BE GENTLE TO THY HUSBAND.

ANSWER TO "BE GENTLE TO THY WIFE."

Be gentle, there are hours when he / By anxious care is tossed / And shadows deep lie on his brow / By business trials crossed.

Family Girl.

THE STORY OF A LITTLE LIFE.

One cold, still February day a little child was born. They called her Clara, because there was an angel in Heaven who had worn that name.

When the warm weather came the family went into the country, and here the little ones were as happy as birds the whole day long.

At last, after some weeks, they thought she was a little better. She turned over the leaves of a little picture-book one day while she lay in her mamma's arms.

Once she called "Papa! papa!" but the sweet voice was so changed and full of pain it was agony to hear it, and her mother gently brushed her forehead with her hand.

The mother, on her knees beside the dying baby, pressed her own cheek against the little tender one, that had rested for a joyful year and a half upon her bosom.

all around her; and an unseen angel watches over the place, and shall watch until the resurrection, when the dead shall be raised and shall never die.—Independent.

"TOO MIRTHFUL"

"Do stop that girl's laughing. It really makes me nervous to hear her. From morning till night her mouth is open, either laughing or singing; just as if there was no trouble or sin in the world."

So Hetty was made to suppress her glee, and to sing low. "This was the utmost that her rulers could accomplish, for the girl's heart was high within her, and overflow it would."

Oh! let the children and the maidens laugh and sing. Do not—oh! do not—by always checking and rebuking them for being gay.

An anecdote is related of a young preacher of a city church, who had for his text a verse from the parable of the ten virgins, and in the course of his sermon explained:

Every hour that a man is in debt is a year spent in slavery. According to this, what an everlasting long life some people must live.

—Dr. Adam Clark had a perfect abhorrence of both pork and tobacco. He is reported to have said: "If I were to offer a sacrifice to the devil I would be a roasted pig stuffed with tobacco."

—We cannot all of us be beautiful, but the pleasantness of a good-humored look is denied to none. We can all of us increase and strengthen the family affections and the delights of home.

Died at Springfield K. C. on Monday Dec. 13th Andrew Gilbert, eldest son of Reuben and Jane Spragg aged 17 years.

His earnest appeals to sinners during his short pilgrimage will not soon be forgotten (Particularly by his young associates.)

With tears rolling down his cheeks his affectionate language was—"Come to Jesus come to Jesus."

From which none ever woke to weep." The occasion was improved by the writer from numbers chap 23 ver. 10.

"Let me die the death of the righteous and let my last end be like his." May the Lord sanctify the bereavement to the living.

GENERAL DEBILITY AND EMACIATION CURED, AFTER ALL OTHER REMEDIES FAILED.

BY THE USE OF THE COMPOUND SARSAPARILLA. Messrs B. O. & G. C. Wilson.

The following interesting case came under my own observation. A lady, between sixty and seventy years of age, afflicted with general debility, uneasiness, and pain in the stomach, loss of appetite and great emaciation, applied to me for aid. Her attending physician prohibited operation, because she was to weak to endure the operation. She had little hope of recovery, and her neighbors said "Her work was done." I ordered a teaspoonful of your Compound Sarsaparilla three times a day. On the third day she was entirely relieved, and has continued so six months, during which time her appetite became good, her strength increased, and her bowels became regular. She is now managing her domestic affairs, and nursing a sick husband. I have prescribed it in many other cases, and it has never disappointed me.

I recommended the Neuropathic Drops in a case of nervous prostration, with nausea, flatulence, and internal pains. The patient derived more benefit from it than from all other remedies, recommends it to her neighbors, and is never without it. I have given it in Toothache and other diseases with marked success.

ISAAC SMITH, M. D. Foxborough, Mass., May 27, 1857.

FROM REV. S. S. LEIGHTON. I have used B. O. & G. C. Wilson's Wild Cherry Balsam in Coughs, Colds, and other Pulmonary Complaints; and three cases have come under my own observation, in which all similar remedies failed, which were completely restored by taking less than one bottle.

It is, in my opinion, an invaluable remedy, happily adapted to remove the diseases for which it is designed. S. S. LEIGHTON, West Townsend, Mass.

CASES OF CHOLERA CURED.

Geo. B. Estabrooks came to my house late at night. He was taken ill in the night, with violent cramps, and walked the floor all night, in great distress. When I arose in the morning he was much alarmed about his recovery. I told him I could cure him. I gave him a teaspoonful of Neuropathic Drops, and in ten minutes he was entirely free from pain, and ate a hearty breakfast and went on his journey.

ANOTHER CASE. Mr. William Wilson was going to a fair at Springfield, and came to my house about midnight, very sick indeed, with violent pains, thro' the head the Cholera, and was going to die. He wished to leave his money with me for his family. I gave him a teaspoonful of your Drops, which relieved him. In twenty minutes I gave him another, and about an hour after a third, which entirely cured him, and he went to the fair in the morning. JOHN HAYES, Norton, King's County, N. B.

DYSENTERY.

