At Moncton, Jan. 15th 1858, Mrs. John

Brown, in the 86th year of her age. This aged person had never professed faith in Christ publicly. The fruits of the Spirit exhibited in her conduct gave hopeful evidence of a change of heart.

Her sufferings were of short duration. She had

possessed a strong constitution, enjoyed good health, was the mother of a large family and lived to see a number of them units with the

Church of God. But her four score and six years soon passed by, and death came to deliver the summons and say thus early in the season, "This year thou shalt die." It was our privil-

ege to converse with her some months ago when in health, and we found her leaning on Christ for support. A few hours before she died she was also enabled to speak with us in view of Christ

eternity with cahnness and composure. Christ was all her plea. At her funeral a number of

persons listened to the truth we endeavoured to present, and on the 19th ult., she was committed to the silent tomb. Her husbard still survives her. May her God be his support in life and death. Her children mourn not as those with-

out hope. May the affliction be sanctified.

She has left a husband and two children, with a large circle of friends to mourn their loss; but we have great eason to bless God that we do not mourn as those without hope. She made a profession, and on her nineteenth birth day was baptized by Rev. Mr. Keith, and joined the Church, since, we believe, she lived a consistent member to the day

TONIC EXTRACT. A Medicine which possesses extraordinary virtues and has made many cures.

This proprietor has been for years experimenting, and endeavouring to discover a medicine, which could be relied upon in the above complaints, and is happy to inform the affected that he has at last succeeded beyond the expectations. his expectations; having never known an instance where the timely administration of the Tonic Extract failed to de

good:

It is necessary, however, to use this medicine according to the printed directions which accompany each bottle.—
This may, in some cases, involve self-denial on the part of the patient, but is the only course which will bring about

the patient, but is the only course which will bring about restoration to health.

This hedicine is not introduced for the sele purpose of making money, it is a useful article and ought to be generally known. The Proprietor purposes to supply the affleted pear without charge, upon the recommendation of a respectable party, or condition that the patients, will from time to time, make a statement of the effects of the medicine.

The Tenic Extract will make the flesh firm, give a good appetite, and bring about a regular state of the system; when this happens, of course the spirits will be enlivered and there will be a prospect of health and long life.

The Proprietor takes the liberty of using the name of the Rev-L. Blakeney, Baptist Missionary, for a reference is support of the good qualities of this Medicine.

THE public are doubtless aware that I have made an improvement in Stove Varnish, and named it BRUNSWICK BLACK VARNISH—

this name has been appropriated to a different article ly another party, consequently I have determined to change the name of my preparation, which will henceforth be called—
CHALONER'S STOVE VARNISH.

CHALONER'S STOVE VARNISH.

I truly affirm that my Varnish is superior to any other that I know of at present, having subjected them all to fair competition. This Varnish is put up in hottles containing a half pint, at 1s.; and is applied with a Brush like Paint.

This Varnish is jet black, which will not burn off, though the Polish may be at a red heat. It is cheap, comparatively free from smoke or smell, and all ready to put on, gives a magnificent apand all ready to put on, gives a magnificent appearance to Church or Hall Stove Pipes, Frank-

ins, etc. etc. Invented, prepared and Sold by J. CHALONER Sold also by J. F. SECORD, oct 13 King's Square.
