We can only say for ourselves, that these sentiments, on the part of the Canadians will be cordially reciprocated in this country, and that the Colonists may confidently rely on all the sympathy and succour which it will be our duty to give, and which their loyal affection deserves.

We congratulate Dr. Alward on the success of Tuesday. He was elected Mayor of St. John by the handsome majority over Mr. Woodward of 170 votes.

ENGLISH AND FOREIGN.

ARRIVAL OF THE "HERMANN."

NEW YORK, April 30.

The steamship Hermann, from Southampton, with dates to the 18th, has arrived. The stowing away of the new Atlantic Cable in the tanks on board the Great Eastern commenced on the 14th. The laying of the Cable commences in July.

The *Times* says:—"The more the Franchise Bill is discussed, even by its best friends, the more it loses of that body and solidity, and consistency it might at first have credit for."

The *Times* City article says: "Confidence is completely destroyed. The only chance for a turn in the markets would be from the actual commencement of a war on the Continent."

The news from Germany is less threatening.

RUSSIA.—An attempt has been made to assassinate the Czar, but the bullet missed its aim.

ARRIVAL OF THE "HIBERNIAN."

NEW YORK, May 1.

Hibernian with Liverpool dates to 20th April passed Father Point last night.

German advices continue to be more favourable, and there is growing belief in peace. A Vienna telegram of the 18th says Bavaria, Wortemburg, Saxony, Baden and Darmstadt, are quite satisfied on the German and Federal question. Should war occur, they would all be on the side of Austria. Their agreement has encouraged the hope that peace would not be disturbed. The Berlin correspondent of the London *Times* says, "Count Bismarck has repeatedly tendered his resignation within the last few days, but has been unable to obtain the sanction of the King to his withdrawal."

The modification of the Cabinet will probably be accelerated by the Emperor of Austria having informed the Emperor of the French that under the circumstances, he would not object to lay the question of the Duchies before an European Congress.

The same writer says most positively that no concentration of troops has taken place at any part of Prussia, and that there is not a trace of any measure capable of being construed as an aggression. Peace meetings continue to be held in the large town throughout Prussia.

ARRIVAL OF THE "SCOTIA."

Liverpool dates to the 22nd. Nothing had been heard of the City of Washington three weeks out. Heavy premiums were demanded upon her.

The House of Commons continued to debate the Reform Bill. A division was not likely to take place for several days.

Head Centre Stephens had been feasted by the Marquis DeBoissy in Paris. Up to the night of the 20th the belief in a pacific adjustment of the German difficulty grew stronger. Telegram spoke of concession by Austria and other rumors leading to the conviction that peace would be maintained. Funds in England and the continent improved under pacific influence.

Great activity is reported in the Italian navy, all the vessels are being prepared for service.

The Portuguese Chamber of Deputies has approved the Contract for a telegraph line to America by the Southern route.

LIVERPOOL, 21st.—Mr. Peabody is among the passengers by the Steamship Scotia. He was warmly cheered on embarking at Liverpool.

PARIS, 21st.—A telegram from Vienna confirms the news that Austria in replying to the Prussian note of the 15th has submitted propositions for future disarmament, Proposals are as follows:—Austria and Prussia shall each restore their military establishments to the *statu quo* which existed prior to the late defensive measures; that 25th April be the day for mutual disarmament. Austria consents to disarm on that day and is even willing Prussia should disarm early on the 26th. The Austrian proposition is said to have been communicated to Paris and London, where it has been cordially approved.

UNITED STATES.

BOSTON, April 28.

Wm. H. Grace, the Fenian organizer and Captain of the last Eastport expedition, has arrived from Portland on his way home. He says the expedition would have been a success had it been sustained. He considers O'Mahoney an imbecile and a fraud on the public, and says that the only hope of success now is in supporting Roberts and Sweeny. He has told the Circle to send no more money to Union Square.

NEW YORK, 28th—Dr. Bissel reports no admission of Cholera patients to the Hospital Ship. Since his last reports there have been three deaths.

A despatch from Detroit, 27th, says a large fire occurred last night at the Railway Depots. Second despatch says the loss to the Milwaukie and Detroit Railroad by the fire last night will reach $200,000. and the Michigan and Southern will lose $20,000. The fire was occasioned by a barrel of Kerosene oil, which leaking was ignited from a lamp. The fire spread in all directions and in a few seconds the building and ferry boat were wrapped in flames. A lamentable loss of life occurred on the boat. The *Tribune* gives the names of 28 deck hands, firemen, and porters, who are supposed to have been burnt or drowned. The boat was towed to the Canada shore where she burned to the waters edge.

NEW YORK, April 30.

A large fire this morning in New Haven, Conn., destroyed the New Haven clock manufactory, consisting of six buildings, and eleven dwelling-houses adjoining. 200 workmen are thrown out of employment, and 20 families rendered homeless. Loss $200,000; insured $146,000.

BOSTON, 30th.—British schooner Amaranth, Jones master, which arrived here this morning from Clemensport, reports passed April 26th, about latitude of Mount Desert Rock, longitude that of Libby Island, the wreck of brig Sea Bird, of St. John, N. B., head down, stern only visible, and no one on board.

