

Poetry.

THE DAY OF TROUBLE.

Brother! when the storm descends
And beats upon the head,
When thy wounded spirit bends
Like willows o'er thy dead;
When thy heart is faint and sore,
And thy tears can flow no more,
Lift, lift thine eyes
Up to the skies—
Thy troubles all will soon be o'er.

Have the flames swept down thy cot?
Or floods thy vessel wrecked?
Have garlands, which thy heart has sought
Thy rival's forehead decked?
Has wealth, like sea-foam on the sand,
Vanished from thy strong right hand?
Look up, and hear
Those words of cheer
Dropping from the heavenly land.

Have the bright illumined halls
Echoed to the tread of death?
Has he on thy nursery walls
Turned the poison of his breath?
Changed to ice upon thy knee
The babe whose eyes were lights to thee
O! still look up!
That bitter cup
Was mingled by divine decree.

Is thy life a weary one,
Through clouds, and waves, and night?
Is thy life a weary one,
A storm and an affright?
Doth an ever raging sea
Roll its tide of care round thee?
If through the dark
Christ steer thy bark
It soon must find a peaceful lee.

As the warrior smitten down
Amid the pile of dead,
Ere his life's last days are gone,
Lifts his bruised head,
Where his flag still blazes bright,
As the foe breaks into flight,
Sends to the sky
His battle cry
Then gladly bids the world "good night."

So, brother! when the storms descend
And beat upon thy head,
Like to that warrior's thy end
With joy shall be o'er spread;
Let faith still hold her vantage ground,
And soon the silver trump shall sound
Thy battle done,
Thy victory won,
And heaven's sweet consolation found.

HYMN.

BY JAMES W. ALEXANDER, D. D.

Come, children, thank the Lord with me,
That he has made us know
The words of love, which from above
In blessed Scripture flow.

We sit beside the living spring,
And taste the sacred stream;
In every line is grace divine,
And mercy reigns supreme.

The little page cannot read
This book of life and light,
For fast asleep in darkness deep,
He lies in horrid night.

No story of the Child Divine
The gentle mother sings;
But I have heard the heavenly word,
Unknown to eastern kings.

Then let us ask, in these our days,
That we may read aright,
And let us praise Him all our days,
For blessed Bible light.

OVERTASKING THE MEMORY.

We see it stated in a Western religious paper, that under the stimulus of a promised prize, two little girls in a Sabbath school memorized, in five weeks, one 4,566 verses in the Bible, and the other, 7,199. The latter committed to memory, in one week, 4,266 verses. While these cases afford remarkable examples of quick memory, they are exceedingly doubtful of the propriety of thus overtasking a single faculty of the mind. No one faculty can be disproportionately cultivated without injury to the rest, and affecting the beautiful symmetry of the whole; and hence we generally find that the overgrown memory, and especially in youth is at the expense of the judgment. There is a storehouse of materials without the power of rightly and judiciously using them. It is quite possible that a capacious memory may be found in connection with a want of right knowledge. The mere ability to repeat, parrot like, a vast amount of poetry or prose, is no evidence of a richly cultivated mind; and, indeed, we have often found persons of this description intolerable bores. Better far that the memory should be cultivated only in its due proportion, and that children should be taught to discriminate, digest, and understand what they learn. We make these remarks to counteract what we regard as a growing evil in some of our Sabbath schools, in placing mere memory above all the mental faculties, and in regarding those as the most promising pupils who can gorge most, whereas often the contrary may be the fact. The mind should not be regarded as a mere lumber room.—*Zion's Herald.*

RELIGION A CHECK TO INSANITY.

