NEWS OF THE WEEK.

FIRE.—Three houses were burned at York Point, this morning.

The Steamer Eastern City arrived from Boston yesterday afternoon, after an excellent and pleasant voyage. She brought upwards of 100 passengers, and a larger freight than any one trip last summer, the freight list alone being worth \$800 (so we are informed.) We also learn that the bulk of upwards of 1000 barrels had to remain over in Boston, the Boat being unable to bring it. This is beginning the season to advantage, and helps to show what business there would be for a railroad connection. - News.

The "Act to establish the University of New Brunswick," appears in last week's Gazette, with the Royal confirmation. It has consequently become the law of the province; and has been immediately carried into effect in the College by the adoption of its new designation, and such changes in the Chapel service, and other parts of the economy, as were imperitively required, in due time the Government may be expected to nominate the new Corporation, which will, it must be hoped, succeed in concilating all classes and denominations, and attracting to the University a larger number of students than King's College could ever obtain. The students in daily attendance during the present term are twenty four and twenty five are returned to the Legislature as having studied in the College within the last year .- Head Quar.

After the swearing in of these members, Hon.

Some complaints were made respecting the Franking Privilege being used by some members during the recess but denied to others.

Various official Correspondence was laid on the table by different members of the Government. Hon. Mr. Young thought that portions of the correspondence between the late government and His Excellency should be struck out, as being offensive to certain members of the House. Hon, Mr. Johnston was not aware of any offensive paragrap is, and thought if the Hon. member would make a motion on the subject, the House might understand what he wished.

OBITUARY.

The death of an only son is a mournful event, but when that son is the only child of his mother, and she is a widow, it becomes still more sad .-These remarks are suggested by the death of Mr. WILLIAM H BLIZZARD, who died at Fredericton on the 26th January last. A great change manifestly took place in his feelings during the last two weeks of his life; instead of warding off couversation upon his spiritual state, he sought it and appeared deeply anxious, and there was something very affecting in the simple manner in which he said to the writer, the Sabbath before he died, "I look to Christ to save me, I do not know what else to do." His widowed mother was much sustained and comforted by the compassion of the Saviour in giving spiritual life to her son before he was removed by death; the clear evidence which he gave of his reliance on the atonement of our Lord Jesus Christ reconciled her to a separation which would be but for a time. His remains were taken to the Chapel, and an address was delivered by the writer to a great concourse of people who assembled to testify their sympathy. He died of rapid consumption in the 26th year of his age. Also, on Thursday, March 8th, sister SARAH

GOFF died at the residence of her son in Fredericton, in the 72d year of her age. She had been the Baptist Church in Fredericton, having been baptized by the Rev. I. E. Bill in July 1842.
