A Paris telegram states that it is definitely arranged that the representatives of France, England, and Russia, on the one side, and Austria, Prussia, and Italy on the one side, and Austria, Prussia, and Italy on the other side, will assemble at the Foreign Ministry Office, in Paris, under the presidency of Drouyn de L'Huys, formally opening the Conference to solve pacifically the pending questions between Austria, Prussia, and Italy. There was, however, no indications of a relaxation in their military preparations by the several powers, and the almost universal feeling was that a peaceful solution was horseless.

EUREKA. - We met Jones, the broker, on Washington Street, this morning, but instead of clasping the hand of the grizzly, wrinkled Jones of the present, we grasped the digits of the fresh and buoyant Jones of twenty years ago. We could not account for the change. Experience, alas, admonishes us that neither a new tile from Aborn's nor a new suit from Messenger's, will make an old man young. After a few words of congratulation my friend explained. He had tried the thousand and one preparations for restoring grey hair to its original color with discouraging results. A friend recommended Knights' Oriental Hair Restorer-he gave it a trial, and now stood. before me, a walking advertisement of its matchless

CHOLERA!

A Certain Cure for this Disease may be found in the use of

PERRY DAVIS' VEGETABLE

Pain Killer!

MANHATTAN, Kansas, April 17, 1866. Gentlemen— * I want to say a little more about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have travelled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849, and with better success than any other medicine. I also used it here for cholera in 1855, with the same good Yours truly

Yours truly,
A. Hunting, M. D. A. HUNTING, M. D.

* * "I regret to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or fixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effectual in checking the disease.

"Rev. Charles Harding, "Sholapore, India."

This sertifies that I have wead Parry Davis' Vegetable.

This certifies that I have used Perry Davis' Vegetable Pain Killer, with great success, in cases of cholera infautum, common bowel complaint, bronchitis, coughs, colds, &c., and would cheerfully recommend it as a valuable family medicine. REV. JAMES C. BOOMER.

mily medicine.

Mesers. Perry Davis & Son:—Dear Sirs—Having witnessed the beneficial effects of your an killer in several cases of Dysentery and Cholera Morbus within a few months past, and deeming it an act of benevolence to the suffering. I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar diseases, as a safe and effectual remedy.

Rev. Edward & St. Louis

The following letter is from Mr. Woodward, of St. Louis, J. N. Harris, Esq., New London, Conn. Mr. W. is gentleman of high respectability, and during the preva-lence of the cholera in St. Louis watched the result of the application of the Pain Killer for this disease, and his testimony can be relied upon with the utmost confidence:—

Dear Sir—You recollect when I saw you in New London in January last, my expressing to you my most sanguine expectations that Davis Pain Killer would have a tremendous sale in the West this season, and my soticipations have been more than realized, and the testimony of thousands who have usd it has been that they would not be willing to go to bed at night without it in the house.

On the appearance of the cholera in this city, such was the confidence in the Pain Killer as a remedy, that many who purchased it remarked to me that they had no fears or dread of the cholera as long as they had the Pain Killer by them, and hundreds took it daily as a preventative, for no persons can have a derangement of the bowels or distribute if they use this medicine. This was the security and confidence of hundreds acquainted with it, and when their friends were attacked with the cholera they would administer the remedy in large quantities with it, and in every case when it has been taken in any of the first stages of this disease, it has proved successful.

I consider it an infallible remedy. I have not heard of any individual in any family who used the Pain Killer when attacked, but what speedily recovered.

The clerk informed me that he administered it to persons when cold and in the cramps, and it gave immediate relief, but still it should be given quickly, for when the discharge of "rice water" has begun, the hope of life has fied. Should this disease make its appearance among you, as in all probability it will, be not alarmed; you and all others there have the remedy, and I am confident if the Pain Killer is used, not a death by cholers will occur in your city.

Respectfully yours,

A. P. Woodward. nony can be relied upon with the utmost confidence :-

Those using the Pain Killer should strictly observe the
