The Atbion says :-The W. Patriarch of the Sons of Temperance W. Wedderburn Esq. has recently been delivering temperance lectures through the country, of which the local papers and correspondents to our city papers speak in the highest terms. Mr. W. is a young gentleman of rare taleut as a speaker. and manifests a deep interest in the prosperity of the temperance cause. A correspondent writing from Miramichi to the Colonial Presbyterian of his visit to that place says :-

"I am well aware the Presbyterian is not the Organ of the "Sons," but as I know that you are a sterling friend of the Temperance cause, I venture to ask a small space in your admirable paper that I may chronicle an event of some importance at least in e moral point of view -- I allude to the laste visit to this place of W. Weddnrburn, Esq., G. W. P. of the Sons of Temperance in New Brunswick. To mak choice annually of a person qualified to act well the part of Grand Worthy Patriarch is unquestionably one of the most responsible and difficult d ties which devolve on Grand Divisions. So many moral, intellectual, and even physical qualifications require to be combined in the person capable of holding this office, that to find such an one, among all who are eligible, is very difficult indeed, but never, Sir, has the Grand Divison of New Brunswick in my opinion, made a happier choice than it did in the person of Mr. Wedderburn. This is not only my humble opinion but it is the opinion of the leading men of the order, at least in this part of the Province; and I do most sincerely hope, if is can be done constitutionally (and I believe it can) that, at the coming annual Session, Mr. Wedderburn may be re-elected G. W. P. of the Order in New Brunswick.

The visit of the G. W. P. to this place (although necessarily but a hasty and unexpected one) cannot fail under God, to be productive of the most gratifying results; his friendly disposicion, fraternal affection, and gentlemanly deport nent, have won him the good-will of this community; and his public Addresses have secured from him the just admiration, respect, and best wishes of all who heard them.

In this "Black North," as some of you, Sautherners think it, we cannot, perhaps, boast that our intellectual hemisphere is lit up' with such a splendid galaxy of I terary stars as adorn your more Southern sky; we have but few, if any, Tilleys, Narraways, or Wedderburns, among our sarmy of Sons. Yet we have clusters of "lesser lights," and bright " Aurora Borealis." In other words, we have many correct thinkers, and able speakers even in Northumberland. I may be pardoned, than, for stating it as the prewailing opinion here that the Addresses delivered by Mr. W. to crowded audiences in the Hall of Northamberiand and Caledonia Divisions, on the evenings of Wednesday and Thursday last, have never been surpassed here. A specunen of powerful reasoning and heart reaching elequence good sense, chaste diction, and carnest appeal, characterized these Addresses, not only at intervals, but uninterropedly, for two hours at each place. The Sons her are quire elated, and feel them-

selves deeply indebted to Mr. Wedderburn for this wisit. May he be long squred to be an ornament to his profession and a blessing to mankind.
