Vienna correspondent of London Times says that representatives of Austria, France, and Sardinia are soon to meet at Zurich to conclude Treaty of peace. There will be no Congress as the two Emperors have agreed to settle their differences without intervention of neutral pow-

London Post Correspondent telegraphs as follows :- A Conference to settle affairs of of Italy has been arranged at St. Cloude.—The Early part of next month is spoken of as the time at which representatives of parties interested will assemble, but peace not yet mentioned. Learn from very high authority that both Emperors are convinced that the bases for peace which they so hastily agreed upon, are in many respects impracticable.

English Journals continued to ridicule terms of peace; and even the London Morning Post, Palmerston's organ, had suddenly commenced an attack on the proceedings at Villa Franca.

Paris Correspondent of Daily News, after careful inquiry, affirms that terms of peace have not only occassoned feelings of disapointment and indignation among all those who took sincere interest in war, but have seriously damaged and lowered Emperor in opinion of all classes of society. The Emperor arrived at St. Cloud on Sunday

THE COURSE OF THE WAR.

The sudden restoration of peace affords a convenient occasion for reviewing the chief events of the war up to its cessation. We present, therefore, the following brief abstract, in chronological order, of the course of the war of 1859:

The Emperor Louis Napoleon publicly expresses to the Austrian Envoy at his court regret that the two governments are not on better terms which creates extraordinary sensation and leads

to mutual armaments—January 1, 1859.

Events growing daily more threatening, it is announced that England sent Lord Cowley on a peace mission to Vienna, February 22.

The announcement is made that a Perce Congress will be held, the effect of which is to open long negotiations about the preliminary question of disarmament, March 19.

All nopes of peace are quenched by the news that Austria has insisted upon the disarmament of Sardinia alone, as a condition precedent to

Important to Shipmasters and Crews.

Some twenty years since, I was very seriously injured in one of my hips, by coming in contact with the anchor of the ship of which I was second mate. The bruise was so bad that my hip has given me great trouble most of the time since, until a year ago last April, when I heard of Davis' Pain Killer, and immediately procured a bottle, and by using it according to the directions, was entirely cured in about ten days, and have not experienced the least trouble from my complaint since.

Feeling the importance of having this valuable medicine constantly by me, before starting for Europe in March last, in the ship Louvre, from New York, I burchased two large bottles to take with me. While at Antweip one of my crew was attacked with a very severe dysentary; I gave him the Pain Killer, and it cured him in a hurry.

On my passage home, with one hundred and sixty four passengers, I administered this valuable remedy to all who were sick, and none took it without getting relief. One lady passenger in particular was troubled with a bad headache, for which she said there was no cure, having been troubled with it most of the time for years. I told her I had a sure remedy, and gave her the Pain Killer, which to her surprise, did effect the cure he had long sought in vain for. I had as good a medicine onest as ever was put on board a ship, but did not open it, there being no necessity for it—the Pain Killer answering all purposes. And I do most sincerely recommend to every ship master always to take a good supply of this valuable medicine with him on going to sea, as it is so valuable medicine with him on going to sea, as it is so valuable medicine with him on going to sea, as it is so valuable medicine with him on going to sea, as it is so valuable medicine with him on going to sea, as it is so valuable medicine with him on case of wounds or bruises, which are liable to, and frequently do happen to crews on shipboard.

CHRISTOPHER ALLIAN,

Cramp and Pain Killer The world is astonished at the wonderful cures performed by the CRAMP AND PAIN KILLER, prepared by CURTIS & PERKINS. Its equal has never been known for removing pain in all cases; for the cure of Spinal Complaints, Cramp in the Limbs and stomach, Rhumatism in all its forms, Bilious cholic, chills, and Fever Burns, Sore Throat, and Gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine, are on circulars in the hands of Agents.

WHERE THESE PLASTERS AME, PAIN CANNOT EXIST. Weak persons, public speakers, delicate females, or any affected with side, chest or back pains, should try them. You will then know what they are. PALMER'S. Celebrated Artificial Leg.

This world renowned limb has been in use in Europe and America for upwards of twelve years, and every succeeding year serves only to increase its popularity. The "Great Prize Medal" was awarded to Dr. Palmer in London over thirty-five competitors from all parts of Europe, and in this country wherever exhibited, it has invariably received the highest award. Upwards of 'Four Thousand' of the Palmer Artificial Legs are now in use, and are represented by all degrees and professions,—Farmers, Mechanics, Lawyers, Sailors, 'adies and Children, all use this 'unequal led limb' with wonderful ease and naturalness. The Palmer Leg is adapted 'to every form of amputation,' from the shortest to the longe-t. The patient is enabled to walk im mediately upon the application of the leg. The limb is an exact copy of its fellow, and the most cruical fail to distinguish it from nature. The limbs are very durable, yet so light as to be worn with great comfort. Palmer & Co. have supplied upwards of lifty individuals with two legs each, all of whom walk with surprising naturalness. The recently invented 'attificial arm' is regarded as a complete triumph in the art. The public are cautoned against the circulars and advertisements of charletans and pretenders, who have recently entered the field, and are endeavoring to deceive by copying the invention and the indirect use of the Palmer reputation.

Persons requiving legs or arms, should apply to us, as the "Palmer Leg" is the only one recommended by surgeons and physicians. Pamphlets containing full information concerning the invention sent free to patients, surgeons and physicians, on application to PALMER & CO., No. 19 Green Street. Boston.
