MEMORANDUM FOR THE ATTORNEY GENERAL. His Excellency the Lieut. Governor has this moment received a memorandum, signed by all the Members of the Executive Council, with the exception of the Attorney General, in which they submit to His Excellency their unwilling ness, for reasons stated in the Memorandum, to act with the Attorney General, at the Council Board, and request His Excellency, inasmuch as the Attorney General has intimated to them, that he does not intend to tender his resignation to relieve them from the Offices which they hold and their position at the Executive Council

His Excellency thinks it right, in the first instance, to transmit a Copy of this Memorandum to the Attorney General. His Excellency desires that any observations which the Attorney General may wish to submit

to him, may be in writing.
J. H. T. Manners Sutton. 3.30 P. M., March 13th, 1861.

To His Excellency the Honorable J. H. T. MANNERS SUTTON, Lieutenant Governor, &c., &c., &c.

MAY IT PLEASE YOUR EXCELLENCY,-The House of Assembly, on the 26th ult., ap-

pointed a Select Committee to investigate matters connected with the Crown Land Department. During the enquiry of the Committee, facts have been elicited which clearly shew that the Attorney General, since he has held Office. has applied for, and obtained Crown Lands, in violation of well known regulations, and conditions of the We feel ourselves unable to justify, or defend

such a proceeding, and have so informed the Attorney General, and have communicated to him our unwillingness to continue to act with him at the Council Board.

As the Attorney General has intimated to us. that he does not intend to tender his resignation, we feel it due to ourselves, as well as to Your Excellency, to request to be relieved from the offices which we hold, and our position at the Executive Council Board.

We are of opinion, that if the Attorney General had thought fit to tender his resignation to Your Excellency, the business of the Session could have been carried through by the remain-ing members of the Government, had Your Excellency been pleased to commit it to our charge. March 13th, 1861.

CHARLES WATTERS, JAMES BROWN, DAVID WARK, S. L. TILLEY. W. H. STEVES, JAMES STEADMAN, P. MITCHELL.

To His Excellency the Honorable J. H. T. MANNERS SUTTON, Lieutenant Governor of New Brunswick,

MAY IT PLEASE YOUR EXCELLENCY :-

I have read the memorandum addressed to your Excellency by the other members of the Executive Council, and observe that the whole subject of the Crown Land Department is now under the consideration of the Committee appointed by the House of Assembly; and I am prepared to abide the result of their enquiry and report, and of such action as the House of Assembly may take therein.

In discussing the subject with my colleagues they urged upon me to resign, intimating that if I did not, they would. I declined on the ground, that I was not prepared to admit that I had violated any regulation made by the Governor in Council, for the sale of Crown Land, or that I had done any wrong, legal or moral. I do not believe that the Committe will make me, individually, responsible for any irregularity which might have occurred in the Crown Land Department, if any have occurred there, than may be deemed fairly incident to the character and functions of such a Department.

Under these circumstances, and in this state of the question, before the proceedings of the Com-mittee are reported to the House, or the evidence mittee are reported to the House, or the evidence closed, I am of opinion that my colleagues had no right to call upon me to resign, and thereby voluntarily to assume the whole responsibility of the matter in complaint, and to subject meto the whole odium occasioned by any irregularity in the Crown Land Department. In justice to myself, to my constituents, and to my country. I could not resign. It appears to me that as the head of the Government under your Excellence. nend of the Government under your Excellency. if they were not disposed to await the action of the House of Assembly, it was their duty to retire, and give me an opportunity of ascertaining. whether I could not so reconstruct the Executive Council, as to be able to conduct the public business; and I now respectfully request your Ex-cellency to authorize me to do so.

CHARLES FISHER. FREDERICTON, March 14th, 1861.

[No. 3.]

MEMORANDUM FOR THE ATTORNEY GENERAL. HIS EXCELLENCY, THE LIEUTENANT GOVERNOR, has fully considered the Memorandum submitted to him by the Attorney General this afternoon.

It is not necessary for the Lieutenant Governor to discuss, on this occasion, the merits of the matter in dispute between the Attorney General on the one side, and his colleagues at the Council Board on the other.

is allerhoon, that all the members of the ment but one, have stated to the Lieutenant or, that they are unable to continue to act council Board with the Attorney General, or member of the Executive Council, and yhave, on this ground, tendered, their re-

ations.

The Attorney General, however, whose conduct has impured by all his colleagues, is the gentan who was, on the retirement of His Excellency to ertake, subject of course to His Excellency to entake, subject of course to His Excellency Course to His Excellency and whom the Lieutenant Governor regarded the Head or Leader of the Government, so had been to be a subject to the Government of the Government requested His Excellency to re-construct the course Council.

