This world renowned link has been in use in Europe and America for upwards of twelve years, and every succeeding year serves only to increase its popularity. The "Great Prize Medal" was awarded to Dr. Palmer in London over thirty-five competitors from all parts of Europe, and in this country wherever exhibited, it has invariably received the highest award. Upwards of 'Four Thousand' of the Palmer Artificial Legs are now in use, and are represented by all degrees and professions,—Farmers, Mechanics, Lawyers, Sailors, adies and Children, all use this "unequalled limb?" with wonderful ease and gaturalness. The Palmer Leg is adapted 'to every form of amputation,' from the shortest to the longer. The patient is enabled to walk immediate, yupon the application of the leg. The limb is an exact copy of its fellow, and the most critical fail to distinguish it from nature. "The limbs are very durable, yet so light as to be worn with great confert. Palmer & Co. have supplied upwards of lifty individuals with two legs each, all of whom walk with surprising naturalness. The recently invented artificial arm' is regarded as a complete triumph in the art. The public are cautioned against the circulars and advertisements of charletans and pretenders, who have recently entered the field, and are endeavoring to decrive by copying the invention and the indirect use of the Palmer reputation.

Persons requiring legs or arms, should apply to us, as the Persons requiring legs or arms, should apply to us, as the "Painer Legs" is the only one recommended by surgeons and physicians.