We distrust these nostrums which are advertised to cure all diseases, and hence we distrust most of the medicines which are advertised in public prints. Dr. Larookah's Pulmonic Syrup we know to be an unfailing remedy for that class of diseases which it professes to cure—as is attested by many of our friends who have been rescued by its use from untimely graves.

No remedy within our knowledge has been used with such uniform success or has so strong a hold upon the confidence of the more intelligent classes of the community.—*Portland Age.*

LETTER FROM A MOTHER IN LOWELL, MASS.—Dear Sirs—I am happy to be able to certify to the efficiency of Mrs. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of the Soothing Syrup in order to test the remedy, and, when given to the boy according to directions, the effect upon him was like magic; he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since, and the little fellow will pass through with comfort the excruciating process of teething by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children should possess it.

Lowel, Mass. MRS N. A. ALGER.

AN EXCELLENT REMEDY.—Whoever is troubled with Hoarseness, Cough, or Soreness of the Throat, can rely on an excellent and safe remedy by using Brown's BRONCHIAL TROCHES. We have tried the article, and safely recommend them in all cases of Throat Irritation. To singers and public speakers they are of great value.—*Albion (Ill.) Courier.*

☞ Dr. J. R. FITCH has removed to 122 Germain Street, where he can be professionally consulted at all hour.

At Kingsclear, on Thursday 26th April, Deacon Aaron Hartt, in the 79th year of his age.

At Woodstock, on Tuesday, the 10th April, Sister Sarah Foster, aged 56 years. Sister F. was a great sufferer, but during all her sufferings she expressed unshaken confidence in Christ as the one foundation. When first she began to think of dying, and leaving her family, the church and her friends, she seemed very anxious that she might be triumphant in the hour of death, concerning which she said to me upon one of my visits, "Pray that Christ may be with me through death." Among all with whom I have conversed in their dying hours, there have been none more clear and decided concerning the intermediate state of the dead. I could not express my sentiments better than in Paul's second epistle to the Corinthians, fifth chapter, and from the sixth to the eighth verse "Therefore we are confident, knowing that whilst we are at home in the body we are absent from the Lord: (For we walk by faith, not by sight:) We are confident, I say, and willing rather to be absent from the body and to be present with the Lord."

Suddenly, at Moncton, on the 24th ult., Margery, relict of the late Mr. Colwell Fullerton, aged 59 years

At Amherst, N. S., on the 22d ult., William White Bent, Esq., in the 67th year of his age.

At Halifax, N. S., on the 24th ult., Mrs. John Mooney, aged 43 years.

On the 22d March, on the passage from California to New York, Mr. Aaron Sproul, a native of this Province. His remains were interred in the Naval Burying Ground, Flamingo Island, Panama.

THIS COMPANY INSURES AGAINST THE FOLLOWING ACCIDENTS:—All forms of Dislocations, Broken Bones, Ruptured Tendons, Sprains, Concussions, Crushings, Bruises, Cuts, Stabs, Tears, Gunshot Wounds, Poisoned Wounds, Burns and Scalds, Frost Bites, Bites of Mad Dogs and Serpents, Unprovoked Assault by Burglars, Robbers, Murderers, &c., the Action of Lightning or Sun Stroke, the Effects of Explosions, Chemicals, Floods and Earthquakes, Suffocation by Drowning and Choking, when such accidental injury is the cause of death to the insured, or of disability to follow his usual avocations.

Every Man should be Insured against Accident!

It is good evidence of prudence and sagacity in a man to provide for future contingencies. The events of every day life demonstrate the liability of EVERY ONE to accidents of some form or other, which either disable the individual for weeks, and thus not only cause pain and suffering—which we cannot alleviate of course—and take the individual from his or her occupation, but also create many expenses, which last the Company, for a trifling sum, is willing to assume.

The events of every day life also teach us all of the liability to Accidental Death, and it is the part of a kind and loving husband, father, son, or brother, to provide for those he loves, after his death.

GENERAL ACCIDENT POLICIES

Issued by this Company secure to the person insured the payment of A FIXED SUM PER WEEK (from $3 to $50) during the time he may be disabled by accident—not to exceed twenty-six weeks for any one accident; and in case of death by any form of casualty, the payment of a fixed sum (from $500 to $10,000) to the friends of the person insured, or party for whose benefit the Policy is issued, at

Rates of Premium within the reach of all.

Under the system adopted by this Company, persons may be insured for Weekly Compensation only, for Death only, or for both.

STORMONT, N. S., 21st Feb., 1866.

MESSRS. ROGERS & CO.:

Gents:—I must certainly confess that yours is the best Ointment ever found out for Cuts (old or new), or Inflammation of any kind. I know of one case—a lady in Guysboro', whose leg was fearfully swollen, from her ancle having been broken some time before, and the leg used to swell and cause her great pain. They sent to me for some of the Ointment, and her husband wrote me it acted like a charm in subduing the inflammation, and giving instant relief. I think you had better put some of it up in smaller and cheaper boxes.

I think when it becomes known, it will be universally used. I put it *in* my *Eyes*. They were weak, and it done them much good.

It took a wart off one of my Cows' eyes that nearly blinded her. In three times rubbing it took it off as if it was cut off with a razor.

You will hear from me again soon.

Your obedient servant, T. S. MILWARD.

We are constantly receiving such letters as the above.