The Excellency must observe, that when, both (as he had previously done in 1854,) he re-

as the organ of the Political Party which possessed as the organ of the Political Party which possessed a majority in the House of Assembly; and although the Government formed by Mr. Fisher in 1857, is practically no longer in existence, (for the Lieuten-ant Governor holds in his hands the resignation of eight out of nine members of it) yet if the Attorn-ey General now held the same position which he held in 1857, there might have been some reason to deeply engaged in reading the Book of JONAH!

held in 1857, there might have been some reason to expect a renewal in 1861, of the commission entrusted to him in 1857. But that this is not so, is clearly apparent from the Memorandum of his colleagues; and while the Lieutenant Governor has on the one hand, only the Attorney General's request that he may be authorized so to re-construct the Executive Council, as to be able to conduct the public business; he has on the other hand, the representation of the eight other members of the Executive Council, that although they are unable to retain office with the Attorney General, yet if the Attorney General had thought fit to tender his resignation, the business of the Session could have been carried through by themselves.

did so, because he regarded Mr. Fisher, at the time,

His Excellency, then, upon a consideration of both these representations, must decline to authorize the Attorney General to submit to him the arrangements for the formation of a new Government. And he thinks it right, at once, to inform him, that he will, without delay, entrust to Mr. TILLEY, (the Provincial Secretary,) the commission of preparing and submitting to him, such official arrangements as may appear best calculated to promote the satisfactory conduct of the public business. MEMORANDUM OF EXECUTIVE COUNCIL IN COM-MITTEE.

To His Excellency the Honorable J. H. T. MAN-NERS-SUTJON, Lieutenant-Governor, &c., &c., &c. Your Excellency having declined to accept our resignation as members of the Executive Council, and we being informed that the Attorney General declines to resign his seat at the Council Board, and the office of Attorney General, we see no course left, but to advise your Excellency to dispense with the services of Mr. Fisher, as a member of the Executive Council. This being done, the principle of Responsible Departmental Government renders necessary the vacation of his office of Attorney General. Should be still persist in refusing to resign, we see no alternative but his suspension from office. We sincerely trust, however, that he will not compel your Excellency to

adopt this course.

To His Excellency the Honorable J. H. T. MANNERS Sutton. Lieutenant Governor of New Brunswick \$c., \$c., \$c.

MAY IT PLEASE YOUR EXCELLENCY :-I have read the memorandum of the other memers of the Executive Council, in which they advise Your Excellency to dispense with my services as a member of the Executive Council. If Your Excellency should be inclined to comply with their request, I trust that you will furnish me with the grounds of your proceedings in the matter.

I know of no principle of Government which ne

cessarily vacates the omce of Attorney General, on my being removed or suspended, from the off ce of Executive Councillor; and should Your Excellency contemplate my suspensi n from that office, I respectfully request Your Excellency to furnish me with a statement in writing of the grounds of your intended proceeding, that I may have full opportunity of making answer thereto in writing, before Your Excellency finally determines. Colleagues are aware, that my resignation

would, in my opinion, compromise my character, and my independence. These considerations alone, influence me in the course I have adopted; and without looking into the future at all they are paramount. I regret that they have taken a course which has caused the disculty. I am simply acting in my own defence, and for that purpose will employ every means the constitution affords.

According to the principles of Government now in operation, if I had resigned my seat in the Exe-

cutive Council, I should also have resigned the other of Attorney General; but if I am to be removed, I shall avail myself, in self defence, of every constitutional privilege which may attach to either

It appears to me unreasonable, that when my colleagues agreed to refer the whole question of the Crown Land Department to the Investigation of a Committee, they will not await the action of the Committee, but anticipating their report before they have any legitimate knowledge of the evidence, and propose to condemn me in advance. Now, I do not believe that the Committee will select me as a special object of their anim dversion, and, entertaining that opinion, I am not disposed to stultify

If after the Committee report, and the evidence is before the House, the action of the Assembly is unfavourable to me, I will not embarrass my colleagues an hour, but will take such a couse as will eave them free to act in the way they conceive to be most beneficial to the public interests. The improvements in Gang Saws consists in a

new method of feeding the log, by which the spurr rolls are superceded, and the consequent waste and damage done to lumber, amounting to from one to two and a half per cent. is saved. The log is also more firmly and securely held and fed forward with more certainty and uniformity, thereby improving the manufacture, increasing

the quantity sawn, and reducing the risk of break are of Machinery.

The improvements in Edging Tables consists in saving the entire travel of the men averaging about one nile to every thousand feet of lumber sawn. In addition to relieving the men from excessive labour, the more rapid movement of the table enables them to edge a much larger quantity of lumber and with much greater economy, literally doing away with the "haste that makes waste." These improvements may be attached to Mills with but little alteration and moderate expense.
