COUNTERFEITS .- Having, after much trouble and considerable expense, discovered the party who has been counterfeiting my Pills in the Canadas, and having received a complete list of all those to whom they were sold, and having had what remained of such counterfeits destroyed, and the proper steps taken to prevent a recurrence of such counterfeiting; and being well satisfied that none but the genuine are now in market, I have come to the conclusion, established remedies, not to change the wrappers around the packages of such remedies, but have them continue as heretofore.

The sale of the Plantation Bitters is without precedent in the history of the world. There is no secret in the matter. They are at once the most speedy, strengthening health-restorer ever discovered. It requires but a single trial to understand this. Their purity can always be relied upon. They are composed of the celebrated Calisaya Bark, Cascarilla Bark, Dandelion, Chamomile Flowers, Lovender Flowers, Wintergreen, Anise, Clover-buds, Orange-peel, Snake-root, Caraway, Coriander, Burdock.

S.-T.-1860-X. &c. They are especially recommended to clergymen, public speakers, and persons of literary habits and sedentary life, who require free digestion, a relish for food, and clear mental faculties. Delicate females and weak persons are certain to find in these Bitters what they have so long looked for.

They purify, strengthen, and invigorate. They create a healthy appetite. They are an antidote to change of water and diet. They overcome effects of dissipation and late hours. They strengthen the system and enliven the mind. They prevent miasmatic and intermittent fevers. They purify the breath and acidity of the stomach.

They cure Dyspepsia and Constipation. They cure Diarrhea, Cholera, and Cholera Morbus. They cure Liver Compaint and Nervous Headache. They are the best Bitters in the world. They make the weal

man strong, and are exhasted nature's great restorer.

The following startling and emphatic statements can be seen a: Letter of Rev. E. F. CRANS, Chaplain of the 107th New York

Owing to the great exposure and terrible decomposition after My stomach would not retain medicine. THE STORY OF MY CAREER, As Student of Frieburg and Jena, and Professor at Halle. Brislaw and Berlin: with Personal Reminiscences of Goeths, Schiller, Schilermacher, Schelling, Fichte, Novalis, Schlagel, Noander, and others. BY HEINRICH STEFFENS.

Translated by William L. Gage. 16 mo.—Price 75 Cents. The "Story" contains descriptions of the author's travels when a student, of personal interviews and associations with the most distinguished men of his time, his life as Professor in the Universities of Halle and Breslau, the patriotism of the literary class and their connection with the stirring events during the wars with Napoleon, his own military experience and subsequent retirement to the University of Berlin, the whole interspersed with many just and striking criticisms upon the characteristics and influence of leading men. Steffens is referred to by Guyot in his celebrated "Earth and Man," as one of the most scientific and influential men of his time, consequently his opinions and criticisms cannot fail to interest the student of German literature and customs, while his lively style and interesting descriptions render this work attractive to all.

THE GREATEST MEDICAL DISCOVERY

OF THE AGE. MES. ROGERS' CANCER AND SCROFULA REMEDY.

HIS medicine is effecting some of the most astonishing cures ever made, as the following Certificates will prove, ad they are but a fair specimen of many more, which we might publish could we afford the expense.

Let no one suffering with the following diseases be sceptral because they have been often humbugged with quack medicine. We have heard of no one, so far, who is dissatisfied with this remedy. Viz:—Cancer, Tumors, Scrofuna, or King's Evil, Ulcers, Sait Rheum, Ring Vorm, and all diseases of a scrofulous nature.

In bad cases of Cancer or Scrofula it is almost indispensably necessary for the patient to be where Mrs. Rogers

pensably necessary for the patient to be where Mrs. Rogers could make daily visits, as such cases require very careful atention, and the treatment to be varied according to the naure of the disease. In all cases where patients con Figwash and submit to our treatment, no charge will be made if a cure is not effected. lersons who are unable to undertakethe journey, or who

canot afford the expense, can obtain the medicine, [by en-closing Four Dollars (\$4)], which will be forwarded by pacel post to any part of the Provinces. Persons correspooding will be careful to explain the nature of the disease, and give the Post Office address. And persons writin for information and not enclosing money will please to emisse postage stamps to secure a reply. We would not in all cases guarantee a cure when people apply the mediantee of the secure and the secure when people apply the mediantee of the secure when people apply the secure when people apply the mediantee of the secure when people apply the se cire themselves; yet in these cases we hear of many who are fast improving; and, so far, our medicine gives univer-Our charges for curing will be varied according to the

mature of the cure effected, &c. Correspondents will address "W. H. ROGERS, Pugwash, N. S." Should any person be sceptical as to the genuineness of the following certificates, he can correspond with the par-fier, as their address will be found on each certificate. We are prepared to satisfy any person who will enquire into the matter, that there is no humbug about it, but that it is this matter, that there is no humbug about it, but that it is certainly and truly the most wonderful medical discovery ever made, and has been perfected after eighteen or twenty years practice, by Mrs. Rogers, the first case being that of cancer in her own breast. We have one patient now under treatment, who is fast recovering from Scofula of nineteen years standing. Also, several severe cases of Cancer, Tumors, &c., all doing well.

CERTIFICATES.

Pugwash, 29th May, 1863.

