A sanguinary encounter had taken place at Palestro. Sardinian bulletin dated Turin May 31st says a fresh victory has been gained by our troops. 25,000 Austrians endeavoured to take Palestro. King in person commanding 4th Division, and General Cialdini commanding Zouaves resisted attack some time, and after having successfully assumed offensive, pursued the enemy, taking 1000 prisoners and 8 cannon-400 Austrians were drowned in the canal. Enemy Lancaster, Meating, Berbice, boards and palings, also repulsed at Confiensa. Austrians evacuated Varzo in the Province of Babbio. Tuesday Austrians attacked Sardinian vanguard at Sistro Calandi-Sardinians crossed Ticino in pursuit of without result; Zouaves lost 1 officer, 21 killed, and 200 wounded, including 10 officers. Napoleon subsequently visited battle-field and congratulated Sardinians. Austrians have evacuated

> Paris Moniteur has published despatches confirmatory of Sardinian Bulletin. At Palesto, Zouaves performed wonders—having crossed canal, ascended heights, and charged Austrians with bayonet; also took six cannon and drowned in canal over 400 Austrians. The Valtelline was in insurrection, and town of Sandria had proclaimed for Victor Emmanuel. French squadron in Adriatic had captured 35 Austrian vessels. Special despatch, Saturday, to London News says—Austrians in full retreat re-crossing Ticino. Insurrection in Lombardy is spreading.

PARK'S PRICKLY PLASTERS.

They sooth pain; protect the chest; they extract the congulated impurities and soreness from the system, and impart strength, They are divided into sections, and yield to the motion of the body: Being porous, all impure exercions pass off, and they cannot become offensive, hence can be worn four times onger than any other plasters, and are cheaper at 25 cents than others at 10. Where these Plasters are than others at 10. Where these Plasters are, Pain Cannot exist. Weak persons, public speakers, delicate females, or any affected with side, chest or back pains, should try them. You will then know what they are. They are a new feature in the science of medicine. All Druggists have them. Take no other. Each Plaster bears a Medallion Stamp and our Signature.

ADVICE GRA'TIS.

It should be the aim of a newspaper to become acquainted with the improvements and discoveries of the day also call the attention of its readers to all such as will be interesting and useful to them. In all such cases its conductors should feel as strictly bound in honor to speak in a candid and truthful manner, as if conversing with an intimate friend. We have hetetofore recommended Mrs. Winslew's Soothing Syrup for children teething, and we now take occasion to repeat that we believe it of more importance to mothers and their children than any other discovery made by the profession in the last hundred years. A very large per centage of children annually die during the process or teething, and a very much larger number of those who survive are greatly debilitated or diseased, so that they grow up weak, both physically and mentally, and incapacitated both for study and labor. Now, we appeal with perfect confidence to thousands of mothers who will read this article, to corroborate our statement, when we say that no such fatal consequences as those we have alluded to, ever occur from teething, when Mrs. Winslow's Soothing Syjup is used in time. ADVICE GRATIS.

this article, to corroborate our statement, when we say that no such fatal consequences as those we have alluded to, ever occur from teething, when Mrs. Winslow's Soothing Syup is used in time.

We are pleased to know that thousands of ladies have acted upon our suggestion, and have thanked us tor it. Still there are many thousands of mothers who read our paper, who, from prejudice against the flocd of worthless nostrums that deluge the country, or from neglect, have not availed themselves of the henefits of this most invaluable remedy. To such, we wish to say—this syrup is the result of thirty years' experience of one of the best female physicians the world ever produced; and is just the remedy needed by every mother who has a child teething. It softens the gums, reduces inflammation, allays all pain and spasmodic action, corrects acidity of the stomach, and regulates the bowels. Moreover, we assure every mother, it is perfectly safe—no possible harm can come of its use, according to the directions which accompany each bottle. We speak thus confidently, from the fact that very many of our most valued friends have made use of it for years, and we have witnessed the most happy results from its use, in hundreds of cases. If you never before had faith in a female physician, our word for it, you will have, after using the Soothing Syrup. Try it. Twenty-five cents will purchase a bottle. It is, therefore, within reach of the poor as well as the rich.—[New York Ladies] Visitor.

Cramp and Pain Killer The world is astonished at the wonderful cures perform ed by the CRAMFAND PAIN KILLER, prepared by CUR-TIS & PERKINS. Its equal has never been known for re-moving pain in all cases; for the cure of Spinal Complaints. cramp in the Limbs and stomach, Rhumatism in all its forms, Bilious cholic, chills, and Fever Burns, Sore Throat, and Gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures over performed by any medicine, are on circulars in the hands of Agents.

From the Press. Mr. John Jackson, publisher of the Calais Advertiser, vrites: I know it to be all it is recommended; having used tin my family for six or seven years.

Every mother and housekeeper must often act as a family physician in the numerous illnesses and accidents that oc-cur among children and servants. For many of these cases, Davis's Pain Killer, is an indispensable article. In diarrhea it has been used and effected cures. For cuts and bruises it is invaluable.—N. Y. Examiner. Penry Davis's Pais Killer.—This medicine has become

an article of commerce—s thing no medicine ever became before. Pain Killer is as much an item in every bale of goods sent to country merchants, as Tea, coffee or Sugar. This fact speaks volumes in its favor.—Glens Falls Messen-TA LIVE ALBERTS

Celebrated Artificial Leg.

This world renowned limb has been in use in Europe and America for upwards of twelve years, and every succeeding year serves only to increase its popularity. The "Great Prize Medal?" was awarded to Dr. Palmer in London over thirty-five competitors from all parts of Europe, and in this country wherever exhibited, it has invariably received the highest award. Upwards of 'Four Thousand' of the Palmer Artificial Legs are now in use, and are represented by all degrees and professions,—Farmers, Mechanics, Lawyers, Sailors, 'adies and Children, all use this "unequal led limb' with wonderful ease and naturalness. The Palmer Leg is adapted 'to every form of amputation,' from the shortest to the longe-t. The patient is enabled to walk immediately upon the application of the leg. The limb is an exact copy of its fellow, and the most cruical fail to distinguish it from nature. The limbs are very durable, yet so light as to be worn with great comfert. Palmer & Co. have supplied upwards of lifty individuals with two legs each, all of whom walk with surprising naturalness. The recently invented 'artificial arm' is regarded as a complete triumph in the art. The public are cautioned against the circulars and advertisements of charletans and pretenders, who have recently entered the field, and are endeavoring to decrive by copying the invention and the indirect use of the Palmer Leg's' is the only one recommended by surgeons and physicians. Pamphlets containing full information concerning the invention sent free to patients, surge ons and physicians, on application to PALMER & CO., No. 19 Green Street. Foston.
