Important movements are taking place in our army in order to provide against certain contingencies which may be developed at any moment. It is generally understood that our army has evacuated Culpepper, and is now west of the Rapidan. This movement, it is said, was inevitable, the army not having been in condition numerically to advance against Meade as was expected, while the latter had been strengthened by large reinforcements.

MORTON, Miss., Aug. 4.—Twenty-two transports, laden with troops, have passed Natchez, going down

the river, up to Friday. A number of Gens. Banks' and Burnside's troops have been mustered out of the service, their terms of country's altar, and to take care that none who owe service having expired. Transports loaded with negroes are sent up daily to Island No. 10, where a camp for the instruction of blacks in the manual of arms has been established. East and West in Louisiana have been stripped to form negro regiments.
Rumor says that Gen. Sherman is furloughing one

out of every company, and they leave daily for home. Pillaging parties are sent out daily from the garrisons of Natchez and New Carthage, who strip the country of provisions and commit every species of vandalism. The weather is extremely warm. Thermometer 98 deg.

this morning of the transport George Peabody, from Port Royal 6th, we learn that our troops were busy building batteries, and it was reported that a grand attack would be made on Fort Sumter by both the land and naval forces on the 8th inst.

NEWBERN, Aug. 6.—The steamer Dudley Buck leaves to morrow for New York.

The enemy are daily receiving an immense amount of supplies in their ports, in spite of the blockade, such as machinery, railroad iron, guns, blankets, medicines, shoes, &c.

Gold opened in New York on Saturday at 1261. At 1 o'clock gold was quoted at 1261.

-Some trouble is reported to have occurred at the conscript camp in Alexandria, near Washington, and five of the conscripts are said to have been shot. A letter from Vicksburg says, that on the 1st of

May flour was \$159 per barrel, and before the end of the siege \$2000. Other things were in proportion. A Jew brought ten barrels of whisky from Memphis and sold them for \$10,000. The purchaser sold them for \$20,000. They were then retailed for \$3000 per

There were twenty women and several children killed in Vicksburg during the siege. Their blood is on the hands of Pemberton, who refused to permit them to leave the city. Hezekiah Wight of Belfast, Me., died a few days

since of consumption aged about twenty five years. He was the tallest man in Waldo county, if not in the State, measuring in high seven feet and eight inches—says the Belfast Age. THE CROPS.-Winter wheat in Michigan is about

all harvested, and the crop is full average. Corn has suffered from a severe frost which visited the State about the middle of July. Hay looks well, and fruit of all kinds is abundant.

The wheat crop of Illinois has been harvested and proves a good one. Corn has suffered from drouth,

and the crop will not equal last year's. Fruit is The relief ship George Griswold, which sailed with

Potomac, during their march to Fredericksburg under Burnside, and their return under Hooker.

Jeff Davis has set aside the 21st of August, as a day for public humiliation and prayer.

THE LATEST, BY TELEGRAPH.—A report comes ebel sources that the expedition into Loui iana has been repulsed; that Banks has retreated with a loss of 600 men. The rebels were under command of Gen. Dick Taylor.

President Davis has issued the following address to

"After more than two years of a warfare scarcely equalled in the number, magnitude and fearful carnage of its battles—a w rfare in which your courage and fortitude have illustrated your country and attracted not only gratitude at home, but admiration abroadyour enemies continue a struggle in which our final triumph must be inevitable. Unduly elated with their recent successes, they imagine that temporary reverses can quell your spirit or shake your determination, and they are now gathering heavy masses for a general invasion, in the vain hope that by a desperate effort success may at length be reached.

You know too well, my countrymen, what they mean by succes. Their malignant rage aims at nothing less than the extermination of yourselves, your wives and children. They seek to destroy what they cannot plunder. They propose as the spoils of victory that your houses shall be partitioned among the Alpheus Pain wretches whose atrocious cruelties have stamped infamy on their government. They design to incite Thomas Keith servile insurrection and light the fires of incendiar-C. J. Tozer ism whenever they can reach your homes, and they debauch the inferior race, hitherto docile and contented, by promising indulgence of the vilest passions as the price of treachery. Conscious of their inabi- C. Estabrooks, lity to prevail by legitimate warfare, not daring to make peace lest they should be hurled from their seats of power, the men who now rule in Washington refuse even to confer on the subject of putting an end to outrages which disgrace our age, or to listen to a suggestion for conducting the war according to the usages of civilization.