Dear Madam:—I think it a duty I owe to you and the public, to state the following facts, as well for the benefit of humanity as in justice to yourself—although it should have been done long before this: Dut better late than never. About four or five years ago I had a cancer in my breast, which had been coming on for a long time before, but at last it became very painful, with sharp and severe pains darting through it at certain times. I applied to several doctors, who advised that it should be cut out; and being atraid to submit to the operation, and hearing that you had doctors, who advised that it should be cut out; and being afraid to submit to the operation, and hearing that you had cured many cancers, I, as you know, applied to you, and aubmitted to your treatment, and used your medicine, and in a few months was thoroughly cured, and have been in perfect health ever since. I would wish this to be made public for the benefit of others. Yours, with much gratitude, ELIZABETH RYAN. To Mrs. David Rogers.

This is to certify, that about five years ago I had a lump on the back of my neck, which all the doctors to whom I showed it pronounced a Tumour, and said it could only be cured by cutting it out. I did not like the operation much, and by accident heard of Mrs. Rogers' medicine for the cure of orners. Ac. and concluded to tryit; and to my surprise of cancers, &c., and concluded to try it; and to my surprise the sumor disappeared in a very short time, and I have not since been troubled with it. Rugwash, 28th May, 1863. JOHN W. McPHERSON.

Paressono, June 22nd, 1868.

To Mrs. David Rogers, sen'r, Pugwash .—

Pare Manar :— I hereby certify, that about twelve years age a small lump began to grow on my breast, and con-tanted growing, until 1859 it attained the size of a small hen timed growing, until 1859 it attained the size of a small hen egg and it began to ulcerate, causing great pain, and reduced my body to a mere skeleton, rendering me altogethe unable to do any work. I applied to the two resident doctors at Pugwash (where I then resided), both of whom recommended surgical operation. Feeling reluctant to underso the operation, I applied to a man who called himsel an herb doctor. I used his plasters until I became satisfies that they were of no use to me. I then applied to you, an precured some of your Ointment for outward application and a bottle of medicine to take inwardly. After a few months' trial I began to get better, and the ulcewon months' trial I began to get better, and the ulcewon month from the time I commenced using it I was enabled to attent in a vordinary occupation; and now I am happy to te you and those who are suffering as I have suffered, that under God) I owe my present state of health to you teatment.

If this simple statement will be of any service to you years at liberty to make it public, as every word of it can be souched for by those who know how I suffered.

I remain, dear Mrs. Rogers,
Your ever much obliged servant,
Anous McGilvers, Master Ship-wright.

D. Mrs. David Rogers, Pugwash, N.S.

DEAR MADAM:—I feel it a duty I owe to you and to suffer his humanity, to state in writing, that your medicine for the curse of Cancer has effected a complete cure of sever case of cancer in my wife. The cancer began to appearant five years ago, a little below the left breast, whice cutinued to increase in size; and during last January is been to grow very rapidly, with darting pains through it

entinued to increase in size; and during last January is bean to grow very rapidly, with darting pains through it we consulted a doctor, who said he did not think you middle would cure it, but that he would burn it out. We havever, concluded, from what we had heard of your medicine, to try it; and to our agreeable surprise in a few day the pain subsided, and it began to improve. This we abut the first of last February; and I am happy now to be able to inform you, that although in about one week after using your medicine the cancer became ulcerated, the pair som left it, and now it is entirely cured. I think yo outh, for the sake of humanity, to make your skill in our improved the public.

IMAR MADAM:—For the sake of those who are suffering with Scrofula or King's Evil, I wish you to publish the following facts. About eight years ago, a swelling appeare under my chin; in a short time it ulcerated and became running sore, and extended across my neck from ear the east the bone became affected, and several pieces came on from time to time; the smell from the parts affected by case very offensive, so much so that I had to retire by myelf to dress the wound. I tried the best doctors in the country, and many in the United States, and all to no purpose. I also tried various patent medicines, including Kernely's discovery, which I used for two years; but it did my nogood. I have now been about two months under you treatment, and my general health, which was very bad, I now as good as ever it was. The scrofula on my neck yabut well; thanks be to God for his goodness, and te thuisand thanks to you, Mrs. R., for your kindness an skil! My humble opinion is, that you can cure any case of strofula or cancer. Let no one who reads this doubt it tuth: hundreds know my case. I am ready to answer an correspondence or enquirers.

THE MIRACLES OF CHRIST, AS ATTESTED BY THE EVANGELISTS. By Rev. ALVAH HOVEY, D. D., Professor in Newton Theo-

legical Seminary. 1 Volume 12mo.

These Lectures, delivered before the students of the Institution, are now submitted by the Publishers to the pubsituation, are now summitted by the Publishers to the public, with the belief that they will be an invaluable contribution to our religious literature, and will be ranked as a standard in this department. The following selections from the author's preface will give the general idea of the work:

"To exhibit the testimony of the evangelists to the miracles of Christ is the chief purpose of the work. A careful survey of this testimony—noting points of agreement and diffarence between the source, writers the inverse and difference between the several writers, the fairness and minuteness with which they relate to the events in question, and the abortive attempts which have been made to im-peach their veracity—must be acceptable to those who are seeking a knowledge of the Saviour's life."

This survey is "preceded by an introduction pointing out the fallacy and of scientific and philosophical objections to miracles, and followed by a conclusion characterizing the evangelical testimony as learned from this survey." "Attention has also been directed to the occasions and import of particular miracles wrought by Christ." "Although the following examination rests everywhere upon the original text of the Gospels, the use of Greek

erms has, with a very few exceptions, been avoided, and the entire argument has been put within the reach of every thoughtful person. THE MILL AGENT.
