BRITAIN .- The Funds -The Times City Article says, the attempted assessination of the Emperor Napoleon caus da flainess in the funds to-day. The stock exchange rate for advances remain at three per cent. At the Bank to day app'entio s were rather more numerous. In foreign exchanges this P. M., rates were generally slightly lower than last post. About £160,000 in gold was taken to the Bank to day—£100,000 Australian, by the Teviot, and the remaider Rus-

sian. Money has now become so plentiful that there is great difficulty in disposing of it. In illustration of this statement, the London and Westminister Bank, without waiting for the result of yesterday's weekly court at the Bank of England, reduced their rate of allow-On sums below £500 they allow only two per cent. The rate for loans on Government Securities is only 2 to 3 per cent. At the Bank yesterday, after the reduction to 5 per cent. there was a slight increase in the applications, although in the discount market choice paper is negociable at from 34 to 4 per cent.

The Daily News City Article says :- The decline in the funds to-day was chiefly cau ed by the news of the attempt upon the Emperor Napoleon's life. No new feature to note in the money Mark t.

WE do our friends a real service in calling attention to a medicine of such acknowledged merit as Wister' Balsam. We are all liable to coughs and colds, which cease to be dangerous when recourse is had to the Wild Cherry.

It is very strange that some people will cadure Rheu, natic pains for days and nights, while a few ap-plications of Perry Davis' Pain Killer, which can be procured at any store, will entirely relieve them. We call the attention of the afflicted to Dr. LEARY's Advertisement in another column of our paper. A monthly report of cures performed; the names of persons; and places of residence.

Messars. Perry Davis & Son.—Gents.—For more than a year I was afflicted with a troublesome cough, attended with a yellowish frothy expectoration, and great emaciation followed. Whether it was a liver or lung cough I know not, but there was an incessant trekling sensation in my chest.

Calling one day at the office of the United States Journal, of this city, one of the proprietors strongly recommended me to try your Pah Killer. I sent and got the article, and was helped Immediately, and an now well. This was last March. I withhold my address as my fumily and myself are averse to notoriety. BALSAM OF LIVERWORT AND HOARHOUND.—There is no preparation in the market more popular, or that is doing more good, than Mrs. Gardner's Indian Balsam of Liverwort and Hoarhound. For full twenty years it has maintained a reputation for the cure of Colds, Cronps, and alkinds of Pulmonary Complaints. A friend of ours is eloquent in its praise in relation to its efficacy in curing Croup, pronouncing it one of the best articles he has ever seen used. The same may be said of its virtues in other complaints touching the throat and chest. Persons who are poor and sick will be supplied with a bottle gratis. Messas. Seth W. Fowle & Co. Gentlement.—Several months since a little daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of your Dr. Wistar's. Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly refleved, and in less than three days was entirely curel, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in 'no case have I known it fail of beffecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce any body to use your Balsam I shall be glad, for I have great confidence in it.

Mr. T. A. Templeman, Dear sir.—I take pleasure in ac knowledging the benefit your Pills have been to me. I was afflicted with what the physicians call billiousness, for it ree years; I tried all the medicines which are recommended for the thing the same of the physicians had any election my disease, and I was pronounced past recovery, and indeed at times my friends supposed I was dying; my life was enirely despared of; but as a last remedy I was persuaded to try your Indian Pills. I commenced using them according to directions, and after taking a few doses, was much relieved; and finding my strength increasing, continued using them until I had taken about two boxes, when I was perfectly cured, since which time I have had good health.
