The Disaster on the River.

On Thursday evening of the 6th inst., the "Anna Augusta" left Fredericton, for St. John, with some 400 excursionists on board. Not far from the Oromocto she was struck by the wood boat " Gipsey.' commanded by Capt. Belyea, and her bows smashed in pieces. Of course, there was great consternation among the passengers ; but Capt. Weston remained perfectly calm, saw the danger and directed the sinking boat immediately to the shore. By this timely precaution all on board were saved, and no one seriously injured. A wise, cool captain is always invaldanger. Most of the passengers remained on board make them as comfortable as possible. At early morn the "Forrest Queen" was in attendance to bring these threats into execution, all the past horrors of them safely to St. John.

A gentleman from Westmorland County, while at the Fredericton Exhibition, was robbed of his Gold Watch and Chain, and all his money amounting to some hundreds of dollars! This is pretty bad, but it is not quite equal to the \$20,000 lift. - Telegraph.

THE ANNAPOLIS RAILWAY is declared by the Government press of Nova Scotia to be a fixed fact ; but the opposition pronounces the whole thing a "political kite." Our hope is that instead of the "kite" the proud "iron horse" will soon go snorting in majesty through that magnificent valley. It is quite immaterial which party shall hold the reins ; but let the metal steed rush on fulfilling his grand mission of civilization and human progress.

OUR HARBOR FISHING .- The disciples of the veritable "Walton" are just now having some excellent sport at this pleasant and profitable amusement, in our harbor. Cod, haddock, mackerel, and even Halibut, abound in large quantities, as testified by the arge catches that have been made during the past few days. We saw a Halibut at Hughes', in Upper Water Street, on Saturday, which weighed over 50lbs It was "killed" by one in a party of two, who would have been unable to land it were it not for the assist ance of his companion. The latter, notwithstanding the fact that some eighty-siz summers have passed over his head, proved his skill in the art in a surprising manner, and the "monster" was landed, much to their gratification. We would have expressed much satisfaction had the "whopper" been transferred to Acadia Recorder.

MELANCHOLY ACCIDENT. - We regret to learn that a son of the Hon. John Aldous, Crown Land Commissioner of this Island, while driving a cart along the highway a few days since, fell from the same, and was so seriously injured that he survived the accident but a few days. He was about twelve years of age. We sincerely sympathize with the, bereaved parents in their sudden artliction. -P. E. Islander.

LOST OVERBOARD. -On Monday morning, the 26th September, Capt. Dominique Chassion, of the schr. Change, was knocked overboard by the tiller, in consequence of the tiller-rope giving way, and lost, be-tween Governor's Island and Point Prim, shortly after leaving this port for Souris.-P. E. I. paper.

UNITED STATES.

Threatened Trouble in the North.

The political aspects of the United States are increasingly threatening as the Presidential campaign approaches. The intelligent, sober journals of the North are really sounding the note of alarm. The Democratic party, now plotting the overthrow of the uable, but especially so in the time of threatening Lincoln administration by political agitation and action, more than intimate that in case of failure in all night, and the Captain did all in his power to this direction, they will follow the example of the South, and arm for the conflict. Should they carry this civil war will be thrown into the shade by the still more terrific scenes of the murderous bloody

strife of the future.

CHICAGO, Oat. 1.-There has been a great panic here to-day. On Thursday C. C. Park's bank failed; yesterday J. C. Conrad's bank followed, and to-day the Western Marine and Fire Insurance Company. Several other leading banks were compelled to refuse payment of large checks until Monday. Others paid in New York exchange.

A mob this afternoon attacked the banking house of the Western Marine and Fire Insurance Company. Windows were broken and one of the officers assaulted. The cause of the demonstration was that the bank vesterday received a deposit of seven to eight thousand dollars, and failed to open its doors this afternoon. The mob left on receiving assurance that

the money would be returned on Monday. The banking house of the Western Marine and Fire Insurance Company has failed.

THE SEAT OF WAR.

THE RICHMOND CAMPAIGN.

There has been a great deal of hard fighting recently by the contending forces in the vicinity of Richmond. Many faithful soldiers on both sides have had to bite the dust, but no decisive battle has been fought. Butler telegraphs October the 7th, saying :--

1.1111 V 1411 Lieut. Gen. U. S. Grant-At 6.30 a.m., the enemy having moved Field's and Hook's Division from the left at Chapin's Farm road our right at Darbytown shades of our own "vine and fig tree." Our friends road, they attacked with spirit Kautz's cavalry in across the Bay will please make a note of this.-their intrenchments, and drove him back with small loss of men, and with the loss of his artillery.

The enemy suffered very considerable loss in this attack.

The enemy then swept down the entrenchments toward Birney, who having thrown back his right. waited their assault and repulsed it with very heavy loss on the part of the enemy. The enemy, in the meantime, advanced toward

New Market, but were met by a force at the signal Tower.

At 3 p.m., I took the offensive, sending Birney with two divisions up the Darbytown road. The enemy retreated as he advanced, and Birney has reached and occupies the entrenchment which the enemy took from Kautz, and were fortifying for themselves. Our loss has been small, not one-eighth that of the enemy. We have about one hundred prisoners. B. F. BUTLER. Major General.

relatives and friends. At St. Martins, on the 80th Sept., Mr. Joseph Giffin, aged 32 years. He was the subject of many serious reflections of religion during his last illness. He never made any profession of religion before his sickness, which he deepl gretted during his lingering hours on his dying bed, yet in those solitary moments when the soul was reviewing the past and looking at the future with an intenseness and anxiety never understood only by those who are placed in similar circumstances, God was deepening the great worl of grace in the soul. Many serious, keen struggles passed brough his troubled breast during those hours that God was searching him, in order to show him the bitterness of sin, and the helplessness of the creature. After his sou had passed through these preparatary trials, the light of Jesus shone in upon the troubled conscience, and calmed the surges of the tempest, speaking peace to his soul. The change was great and wonderful. All who heard him speak of the love of God were melted into tears. It was truly edifying to hear him praise God for his great mercy to him. The funeral was largely attended, notwithstanding the inclemency of the weather. The sermon was preached by the pastor, J. Rowe, from Psalms cxvi. 15.

NEWS FROM SOUTHERN SOURCES.

NEW YORK, Oct. 8 .- The Augusta (Ga.) Constitutionalist says Hood's army is now entrenched on the Macon and West Point Railroad, 25 miles from his former position, near Jonesboro'.

Governor Brown of Ga., made a statement concerning the peace proposals, saying General Sherman invited him to a conference concerning the withdrawal of Georgia, which was rejected, the Governor saying the faith of Georgia is plighted to her sister States,

The Union prisoners at Savannah had adopted owing partly to the defeat of Early, but chiefly to prospect of Lincoln's re-election. The prospect of Lincoln's re-election.

A despatch from Griffin, Ga., says Hardee has been

relieved of his command in Georgia, and assigned to Charleston. Another despatch, dated 4th inst., says it is posi-tively reported that Hood holds the railroad between Vining and Marietta, in the rear of Sherman. Military men at Griffin, say Sherman will be obliged in a few days to abandon Atlanta, and fight his way out at Atlanta for six days.
