The resolutions were ordered to be printed.

The Richmond Enquirer of the 21st has an article upon the situation, from which the following is ex-

"Now there is not at this moment so much to alarm us in reality as there was last May. It is true we have not so many troops, but neither has our enemy by a great deal. On that occasion, too, Butler could and did land his forces at City Point without his way through many a swamp and take or turn many a battery, and leave many blue-coated corpses behind him, ere he can hope to see a Virginia railroad. It is hoped that the President will not relieve Beaure- HAIR DRESSING, the great unequalled preparations for gard at the very crisis of his campaign, and appoint Gen. Pemberton in his place, with orders to the latter to slip around to Sherman's rear and march away to Mobile. But barring this, or some other equally enormous blunder or crime, it seems evident that Sherman has before him a much more difficult and perilous part of the grand campaign than Butler had last year, and in the meantime his devastating march through South Carolina is no more conquering that State than his grand march through Georgia has converted the Georgians to the Union. Richmond is safe if all parties concerned do their duty."

New York, Feb. 23.—The Richmond Dispatch of the 21st says :

During Thursday night, the 16th, our forces evac nated Charleston. It is believed the enemy took possession next day. Many guns must have been kees got little else. There was no cotton to gladden Lincoln's heart, and the city itself is little better than a deserted ruin. Several telegraph operators of Northern birth remained to receive the Yankees. The fulness than gloom. Sherman can only be checked by the immediate concentration in his front of all our troops both North and South Carolina. If this is done and his present expedition broken, he can be prevented from reaching Richmond. We know Sherman has four full army corps and a strong force of cavalry—each corps numbering not less than 12.000

After mentioning the fact that two columns were moving from Newbern to cut the Wilmington and Danville Railroad, the Dispatch says : - We fear there is much truth in the statements that the enemy has 205 High Holborn, London, England. been concentrating in the vicinity of Newbern. It is reported, not credited, that a large cavalry force is advancing on Salisbury from East Tennessee. All is quiet before Petersburg and Richmond. Grant congratulates himself on holding Lee while Sherman is turned logse in the Carolinas. Roser and Lomax have been confirmed major-generals of cavalry.

The Whig says :- " Everything is quiet on the south side of the James river. Grant is evidently anxiously awaiting the result of Sherman's venture. While the War Department could furnish us nothing on the subject, it is generally believed that Charleston. the cradle of secession, the nest of rebellion, has been evacuated by our troops. Sherman, by his bold advance, has thus accomplished without bloodshed what Dupont, Dahlgren, Gillmore & Co., have vainly attempted, though sided by the combined naval force Yankeedom. This ill fated city, or rather remnant of it, will soon experience to its full extent the mercy and magnanimity of Yankee rule. The Mercury moved its quarters several weeks ago in anticipation of this sad result.

Goldsburgh, N. C., Feb. 18. - A Yankee force from Newbern, 500 strong, has passed through Greenville. When last heard from they were advancing on Tarborough. It is thought to be a more raid. Gen. Baker is after them. Another party is reported to be coming up the south side of the Neuse, but this needs confirmation. No trouble is anticipated.

Римареврика, Feb. 23.- A despatch from Washington to the Evening Felegraph says :- Richmond papers of Tuesday state that Sherman is pushing rapidly north for Charlotte, Salisbury, Greensboro, Danville, and thence to join Grant in the attack on Richmond. Unless Sherman is soon checked he can-

not be stopped at all.

The rebel House of Representatives on Monday passed a bill to arm 200,000 negroes. The same bill would pass the Senate in secret session on Tuesday. The Richmond Whig of the 20th shows that it was Wheeler and not Kilpatrick who was whipped at

The Richmond Dispatch of the 20th thinks Sher man's main body will keep on the north of Charlotte and the Cavalry will be sent to break the road at Florence. His policy, it says, has been to keep his

forces together, and thus force back the rebels. The Richmond Enquirer has a frantic article on the financial condition of the rebellion, in which it proposes to take one fifth of the cotton and tobacco crops to carry on the war. It says the situation of the country is too serious and the calamities which threaten the rebel cause too great to waste time in windy

LEE'S PROBABLE MOVEMENTS. - Philadelphia, Feb. 24.—The Bulletin's special. Cincinnati despatch says advices from below indicate grand preparations for a two-fold movement to occupy Alabama and Missis-sippi, viz: General Thomas from the north with a strong mounted force of infantry from Vicksburg via

Jackson, and Gen, Canby from Pensacola, It is apprehended that if Lee is compelled to relinquish Richmond, he will back on Lynchburg, and thence make his way through the mountains to East Tennessee or Kentucky. Efforts are making to repair the Virginia and Tennessee Railroad to Bristol. It was rumored in Knoxville last week that a division of Lee's army had already appeared in East Tendefeat this movement and by again destroying the railroad render the transfer of Lee's army West of the mountains impossible.

