Words of Vital Interest.

Will the thousands who read columns of frivolous verbiage every day devote five minutes to the perusal of a few facts, which concern them nearly? Our text is Health, and we will put our commentary into a nutshell. Weakness is indirectly the cause of all sickness; for if nature be strong enough to resist the morbid influence which produce illness, of course they are powerless. Seek strength, therefore. Invigorate and regulate the system. When the quicksilver ranges from 80 to 96 degrees in the shade, the most athletic are enfeebled, and the weak are prostrated. It is at such a time that such an invigorator as HOSTETTER'S STOMACH BITTERS is urgently needed. What are the effects of this rare Vagetable. Tonic ? Would that all who have known its benefits could condense their experience into this paragraph. They would tell the healthy, to protect their health they must use this great safeguard against the debilitating influences. They would exhort the weak to discard all unmedicated and impure stimulants and cling to this wholesome and unfailing tonic and alterative as the shipwrecked mariner would cling to a raft in a stormy sea. They would, of dyspeptic pangs relieved, of appetite restored, of shattered nerves restrung, of headaches cured, of disordered functions regulated, of hypochondria dissipated, of miasmatic diseases baffled, of fever and ague cured, of liver complaints arrested, of heat, privation, and toil defled, of hope reanimated, and cheerfulness restored. Such are the effects of HOSTETTER'S BITTERS.

MR. PERRY DAVIS-SIS: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induce me to pen a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the Stomach, or any other part of the system, severe Chills, Weariness, common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhoea, Dysentery, Toothache, etc., THERE IS NOTHING BETTER Dysentery, Toothache, etc., There is Norming Berrin THAN THE PAIN KILLER. I have this hour recovered from a severe attack of the Sick Headache, by using two teaspoonfulls, taken at thirty minutes interval, in a wine glass full of hot watar. I am confident that, through the blessing of God, it saved me from the Cholera during the summer of 1843. Travelling amid heat, dust, toil, change of diet, and constant ex-posure to an infected atmosphere, my system was daily predisposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful curing the worst case in an hour, or, at the most, half a day 1 I have heard of many cases of Dysentery being eured by its use. Put in the teeth, it will stop the toothache. Grati-THAN THE PAIN KILLER. I have this hour recovered tude, and a desire for its general use, has drawn from

me this unsolicited testimonial in its favor. D. T. TAYLOR, Jr., Minister of the Gospel.

A good Hair Dressing has long been wanted for the use of ladies and children, but it has been unattinable, Most of the so called Hair Dressing sold at the Drug stores contain alcohol and oil-ingredients which are destructive to the life of the hair-give rise to many diseases of the scalp, and soil everything with which they come in coutact. 1 Certain Cure for this Disease may be found in the use of PERRY DAVIS' VEGETABLE **Pain Killer!**

MANHATTAN, Kansas, April 17, 1866. Gentlemen- * * I want to say a little more about the Gentlemen— " I want to say a little more about the ain Killer. I consider it a very valuable Medicine, and ways keep it on hand. I have travelled a good deal since have been in Kansas, and never without taking it with ite. In my practice I used it freely for the Asiatic Cholera h 1849, and with better success than any other medicine. also used it here for cholera in 1855, with the same good Yours truly, A. HUNTING, M. D. esults.

* * * "I regret to say that the Cholera has prevailed ere of fate to a fearful extent. For the last three weeks, om ten to fifty or sixty tatal cases each day, have been sported. I should add that the Pain Killer sent recently om the Mission House has been used with considerable access during this epidemic. If taken in season, it is ge-terally effectual in checking the disease. "REV. CHARLES HARDING, "Sholenore India"

Sholapore, India.

This certifies that I have used Perry Davis' Vegetable ain Killer, with great success, in cases of cholera infan-im, common bowel complaint, bronchitis, coughs, colds, c, and would cheerfully recommend it as a valuable fa-REV. JAMES C. BOOMER.

Mesers, Perry Davis & Son :- Dear Sirs-Having witness-the beneficial effects of your Pain Killer in several cases Dysentery and Cholera Morbus within a few months would most cheerfally recommend its use to such as may suffering from the aforementioned or similar diseases, a safe and effectual remedy. BEV. EDWARD K. FULLEE.

The following letter is from Mr. Woodward, of St. Louis, J. N. Harris, Esq., New London, Conn. Mr. W. is a atleman of high respectability, and during the prevance of the cholera in St. Louis watched the result of the plication of the Pain Killer for this disease, and his tesnony can be relied upon with the utmost confidence :--Dear Sir-You recollect when I saw you in New London January last, my expressing to you my most sanguine cpectations that DAVIS PAIN KILLEE would have a tremen-

January last, my expressing to you my most sanguine opectations that Davis Pain Kittles would have a trementous sale in the West this season, and my anticipations have been more than realized, and the testimony of thousands who have usd it has been that they would not be willing to go to bed at night without it in the house. On the appearance of the cholera in this city, such was is e confidence in the Pain Killer as a remedy, that many ho purchased it remarked to me that they had no fears or wand of the cholera as long as they had the Pain Killer by each of the cholera as long as they had the Pain Killer by each of the cholera as long as they had the Pain Killer by each of the cholera as long as they had the Pain Killer by each of the cholera selong as they had the Pain Killer by each of the cholera they use this medicine. This was the security and control when the security and control they use this medicine. This was the security and control when the security and they use this medicine. This was the security and control is disease, it has peored successful.
I consider it an infallible remedy. I have not heard of hy individual in any family who used the Pain Killer when tacked, but what speedily recovered.
The clerk informed me that he administered it to permise when cold and in the cramps, and it gave immediate blief, but still it should be given quickly, for when the secharge of "rice water" has begun, the bope of life has ed. Should this disease make its appearace among you, it will be remedy, and I am confident if the ain Killer is used, not a death by sholera will occur in our city.
