—I will cheerfully certify your Pectoral is the best remedy we possess for the Croup, Whooping Cough, croup, and the chest diseases of children. We of your fraternal in the South, appreciate your skill, and commend your medicine to our people.

AMOS LEE, Esq., Monterey, Cal., writes, 3rd Jan. 1856.—"I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your Pectoral by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs less than one half a bottle made me completely well. Your medicine is the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

**Asthma or Phthisis and Bronchitis.**

West Manchester, Pa., Feb. 4th, 1856.

SIR.—Your Cherry Pectoral is performing marvelous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who labored under an affection of the lungs for the last forty years.

HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., Albion, Monroe Co., Iowa writes, Sept. 6, 1845: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

## Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even those the Cherry Pectoral affords relief and comfort.

Astor House, New York City, March 6th, '56.

DOCTOR AYER, Lowell.—I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We tried his kindness as we do your skill, for she recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours, with gratitude and regard,  
ORLANDO SHELLEY, of Shelbyville.

Consumptives do not despair till you have tried Ayer's Cherry Pectoral. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

Sold by J. F. Secord, Thos. Walker & Son, R. D. McArthur, S. L. Tiley, G. F. Everett, G. S. Reed, G. C. Irish & Co., Thomas M. Reed, J. G. Simpson, and all dealers in medicine.

If you want Pills, take Ayer's Pill. Nothing has ever appeared in this market that can compare with this new invention for chasing out the distempers that fasten and grow upon us. They are the Philosopher's elixir of life, that bids defiance to disease, and will leave us no alternative but to die of old age.

GENERAL DEBILITY AND EMACIATION  
CURED, AFTER ALL OTHER REMEDIES  
FAILED.

BY THE USE OF THE

## COMPOUND SARSAPARILLA.

Messrs B. O. & G. C. Wilson.

The following interesting case came under my own observation. A lady, between sixty and seventy years of age, afflicted with general debility, weakness, and pain in the stomach, loss of appetite and great emaciation, applied to me for aid. Her attending physician prohibited cathartics, because she was to weak to endure the operation. She had little hope of recovery, and her neighbors said "her work was done." I ordered a teaspoonful of your Compound Sarsaparilla three times a day. On the third day she was entirely relieved, and has continued so six months, during which time her appetite became good, her strength increased, and her bowels became regular. She is now managing her domestic affairs, and nursing a sick husband. I have prescribed it in many other cases, and it has never disappointed me.

I recommended the Neuropathic Drops in a case of nervous prostration, with nausea, flatulence, and internal pains. The patient derived more benefit from it than from all other remedies, recommends it heartily to her neighbors, and is never without it. I have given it in Toothache and other diseases with marked success.

ISAAC SMITH, M. D.

FROM REV. S. S. LEIGHTON.

I have used B. O. & G. C. Wilson's Wild Cherry Balsam in Coughs, Colds, and other Pulmonary Complaints; and these cases have come under my own observation, in which all similar remedies failed, which were completely restored taking less than one bottle.

It is, in my opinion, an invaluable remedy, happily adapted to remove the diseases for which it is designed.

## CASES OF CHOLERA CURED.

Geo. B. Estabrooks came to my house late at night. He was taken ill in the night, with violent cramps, and walked the floor all night, in great distress. When I arose in the morning he was much alarmed about his recovery. I told him I could cure him. I gave him a teaspoonful of Neuropathic Drops, and in ten minutes he was entirely free from pain, and ate a hearty breakfast and went on his journey.

ANOTHER CASE.—Mr. William Wilson was going to a fair at Springfield, and came to my house about midnight, very sick indeed, with violent pains,—thought he had the Cholera, and was going to die. He wished to leave his money with me for his family. I gave him a teaspoonful of your Drops, which relieved him. In twenty minutes I gave him another, and about an hour after a third, which entirely cured him, and he went to the fair in the morning.

## DYSENTERY.

I have resorted to B. O. & G. C. Wilson's Dysentery Syrup, in all kinds of bowel complaints, and it is always sure. One dose is generally a perfect antidote. For Dysentery, one or three may be necessary. In very severe cases, I generally add fifteen to thirty Neuropathic Drops to each dose, which never fails, and my experience is, like that of hundreds of individuals who come to this city on business, and have visited the store of B. O. & G. C. Wilson, under circumstances which rendered a trial of the Syrup necessary, who have been perfectly astonished at the result, and the shortness of the time in which it effected a cure. The medicine can't be beat.

THE NEUROPATHIC DROPS WILL CURE  
CORNERS AND CHILBLAINS.

CHELSEA, June 26th, 1857.

Messrs B. O. & G. C. Wilson. Gentlemen: For eight or nine years I have been troubled with a corn of the worst kind; I had it cut out as often as once in from 4 to 10 weeks, and still continued very lame. February 9th, 1857, I noticed that your Neuropathic Drops were used for corns. I applied the Drops, night and morning, rubbing them on with my fingers for 10 or 15 minutes each time, for each time, for two weeks, which so effectually cured it that I have given me no trouble since.

E. L. MERRIAM.

Saint John, N. B.

July 30, 1857. Messrs B. O. & G. C. Wilson.—I beg to state that from personal knowledge of some of your Biotic Medicines, I believe them to be of a superior character. During the existence of the Cholera in this City, in the summer of 1855, I was called, as a minister, to visit a woman said to be dying with that dreadful disease. She had been attended by physicians during the night, and was left by three, only a few minutes before I entered, to die. On seeing her condition, from what I had before witnessed, I believe there were hopes. I immediately commenced administering doses of your Neuropathic Drops and Dysentery Syrup, and order d them continued at short intervals. In two hours she was much better, and in about six hours, sat up. She fully recovered. Other cases nearly similar of which I had personal knowledge, occurred during the existence of the Cholera in this City, by the use of your Drops.

E. McLEOD.

The above Medicines although here serviceable in Cholera, are no less useful in Diarrhea, Dysentery &c. and have worked a cure when all other means have failed.

Messrs B. O. & G. C. Wilson.

I have found the Dysentery Syrup and Neuropathic Drops when taken together an invaluable remedy for Diarrhea & Dysentery, and I consider them Medicines that every Family should keep themselves supplied with.