When an extreme religious anxiety, preying on a morbid temperament, dethrones reason, or incites to suicide, unbelievers seize the occasion to denounce Christianity, say the *American Presbyterian*, as baneful in its influence on human life and happiness. But such cases are rare and exceptional, and a candid mind discovers nothing in religion itself to lead to such results. It is healthy and conservative, and invigorating in its influence, and saves often not only from profligacy, but from insanity and despair. Skillful physicians testify to such an influence on their patients, and we extract the following testimony from Dr. Ray, in the report of the Butler Hospital, in Rhode Island:

"I believe—and it is in some measure the result of considerable observation of various psychological states—that in this age of fast living, nothing can be relied upon more surely for preserving the healthy balance of the mental faculties, than an earnest, practical conviction of the great truths of Christianity."

THE WAY AND THE TRUTH.

O Lord, who art the light, the way, the truth, the life; in whom there is no darkness, error, vanity, nor death; the light without which there is no darkness; the way, without which there is wandering; the truth, without which there is error; the life, without which there is death; say, Lord, let there be light, and I shall see light, and eschew darkness; I shall see the way, and avoid wandering; I shall see the truth, and shun error; I shall see life, and escape death. Illuminate, O illuminate my blind soul, which sitteth in darkness, and the shadow of death; and direct my feet in the way of peace.—[Augustine.]

CHERRY PECTORAL, FOR THE RAPID CURE OF Colds, Coughs, and Hoarseness. Brimfield, Mass., 20th Dec., 1855.

Dr. J. C. AYER—I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a cold, is Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EREN, KNIGHT, M. D. A. B. MORTLEY, Esq., of Utica, N.Y., writes: "I have used your Pectoral myself, and in my family since you invented it, and believe it to be the best cure for its purpose ever put out. With a bad cold, I should sooner pay twenty-five dollars for a cure than to do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

Springfield, Mass., Feb. 7th, 1856. BROTHER AYER—I will cheerfully certify your Pectoral is the best remedy we possess for the cure of Whooping Cough, croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people. HIRAM CORKLIN, M. D.

AMOS LEE, Esq., Monterey, La., writes, 3rd Jan., 1856.—"I had a tedious and distressing cold, with me four weeks; took many medicines with out relief; finally tried your Pectoral by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs less than one half the bottle made me completely well. Your medicine is the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisis and Bronchitis.

West Manchester, Pa., Feb. 4th, 1856. SIR.—Your Cherry Pectoral is performing marvelous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who labored under an affection of the lungs for the last forty years.

HENRY L. PARKS, Merchant. A. A. RAMSEY, M. D., Albion, Monroe Co., Iowa, writes, Sept. 6, 1845:—"During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volume of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the Cherry Pectoral affords relief and comfort.

Astor House, New York City, March 5th, '56. DOCTOR AYER, Lowell—I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid would procure her much relief. She was steadily failing, until Dr. Strong of this city, where we have come for advice, recommended a trial of your medicine. We believe kindness as we do your skill, for she recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours, with gratitude and regard, ORLANDO SHELLEY, of Shelbyville.

Consumptives do not despair till you have tried Ayer's Cherry Pectoral. It is made by one of the first medical chemists in the world, and its cures afford us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

If you want Pills, take Ayer's Pill. Nothing has ever appeared in this market that can compare with this new invention for chasing out the distempers that fasten and grow upon us. They are the Philosopher's elixir of life, that bids defiance to disease, and will leave us no alternative, but die of old age.

GENERAL DEBILITY AND EMACIATION CURED, AFTER ALL OTHER REMEDIES FAILED.

BY THE USE OF THE COMPOUND SARSAPARILLA.

Messrs B. O. & G. C. Wilson.

The following interesting case came under my own observation. A lady, between sixty and seventy years of age, afflicted with general debility, uneasiness, and pain in the stomach, loss of appetite and great emaciation, applied to me for aid. Her attending physician prohibited cathartics, because she was to weak to endure the operation. She had little hope of recovery, and her neighbors said "her work was done." I ordered a teaspoonful of my Compound Sarsaparilla three times a day. On the third day she was entirely relieved, and has continued so six months, during which time her appetite became good, her strength increased, and her bowels became regular. She is now managing her domestic affairs, and nursing a sick husband. I have prescribed it in many other cases, and it has never disappointed me.