I have resorted to B. O. & G. C. Wilson's Dysentery Syrup, in all kinds of bowel complaints, and it is always sure. One dose is generally a perfect antidote. For Dysentery, one to three may be necessary. In very severe cases, I generally add fifteen to thirty Neuropathic Drops to each dose, which never fails, and my experience is, like that of hundreds of individuals who come to this city on business, and have visited the store of B. O. & G. C. Wilson, under circumstances which rendered a trial of the Syrup necessary, who have been perfectly cured, and the result, and the shortness of the time in which it effected a cure. The medicine can't be beat. DANIEL GUNN, July, 1857. Printer, 41 Congress St.

THE NEUROPATHIC DROPS WILL CURE CORNS AND CHILBLAINS.

CHELSEA, June 26th, 1857. Messrs B. O. & G. C. Wilson. "Gentlemen: For eight or nine years I have been troubled with a corn of the worst kind; it had got out as often as once in from 10 to 12 weeks, and still continued very lame. February 9th, 1857, I noticed that your Neuropathic Drops were used for corns. I applied the Drops night and morning, rubbing them on with my fingers for 10 or 15 minutes each time, for each time or two weeks, which so effectually cured it that it has given me no trouble since. Croup, Whooping Cough, Influenza.

Springfield, Miss., Feb. 7th, 1856. BROTHER AYER—I will cheerfully certify you that Pectoral is the best remedy we possess for the cure of Whooping Cough, croup, and the chest diseases of children. We of your fraternal in the South appreciate your skill, and commend your medicine to our people. HIRSH CONKLIN, M. D. ALEX. LEE, Esq., Monterey, La., writes, 3rd Jan. 1856.—"I had a tedious Influenza, which confined me in doors six weeks; took many medicines with-

CHERRY PECTORAL,

FOR THE RAPID CURE OF Colds, Coughs, and Hoarseness. Brimfield, Mass., 20th Dec., 1858.

Dr. J. C. AYER—I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a cold, is Cherry Pectoral. Its constant use in my practice and in my family for the last ten years has shown it to possess eminent virtues for the treatment of these complaints. EARL KESTON, M. D. A. B. MORTLEY, Esq., of Utica, N. Y., writes, "I have used your Pectoral myself and in my family since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold should sooner pay twenty-five dollars for a bottle than to do without it, or take any other remedy."

Asthma or Phthisis and Bronchitis.

West Manchester, Pa., Feb. 10th, 1856. SIR.—Your Cherry Pectoral is performing marvellous cures in this section. It has relieved several alarming symptoms of consumption, and it is now curing a man who labored under an affection of the lungs for the last forty years.

HENRY I. PARKS, Merchant. A. A. RAMSEY, M. D., Albion, Monroe Co., Iowa, writes, Sept. 6, 1845: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are curable."

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the Cherry Pectoral affords relief and comfort. Astor House, New York City, March 5th, 1856.

DOCTOR AYER, LOWELL.—I feel it a duty and a pleasure to inform you that your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid would procure her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness as we do your skill, for she recovered from that day, she is not yet as strong as she used to be, but is free from her cough, and calls herself well. Yours, with gratitude and regard, ORLANDO SHELLEY, of Shelbyville.

Consumptives do not despair till you have tried Ayer's Cherry Pectoral. It is made by one of the first medical chemists in the world, and its cures all our own we speak the high merits of its virtues.—Philadelphia Ledger.

Sold by J. F. Secord, Thos. Walker & son, R. D. McArthur, S. L. Tilly, G. F. Everett, G. S. Reed, G. C. Irish & Co., Thomas M. Reed, J. G. Simpson, and all dealers in medicine.

During our visit to Lowell we were shown through the Laboratory of our celebrated countryman, Dr. J. C. Ayer. scarcely could we have believed what is seen there without proof; and disputing.

They consume a barrel of solid Pills, about 50,000 doses, and 20 barrels of Cherry Pectoral, 120,000 doses per diem. To what an incalculable amount of human suffering does this point! 170,000 doses a day! Fifty millions of doses per year! What acres and thousands of acres of sick beds does this represent before the imagination! And what sympathies and woes! True, not all of this is taken by the very sick, but alas, much of it is. This Cherry Pectoral and this Sugar Pill are to be the companion of pain and anguish and sinking sorrow—the inheritance our mother Eve bequeathed to the whole family of man. Here the infant darling has been touched too early by the bright that withers half our race. Its little lungs are affected and only watching and waiting shall tell which way its breath shall turn. This red drop on its table is the talisman on which its life shall hang. There the blossom of the world just just bursting into womanhood is stricken aound. Affection's most assiduous care skills not, she is still fading away. The wan messenger comes nearer and nearer every week. This little medicine shall go there, her last, perhaps their only hope. The strong man has planted in his vitals this same disease. This red drop by his side is helping him wrestle with the insupportable enemy; the wife of his bosom, and the cherubs of his heart are waiting in sick sorrow and fear lest the rod on which they lean in this world, be broken.

O Doctor! Spare no skill, nor cost, nor toil to give the perishing sick the best that human art can give.—Galveston Texas News.
