age.
At Brooklyn, New York, on Wednesday, of consumption,
Marion, wife of W. F. Hawkins, aged 27 years. Died at his father's residence, Cambridge, Queen's County, October 6th, 1863, John D., eldest son of John Harris, Esq., M. P. P., aged 26 years and four

He was a young man of much promise, and was esteemed by all who had the pleasure of his acquaintance. From an early age till the time that he professed religion he lived a very moral life, and seemed to find pleasure in being kind and considerate to all

with whom he associated. In the fall of 1848, during the visit of the Rev. A. B. Earl to the Province, and in the time of the revival at Jemseg, he was led to give his heart wholly to the Lord, but he said that at quite an early age under the ministrations of the Rev. B. Coy, the Lord in his great mercy opened his eyes to see his state by nature, and the necessity of having his peace made with God, and seeking an interest in the atoning blood of the Lamb. He united with the Baptist Church at Jem-seg, and from that till the time he left the church militant to join the church triumphant, he remained a consistent member of the same.

His disease was consumption, which fastened upon him about the first of May of the present year, and although everything was done that was in the power of those interested, his disease steadily progressed. During his long and severe illness his mind was very much cast down, and he felt that he was passing under a cloud. But the day before his death every dark cloud was dispersed, and the brightness of his Saviour's countenance shone upon him and cheered his pathway to heaven. He was perfectly resigned to the will of his Heavenly Father, and passed away with a prayer upon his lips. The occasion of his burial was improved by the Rev. W. T. Corey, from Psalm lxxv. 8, to a large and attentive congregation of relatives and friends. It was a solemn time, and the words of the minister, coupled with the fact that one beloved and respected by all was there before them in the cold embrace of death, drew tears from nearly every eye. His loss will be severely felt by his parents, who mourn the loss of a kind and obedient son; by his brothers and sisters, who have lost a loving and tender brother, and by the whole community, of which he was a bright ornament. May the Lord sustain his sorrowing family, and

By Rev. ALVAH HOVEY, D. D., Professor in Newton Theo-logical Seminary. 1 Volume 12mo. These Lectures, delivered before the students of the Institution, are now submitted by the Publishers to the publie, with the belief that they will be an invaluable contribution to our religious literature, and will be ranked as a standard in this department. The following selections from the author's preface will give the general idea of the work:
"To exhibit the testimony of the evangelists to the miracles of Christ is the chief purpose of the work. A careful survey of this testimony—noting points of agreement and difference between the several writers, the fairness and minuteness with which they relate to the events in question, and the abortive attempts which have been made to impeach their yeracity—must be acceptable to those who are seeking a knowledge of the Saviour's life."

This survey is "preceded by an introduction pointing out the fallacy and of scientific and philosophical objections Lord sustain his sorrowing family, and to miracles, and followed by a conclusion characterizing the evangelical testimony as learned from this survey." import of particular miracles wrought by Christ." ough the following examination rests everywher upon the original text of the Gospels, the use of Greek terms has, with a very few exceptions, been avoided, and the entire argument has been put within the reach of every

The sale of the Plantation Bitters is without precedent in the history of the world. There is no secret in the matter. They are at once the most speedy, strengthening health-restorer ever discovered. It requires but a single trial to understand this Their purity can always be relied upon. They are composed of the celebrated Calisaya Bark, Cascarilla Bark, Dandelion, Chamomile Flowers, Lovender Flowers, Wintergreen, Anise, Clover-buds, Orange-peel, Snake-root, Caraway, Coriander, Burdock.

S.-T.-1860-X. &c. They are especially recommended to clergymen, public speakers, and persons of literary habits and sedentary life, who require free digestion, a relish for food, and clear mental faculties. Delicate females and weak persons are certain to find in these Bitters what they have so long looked for. They purify, strengthen, and invigorate.

They create a healthy appetite. They are an antidote to change of water and diet. They overcome effects of dissipation and late hours. They strengthen the system and entiren the mind. They prevent miasmatic and intermittent fevers. They purify the breath and acidity of the stomach. They cure Dyspepsia and Constipation.

They cure Diarrhea, Cholera, and Cholera Morbus. They cure Liver Comipaint and Nervous Headache.

They are the best Bitters in the world. They make the weak man strong, and are exhasted nature's great restorer.

Railway Com. Office, St. John, 6th Oct., 1863. THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MRS. ROGERS' CANCER AND SCROFULA REMEDY

THIS medicine is effecting some of the most astonishing L cures ever made, as the following Certificates will prove, and they are but a fair specimen of many more, which we might publish could we afford the expense. Let no one suffering with the following diseases be scep

tical because they have been often humbugged with quack medicine. We have heard of no one, so tar, who is dissatisfied with this remedy. Viz:—Cancer, Tumors, Scrofula, or King's Evil, Ulcers, Salt Rheum, Ring Worm, and all diseases of a scrotulous nature.