I recommended the Neuropathic Drops in a case of nervous prostration, with nausea, flatulence, and internal pains. The patient derived more benefit from it than from all other remedies, recommends it heartily to her neighbors, and is never without it. I have given it in Toothache and other diseases with marked success.

ISAAC SMITH, M. D.

Fozborough, Mass., May 27, 1857.

FROM REV. S. S. LEIGHTON.

I have used B. O. & G. C. Wilson's Wild Cherry Balsam in Coughs, Colds, and other Pulmonary Complaints; and three cases have come under my own observation, in which all similar remedies failed, which were completely restored by taking less than one bottle.

It is, in my opinion, an invaluable remedy, happily adapted to remove the diseases for which it is designed. S. S. LEIGHTON, West Townsend, Mass.

CASES OF CHOLERA CURED.

Geo. B. Estabrooks came to my house late at night. He was taken ill in the night, with violent cramps, and walked the floor all night, in great distress. When I arose in the morning he was much alarmed about his recovery. I told him I could cure him. I gave him a teaspoonful of Neuropathic Drops, and in ten minutes he was entirely free from pain, and ate a hearty breakfast and went on his journey.

ANOTHER CASE.—Mr. William Wilson was going to a fair at Springfield, and came to my house about midnight, very sick indeed, with violent pains, thought he had the Cholera, and was going to die. He wished to leave his money with me for his family. I gave him a teaspoonful of my Drops, which relieved him. In twenty minutes I gave him another, and about an hour after a third, which entirely cured him, and he went to the fair in the morning.

DYSENTERY.

I have resorted to B. O. & G. C. Wilson's Dysentery Syrup, in all kinds of bowel complaints, and it is always sure. One dose is generally a perfect antidote. For Dysentery, one to three may be necessary. In very severe cases, generally add fifteen to thirty Neuropathic Drops to each dose, which never fails, and my experience is, like that of hundreds of individuals who come to this city on business, and have visited the store of B. O. & G. C. Wilson, under circumstances which rendered a trial of the Syrup necessary, who have been perfectly astonished at the result, and the shortness of the time in which it effected a cure. The medicine can't be beat. DANIEL GUNN, July, 1857, Printer, 41 Congress St.

THE NEUROPATHIC DROPS WILL CURE CORNS AND CHILBLAINS.

CHELSEA, June 26th, 1857.

Messrs B. O. & G. C. Wilson. Gentlemen: For eight or nine years I have been troubled with a corn of the worst kind; I had it cut out as often as once in from 4 to 10 weeks, and still continued very lame. February 9th, 1857, I noticed that your Neuropathic Drops were used for corns. I applied the Drops, night and morning, rubbing them on with my fingers for 10 or 15 minutes each time, for each time, for two weeks, which so effectually cured it that it has given me no trouble since.

E. L. MERRIAM.

Saint John, N. B.

July 30, 1857. Messrs B. O. & G. C. Wilson.—I beg to state that from personal knowledge of some of your Botanic Medicines, I believe them to be of a superior character. During the existence of the Cholera in this City, in the summer of 1855, I was called, as a minister, to visit a woman said to be dying with that dreadful disease. She had been attended by physicians during the night, and was left by three, only a few minutes before I entered. On seeing her condition, from what I had before witnessed, I believe there were hopes. I immediately commenced administering doses of your Neuropathic Drops and Dysentery Syrup, and ordered them continued at short intervals. In two hours she was much better, and in about six hours, sat up. She fully recovered. Other cases nearly similar of which I had personal knowledge, occurred during the existence of the Cholera in this City, by the use of your Drops.

E. McLEOD.

The above Medicines although here serviceable in Cholera, are no less useful in Dysentery, and have worked a cure when all other means have failed.

Messrs B. O. & G. C. Wilson.

I have found when taken together an invaluable remedy for Diarrhea & Dysentery, and consider them Medicines that every family should keep themselves supplied with.
