ed her profession. As she neared the gate of death, she could say my Saviour is near; all is well, and sweetly fell asleep, to awake in the likeness of Him who saves to eternal glory. Her funeral was attended by a great gathering of people, and a sermon preached by Elder Troop from Luke 20 chap. 36 verse.

At Minnesotta, Mounticello, Right County, Mrs. Sarah Eliza Stiles, formerly of St. George, Charlotte County, N. B., the wife of Elisha Stiles, and daughter of Stewart Seely, of St. George. She departed this life on the 11th of May leaving a husband and four children to mourn their irreparable loss. The Lord sanctify this bereavement to the living.

May 13th, Joseph, eldest son of Richard Barton, Grand Lake, aged 11 years.

Of Putrid Sore throat, Daniel, son of the late Thomas Kierstead, Studholm.

May 30th, Alexander, son of Alexander Reece, Grand Lake, aged 26 years, leaving a wife and one child to mourn in solitude. The departed obeyed the Saviour in Baptism during the revival at Cumberland Bay last winter. Consumption made him its prey, but he died in the triumphs of faith.—*Com.*

At the residence of her father in Springfield, King's County, on Monday, June 27th, Amy L. ——, of Mr. Brittain, and daughter of Henry and —— Sharp. She was 21 years of age, and died in hope of eternal life, the last words she uttered were *I will soon be in Heaven.* She leaves a husband and one child, together with a large number of relations and friends to mourn their irreparable loss.

Literary Notice.

THE SCINTIFIC AMERICAN.—The publishers of this widely circulated and popular illustrated weekly journal of mechanics and science, announce that it will be enlarged on the first of July and otherwise greatly improved, containing sixteen pages instead of eight, the present size, which will make it the largest and cheapest scientific journal in the world; it is the only journal of its class that has ever succeeded in this country, and maintains a character for authority in all matters of mechanics, science and the arts, which is not exceeded by any other journal published in this country or in Europe. Although the publishers will incur an increased expense of $8,000 a year by this enlargement, they have determined not to raise the price of subscription, relying upon their friends to indemnify them in this increased expenditure, by a corresponding increase of subscribers. Terms $2 a year, or 10 copies for $15. Specimen copies of the paper with a pamphlet of information to inventors, furnished gratis, by mail, on application to the publishers,

A NEW AND MAGNIFICENT WORK

Comprising an account of the foundation, progress and decline of the most celebrated Empires, States and Nations from the earliest period to the present time,—of their wars, conquests and revolutions—of religious dissension and persecution—of the gradual extension of freedom and civilization—and the final settlement of political relations on their present basis—BY HENRY HOWARD BROWNELL, A. M., embellished with numerous and diversified colored illustrations with three maps of the old world.

This work will be printed from new and beautiful type, on good paper, and will compris over 1,100 pages, royal, octavo. Its statistic it information will be very full and explicit, and is to be issued in two handsomely bound volumes

The Agent, H. L. Street, is now canvassing this city, and will visit other prominent places.

DR. LEARY—

Dear Sir,—In bringing my name before the public, I do it cheerfully, so that suffering humanity may derive benefit from the Anglo saxon medicine, as I am happy to say I have. After trying the most skillful physicians in the United States and this Province, as also the most celebrated remedies, Jonas Whitcomb's Remedy for Athsma incinded. The great difference between your remedy and all other remedies I have tried previous are as follows. The former medicines palliate the disease; the Anglo saxon eradicates it. I wish all who may be suffering from Asthma would avail themselves of so great a blessing. I remain, sir, with high esteem, yours, very truly.

[Vis. Pr. Ath.-1y] EDWARD BRACKET.

Princess-street, Saint John, June 17th, 1859.

DR. LEARY—

Dear sir:—This is to certify that I have for some time been afflicted with a hacking cough, and a difficulty in expectorating of phlegm. I have tried all the remedies so highly recommended in Lung complaints, but to no effect in my case. I purchased one bottle of your Albion Liniment, and one bottle of cough mixture. The former I rubbed to my neck and chest, the latter I took thirty drops in a little sugar; three doses I am happy to say, removed all my trouble. I am now in good health. For the benefit of the afflicted, you are at liberty to publish this certificate. believe me, sir, I shall always feel grateful for the benefit derived from the Anglo-saxon Medicine. Yours respectfully,

[Vis, Pr. & Al-1y] THO. BUDGE.

Cramp and Pain Killer.

The world is astonished at the wonderful cures performed by the CRAMP AND PAIN KILLER, prepared by CURTIS & PERKINS. Its equal has never been known for removing pain in all cases; for the cure of Spinal Complaints, Cramp in the Limbs and stomach, Rhumatism in all its forms, Bilious cholic, chills, and Fever Burns, Sore Throat, and Gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine, are on circulars in the hands of Agents.