- Fellow citizens, no alternative is left you but vic-

tory or subjugation, slavery and the utter rain of yourselves, your families and your country. The victory is within your reach. Yout need but stretch forth your hands to grasp it. For this end all that is necessary is that those who are called to the field by every motive that can move the human heart should promptly repair to the post of duty, should stand by their comrades now in front of the foe, and thus so strengthen the armies of the confederacy as to ensure success. The men now absent from their posts would, if present in the field, suffice to create numerical equality between our force and that of the invaders; and when, with any approach to such equality, have we failed to be victorious? I believe again have ldft their position from more restlessness and desire of change, each quieting the upbraidings of his conscience by persuading himself that his individual service could have no influence on the gen-

your camps, in obedience to the dictates of honor and of duty, and summon those who have absented them-selves without leave, or who have remained absent beyond the period allowed by their furloughs, to ir without delay to their respective commands. and I do hereby declare that I grant a persona pardon and amnesty to all officers and men within the confederacy, now absent without leave, who shall, with the least possible delay, return to their proper posts of duty; but no excuse will be received for any

sances. They succeeded in carrying off all their delay beyond twenty days after the first publication wounded and killed. All of our wounded, some of this proclamation in the State in which the absentuenty in number, have arrived in Richmond. tees may be at the date of the publication. This amnesty and pardon shall extend to all who have been accused, or who have been convicted and are undergoing sentence for absence without leave, desertion, excepting only those who have been twice convicted of desertion, oul out to these a dilw content's

Finally, I conjure my country women-the wives. mothers, sisters and daughters of the confederacyto use their all-powerful influence in aid of this call, to add one crowning sacrifice to those which their patriotism has so freely and constantly offered on their service in the field shall be sheltered at home from the disgrace of having deserted their duty to their families, to their country, and to their God.

Given under my hand, and the seal of the Confederate States, at Richmond, this first day of August, in the year of our Lord one thousand eight hundred and sixty three. Jefferson Davis."

Herald's despatch reports a battle imminent at Fort Blunt, Indian Territory. Confederates about 8,000, Federals 2,500; 800 making forced marches from Fort Scott to reinforce them.

Portion of Longstreet's corps occupied Fredericks-burg, but it is not expected that they will attempt to hold it.

Reported that the Confederates demand the execution of Capts. Sawyer and Flynn at Richmond, and that Gen. Lee, whose son Gen. Fitz Hugh will suffer in in retaliation, threatens to resign the command of the Confederate army in the event. Burnside is at Lexington, Ky. Movement of troops

in that direction very active. Gov. Todd, of Ohio, has gone to Washington. Draft in that State suspended until he returns. Bangor, Aug. 12.

A Newbern correspondent writes that the Unionists of Eastern North Carolina are to hold a mass convention to invoke Federal Government to send sufficient force to occupy Raleigh, Washington and Meldon, thus forcing Confederates to abandon Virginia and restore two States at once to Union. Nothing from Charleston.

Minnesota advices report Little Crow, leader of nostile Indians, dead. La France says negotiations between the three great powers for common reply to Russia is about to be successfully completed. This journal does not despair of Russia's proving conciliatory, otherwise general war imminent. Super. \$4 a \$4.70; Extra \$5.90 a \$5.10.

HAVE JUST PUBLISHED

1. SPURGEON'S SERMONS, SEVENTH SERIES]. SERMONS BY REV. C. H. SPURGEON.

Carefully Revised. 1 vol. 12mo. Price \$1.

From the Hartford Courant: The day for sneering at Spurgeon has gone by. He has oceniable power: his imagination is most tervid, and his faculty of presenting the scenes he imagines is not supas-sed by Whitfield or by Elder Knapp in his best days. The searching doctrines and the unflinehing application of Spurgeon have done more real good to his hearers in one hour than centuries of attendance upon the Rev. Cream Cheese or the Rev. Milkywater would be likely to do. We on mend these new sermons to all who like to see the most pungent and humbling doctrines of the gospel with remorseless energy. The printed sermons of Whitfield are tame and powerless by the side of Spurgeon. New Editions ready of SPURGEON'S SERMONS, 6 vols.

(1st to 6th Series inclusive).

"Her first book, 'Alone,' met with a very extensive sale, assing through edition after edition, and being successfully ranslated into the French and German languages. She belongs to the new school of novelists—taking her characters from common life, from among the workers of the world, and carrying them through trials no more unheard of than those that occur in hundreds of lives every day."—New Haven Pulladrum.

ELECTROPATHIC PHYSICIAN.

ELECTROPATHIC PHYSICIAN,

Would most respectfully announce to his patrons, and the public generally, that his increasing practice and the earnest solicitation of friends and patrons have induced him to remain in town another year, during which time he will ever be pleased to wait upon all who may desire his services either in family or office practice. Past experience gives him confidence to say that he believes his method of treatment far superior to any other for old Chronic Diseases. Dr. S. would therefore invite all those who may be suffering with any of the ills that flesh is heir to to give him a call, and though you may not know the cause of your sickness or distress, he will tell you what organs or parts of the system are affected, and to what extent. Please call and satisfy yourselves. His method of treatment comprises the use of Electricity and Vegetable Medicines; he neither blisters, bleeds, gives mineral poisons, nor noxious drugs. A successful practice has proved his remedies to be certain, safe, and efficient. To the Ladies, the Dr. would most especially call, if you are suffer-