In bad cases of Cancer or Scrofula it is almost indispensably necessary for the patient to be where Mrs. Roger could make daily visits, as such cases require very careful attention, and the treatment to be varied according to the nature of the disease. In all cases where patients come to

Pugwash and submit to our treatment, no charge will be made if a cure is not effected. Persons who are unable to undertake the journey, or who cannot afford the expense, can obtain the medicine, [by enclosing Four Bollars (\$4)], which will be forwarded by parcel post to any part of the Provinces. Persons correspond to the description of the correspondent to th ponding will be careful to explain the nature of the disease, and give the Post Office address. And persons writing for information and not enclosing money will please to enclose postage stamps to secure a reply. We would not in all cases guarantee a cure when people apply the medi-cine themselves; yet in these cases we hear of many who are fast improving; and, so far, our medicine gives universal satisfaction

Our charges for curing will be varied according to the nature of the cure effected, &c. Correspondents will address "W.-H. ROGERS, Pugwash, N. S." Should any person be sceptical as to the genuineness of the following certificates, he can correspond with the par-ties, as their address will be found on each certificate. We are prepared to satisfy any person who will enquire into this matter, that there is no humbug about it, but that it is certainly and truly the most wonderful medical discovery ever made, and has been perfected after eighteen or twenty years practice, by Mrs. Rogers, the first case being that of cancer in her own breast. We have one patient now under treatment, who is fast recovering from cases of Cancer, Tumors, &c., all doing well.

CERTIFICATES.

Pugwash, 29th May, 1863. DEAR MADAN :- I think it a duty I owe to you and the public, to state the following facts, as well for the benefit of humanity as in justice to yourself—although it should have been done long before this; but better late than never.

About four or five years ago I had a cancer in my breast, which had been coming on for a long time before, but at last it became very painful, with sharp and severe pains darting through it at certain times. I applied to several doctors, who advised that it should be cut out; and being afraid to submit to the operation, and hearing that you had cured many cancers, I, as you know, applied to you, and submitted to your treatment, and used your medicine, and in a few months was thoroughly cured, and have been in perfect health ever since. I would wish this to be made public for the benefit of others.

Yours, with much gratitude,

ELIZABETH RYAN.

To Mrs. David Rogers. This is to certify, that about five years ago I had a lump on the back of my neck, which all the doctors to whom showed it pronounced a Tumour, and said it could only be cured by cutting it out. I did not like the operation much and by accident heard of Mrs. Rogers' medicine for the cure of cancers, &c., and concluded to tryit; and to my surprise the tumor disappeared in a very short time, and I have not since been troubled with it.

Pugwash, 28th May, 1863.

John W. McPherson.

Parrsboro, June 22nd, 1863. To Mrs. David Rogers, sen'r, Pugwash :-DEAR MADAM :- I hereby certify, that about twelve years ago a small lump began to grow on my breast, and con-tinued growing, until 1859 at attained the size of a small hen egg, and it began to ulcerate, causing great pain, and reduced my body to a mere skeleton, rendering me altogether unable to do any work. I applied to the two resident doctors at Pugwash (where I then resided), both of whom re-commended surgical operation. Feeling reluctant to un-dergo the operation. I applied to a man who called himself an herb doctor. I used his plasters until I became satisfied that they were of no use to me. I then applied to you, and procured some of your Ointment for outward application, and a bottle of medicine to take inwardly. After a few months' trial I began to get better, and the ulcer on my breast commenced healing so fast that in seven months from the time I commenced using it I was enabled to attend to my ordinary occupation; and now I am happy to tell you and those who are suffering as I have suffered, that I am hearty and well; and I have no hesitation in saying that (under God) I owe my present state of health to your

If this simple statement will be of any service to you, you are at liberty to make it public, as every word of it can be vouched for by those who know how I suffered.

I remain, dear Mrs. Rogers, Your ever much obliged servant ANGUS McGILVRAY, Master Ship-wright

To Mrs. David Rogers, Pugwash, N.S.:— DEAR MADAM:—I feel it a duty I owe to you and to suffer-DEAR MADAM:—I feel it a duty I owe to you and to suffering humanity, to state in writing, that your medicine for the cure of Cancer has effected a complete cure of severe case of cancer in my wife. The cancer began to appear about five years ago, a little below the left breast, which continued to increase in size; and during last January it began to grow very rapidly, with darting pains through it. We consulted a doctor, who said he cid not think your medicine would cure it, but that he would burn it out. We, however, concluded, from what we had heard of your medicine, to try it; and to our agreeable surprise in a few days however, concluded, from what we had heard of your medi-cine, to try it; and to our agreeable surprise in a few days the pain subsided, and it began to improve. This was about the first of last February; and I am happy now to be able to inform you, that although in about one week after using your medicine the cancer became ulcerated, the pain soon left it, and now it is entirely cured. I think you ought, for the sake of humanity, to make your skill in cur-ing cancers known to the public. wallace River, 20th May, 1863. W.L. ANGEVINE.

West Brance, East River, Pictou, Sept'r. 11, 1863.

Dear Madam:—For the sake of those who are suffering with Scrofula or King's Evil, I wish you to publish the following facts. About eight years ago, a swelling appeared under my chin; in a short time it ulcerated and became a under my chin; in a short time it ulcerated and became a rnn ning sore, and extended across my neck from ear to ear; the bone became affected, and several piecea came out from time to time; the smell from the parts affected became very offensive, so much so that I had to retire by myself to dress the wound. I tried the best doctors in this country, and many in the United States, and all to no purpose. I also tried various patent medicines, including kennedy's discovery, which I used for two years; but it did me no good. I have now been about two months under your treatment, and my general health, which was very bad, is now as good as ever it was. The scrotula on my neck is about well; thanks be to God for his goodness, and ten thousand thanks to you, Mrs. R., for your kindness and skill! My humble opinion is, that you can cure any case of scrofula or cancer. Let no one who reads this doubt its truth: hundreds know my case. I am resdy to answer any correspondence or enquirers.

Thomas Chisholm.