From the Press.

Mr. John Jackson, publisher of the Calais Advertizer, writes: I know it to be all it is recommended; having used it in my family for six or seven years.

Every mother and housekeeper must often act as a family physician in the numerous illnesses and accidents that occur among children and servants. For many of these cases, Davis's Pain Killer, is an indispensable article. In diarrhea it has been used and effected cures. For cuts and bruises it is invaluable.—N. Y. Examiner.

PERRY DAVIS'S PAIN KILLER.—This medicine has become an article of commerce—a thing no medicine ever became before. Pain Killer is as much an item in every bale of goods sent to country merchants, as Tea, coffee or Sugar. This fact speaks volumes in its favor.—Glens Falls Messenger.

PALMER'S
Celebrated Artificial Leg.

This world renowned limb has been in use in Europe and America for upwards of twelve years, and every succeeding year serves only to increase its popularity. The "Great Prize Medal" was awarded to Dr. Palmer in London over thirty-five competitors from all parts of Europe, and in this country wherever exhibited, it has invariably received the highest award. Upwards of 'Four Thousand' of the Palmer Artificial Legs are now in use, and are represented by all degrees and professions,—Farmers, Mechanics, Lawyers, Sailors, Ladies and Children, all use this "unequaled limb" with wonderful ease and naturalness. The Palmer Leg is adapted to every form of amputation, from the shortest to the longe t. The patient is enabled to walk immediately upon the application of the leg. The limb is an exact copy of its fellow, and the most critical fail to distinguish it from nature. The limbs are very durable, yet so light as to be worn with great comfort. Palmer & Co. have supplied upwards of fifty individuals with two legs each, all of whom walk with surprising naturalness. The recent-ly invented "artificial arm" is regarded as a compiete triumph in the art. The public are cautioned against the circulars and advertisements of charlatans and pretenders, who have recently entered the field, and are endeavoring to deceive by copying the invention and the indirect use of the Palmer reputation.

Persons requiring legs or arms, should apply to us, as the "Palmer Leg" is the only one recommended by surgeons and physicians. Pamphlets containing full information concerning the invention sent free to patients, surgeons and physicians, on application to PALMER & CO., No. 19 Green Street. Boston. apl 21

PARK'S PRICKLY PLASTERS.

They sooth pain; protect the chest; they extract the congulated impurities and soreness from the system, and impart strength, They are divided into sections, and yield to the motion of the body. Being porous, all impure excretions pass off, and they cannot become offensive, hence can be worn four times onger than any other plasters, and are cheaper at 25 cents than others at 10. WHERE THESE PLASTERS ARE, PAIN CANNOT EXIST. Weak persons, public speakers, delicate females, or any affected with side, chest or back pains, should try them. You will then know what they are. They are a new feature in the science of medicine. All Druggists have them. Take no other. Each Plaster bears a Medallion Stamp and our Signature. BARNES & PARK,

THE SCIENTIFIC AMERICAN TO BE ENLARGED! A new volume—new Series, to commence on July 2d, 1859. Instead of 416 pages, the yearly volume, enlarged series, will contain Eight Hundred and Thirty two pages of valuable reading matter, useful and instructive to all classes.

The Scientific American is published weekly in Quarto Form, suitable for binding, and the numbers for a single year contains information in regard to New Inventions, Machinery, all branches of Manufacturing Processes, Agricultural implements, Engineering, Millwrighting, Iron Manufacture, Chemistry; in fact, almost every industrial pursuit receives more or less attention in its columns.

All Patent Claims officially published every week as reported from the Patent Office; and for inventors and Patentees it contains information not to be obtained elsewhere and which no mechanic, inventor or patentee can well do without.

As a Family Journal it has no superior for real practical utility, since in its columns will be found useful practical Receipts.

Careful attention will be given, from time to time, to reports of the Metal, Lumber, and other Markets. Every number will contain sixteen pages and forty columns of matter, with several illustrations of patented machines and other engravings, comprising in a single year about Six Hundred Original Engravings. With the enlarged series is presented an opportunity to subscribe, not likely to occur again for many years. It will be like commencing a new work—Vol. 1, No. 1, New series. Send in your subscriptions without delay, so as to begin the new volume July 2d next. Terms $2 a year—One Dollar for six months.—Southern, Western and Canadian money or post office stamps taken at par for subscriptions. Canadian subscribers will please to remit twenty-six cents extra on each year's subscription, to prepay postage. A liberal discount to clubs. A prospectus giving full particulars of the inducements for clubs, with specimen copies of the paper, and a pamphlet of information concerning the procuring of patents may be had gratis, by addressing
