of Mexican regeneration is crowned by the election of a sovereign, M i H A B MOTH GAA TOOR A communication from Alexandria represents the

effects of the overflow of the Nile as most disastrous. It is said that from 80 to 100 villages have been swept away, and no one can tell what has become of the inhabitants, hundreds, perhaps thousands, may have been drowned and all they possessed destroyed. JAPAN. - The complete accounts of the bombard-

ment of Kagosmilion, Japan, have been received. The forts attacked by the British fleet mounted 39 guns and mortars, including 3 inch and 8 inch shell guns, four 150-pounders, ten 80-pounders, and the remainder all 32-pounders, the best United States manufacture ; and as they simultaneously fired upon the vessels at a tange of only 450 yards, the escape

being small war steamers. The English loss was 18 killed and 5 wounded.

The Eurgalous, which led the line, lost her captain led and 21 wounded. She was builed ten times, and

her masts and rigging were cut to pieces. The ves-sels engaged were the Euryalus, Pearl, Argus, Persues, Coquette, Havor, and Rucehorse ; the first two only are irigates. The Japane's ammunition appears to have been of a superior quality. The forts mounted 98 guns and morters. The ships were 450 yards from the forts.

"It is God's mercy," says the Daily Press, "that the whole fleet were not sunk. Satsuma had the best United States guns and ammunition.

The belligerent armies in the East and West and South are preparing for active operations, and we may hear at any moment of battles fought and won-of thousands more of our fellow creatures either hurried into eternity, or maimed and 10's helpless, perishing on the battle field.

In Virginia, everything is quiet, but the calmness is considered to be the presage of approaching battle storms. Gen Lee occupies his old position, and Gen. Meade is encamped near Culpepper, on the ground occupied by him previous to Lee's late advance.

The bombardment of the defences at Charleston is continued with unwearying pertinacity, but the Confederates still manage to maintain their ground.

If this decision of the highest tribunal of the State is carried out, there must be either a conflict between Pennsylvania and the Federal Government, or the last must cease to obtain any soldiers from that State, except those who may choose to volunteer. - Ch. The sale of the Plantation Bitters is without precedent in the history of the world There is no secret in the matter. They are at once the most speedy, strengthening health-restorer ever discovered. It requires but a single trial to understand this. Their purity can always he relied upon. They are composed of the celebrated Calisaya Bark, Cascarilla Bark, Dandelion, Chamomile Flowers, Lovender Flowers, Wintergreen, Anise, Clover-bads. Orange-peel, Snake-root, Caraway, Corlander, Burdock.

S.-T.-1860-X. &c.

They are especially recommended to elergymen, public speakers, and persons of literary habits and accentary life, who require free digestion, a relish for food, and clear mental faculties. Delicate females and weak persons are ce tain to find in these Bitters what they have so long looked for.

They purify, strengthen, and invigorate. 11 101201 They create a healthy appetite. They are an antidote to change of water and diet.

They overcome effects of dissipation and late hours. They strengthen the system and enliven the mind. They prevent missingle and intermittent fevers. They purify the breath and acidity of the stomach. They cure Dyspepsia and Constipation.

They cure Diarrhea, Cholera, and Cholera Morbus.

They cure Liver Compaint and Nervous Headache. They are the best Bitters in the world. They make the wes man strong, and are exhasted nature's great restorer.