At a meeting in New York, a resolution was adopted requesting the President to send a national ship to Charleston harbor to convey thither General Robert Anderson, that he may replace upon the flag staff of Fort Sumter that national banner which on the 18th of April, 1861, he was compelled to lower at the dictation of the traitors of South Carolina.

MEXICAN NEWS .- Washington, Feb. 20th -- Semiofficial accounts from Chihoahus, the present seat of the national government of Mexico, received yesterday, show that there is no foundation for the report which came from the City of Mexico, that President Juarez was in Alamos, Sonora. The President was in January last still at Chihuahua, and had no disposition to leave that city. He was busily engaged in the organization of the army, to open a new campaign in the present, which promises to be more successful than the former one. The important victories of San Penero and El Fuerte, in Sonora, had raised a very high public spirit in northwestern Mexico.

TO THE ELECTORS OF THE CITY OF ST. JOHN. ENTLEMEN-Having been nominated by a large and influential body of the Electors as one of the Candidates to represent the City of St. John in the General Assembly, I cheerfully place my services at your disposal.

During the nest three Sessions which I have had the honor of being your Representative, I have endeavored to the best of my abilities, to serve your interests by giving the most careful attention to the umerous and important measures brought before Parliament, affecting the City of Saint John.

I have for many years been favorable to a Union OF THE COLONIES, believing " That the best interests and present and future prosperity of British North America will be promoted by a Federal Union under the Crown of Great Britain;" and I shall, if elected, endeavor to secure the establishment of this great measure, which, above all others, is in my opinion calculated to promote the improvement of all classes of our People, and to elevate our Common Country. I ain, Gentlemen,

Your obd'nt servant, CHARLES WATTERS. TO THE ELECTORS OF THE CITY AND

COUNTY OF SAINT JOHN. GENTLEMEN-The unexpected dissolution of the House of Assembly calls upon you to exercise your franchise, and I have been nonlinated to come forward as a Candidate to oppose the scheme proposed by our Government for Confederation with Canada. It behoves you to think well before you cast your votes in favor of the supporters of such a scheme, involving as it must most certainly do, increased taxation without corresponding benefits, and practically depriving us forever the rights and advantages of sell government, which we now possess. To put forward one half of the objections that could be raised against the scheme would occupy more space

than this paper would allow. A Union between the Maritime Provinces, or even with Nova Scotia alone, which the Delegates should have pushed with energy and vigor, would have given to our manufacturers a market, without the competition of the more advanced manufactures of Canada.

In entering upon the contest, which seems prob able, I do so without personal hostility, but solely from a sense of public duty, and I solicit for myself. and those nominated with me to oppose Confederation, a full and square vote.

FOR COUGHS AND COLDS! SHARP'S BALSAM OF HOARHOUND AND ANISEED! TS the best, the safest, and cheapest remedy ever offered

to the public. Those suffering from Throat Complaints, Coughs, Colds. Asthma, Shortness of Breath, or Whooping Cough, will find it a sure and speedy relief. It has now been in use in New Brunswick for upwards of ten years; during that time the sale has, without pulfing of advertis. ing, increased to such an extent as to supersede all other Medicines of a similar kind.

Prepared by JOHN G. SHARP, Member of the Pharma ceutical Society of Great Britain.

St. John, N. B., Dec. 13, 1861. For nearly ten years we have sold Sharp's Balsam of Hoarhound and Aniseed, prepared by Dr. J. G. Sharp, of this city; and during that time we have not known any other Patent Medicine for Coughs and Colds that has given such universal satisfaction to all that have used it. It has become in this city a standing Family Medicine; although it has been little advertised, the sale has steadily increased, and in one year we sold over 1500 bottles, al-though some time it was kept and sold in eight or ten other Drug stores here. GEO. F. EVERETT & Co.

St. John, N. B., Dec. 12, 1861. J. G. SHARP, Esq. - Dear Sir :- Having been engaged in the sale of your Balsam of Hoarhound and Aniseed for the past ten years, I can testify in favor of its good qualities. It certainly gives the best satisfaction of anything of the kind that I have ever sold. JOHN CHALONER.

J. G. SHARP, Esq. - Dear Sir :- I have noticed the increasing popularity of your Balsam of Hoarhound and Aniseed for the last eight years, and have much pleasure in stating that I believe it to be one of the best Medicines of the kind now in use.

The most flattering testimonials have also been received from the following gentlemen .- John Glazier, Esq. M. P. P.; Daniel Leavitt, Esq., J. P.; E. Lunt, Esq.; W. D Pickup, Esq; Capt. Hugh Chisholm; Capt. James Bennett; and upwards of one hundred others.
