UNITED STATES.

The President's political speeches along his Western tour have filled the Republican party with burning indignation. They are represented by the press as not only highly objectionable, but sufficiently monstrous to mantle every American cheek with shame, because of the reproach he has brought upon the civilization of the age. The President's policy is declared by the most reliable papers to be the coun terpart of that pursued by Louis Napoleon, when preparing for his wonderful coup d' etat, which issued in his enthronement as the Emperor of France ; and already do they openly proclaim their fears that awful scenes of violence will be enacted before many months shall have passed away. Surely all christian hearts will pray most earnestly that these painful apprehensions may never be realized.

Henry Ward Beecher's course is handled without gloves; but the opposition that is pouring out upon him the vials of its wrath will only fire him with a more determined zeal in the advocacy and justifica tion of the position he has assumed.

The trial, condemnation and hanging of Jeff. Davis remain in statu quo. Amid the din and strife of party conflict, poor Jeff. may be allowed to escape. The Constitution of the State of Pennsylvania which has thrown a Jarge Republican ticket for some years, does not allow the negro to vote.

The national debt was reduced during the month of August to the extent of \$37,000,000.

The popularity of General Lee as President of Washington College, is rapidly enlarging the funds o that Institution. A New York journalist proposes to endow a professorship, which would cost him probably \$50,000, if the General would consent to write just one article for his paper.

The will of the late Alexander Campbell, it is said, covers about a quarter of a million of dollars. It is now being tested in law by the heirs of his first wife.

An American Atlantic Cable Telegraph Company has been recently formed in New York, with a capital of \$10,000,000, for the purpose of establishing a line from New York to Bermuda, via Cape Charles, Va., thence to the Azores, and so on to Lisbon, Portugal. NEW YORK, Sept. 18th.-Special despatches from

Canada state that the military preparations are increasing. Five new companies have been organized, and an

ammunition factory is about being constructed by the Government. D' Arcy McGee is becoming very unpopular on

account of his temporizing policy. The propellor Congress, of Detroit, seized some

time ago, has been released. General Meade is at Montreal and had a cordial

THE INTRODUCTION PERRY DAVIS'

to the Suffering Humanity of this Age, Has relieved more pain, and caused more real joy than any one thing that can be named.

IT IS A "BALM FOR EVERY WOUND." Our first Physicians use it and recommend its use : the

pothecary finds it first among the Medicines called for, and the Wholesale Druggist considers it a leading article of his trade. All the Dealers in Medicine speak alike in its favor, and its reputation as a Medicine of Great Merit and Virtue is fully and permanently established, and it is the

and restored ; the exhausted refilled with tal energy ? We aver that of all invigorating preparations given by science to man, from the institution of the art of healing to the present hour, not one has wrought such wonders in the way of restoration as HOSTETTER'S CELEBRATED STOMACH BITTERS. This is indeed the tonic of tonics. As a revitalizing, strengthsupporting, life-prolonging agent, the like of it is not to be found in the catalogue of medicines. Among the various articles used to arouse the dormant pow ers of nature, it stands alone-the great awakener of the paralyzed physique. It not only awakens the physical pawers from a state of collapse and inanition, but it imparts permanent vigor to the muscular and nervous systems-reinforcing, as it were, both the stronghold and the outworks of vitality. The aged, the decrepid, the nervous, the broken-down of both sexes, are recommended to try it. They will assuredly find it a present help in time of trouble.

We have but little confidence in the trumpet tongued statements of the proprietors of advertised medicines generally, but we are forced to concur in the opinion, uniformly expressed by all who have used PEBRY DAVIS' PAIN KILLER, that it is a very valuable article, and one that would be well for every household to have at hand, in case of bruises, scalds, burns, diarrhea, dysentery, cholera, fever and ague, and the host of diseases, internal and external, which it is adapted to cure or alleviate. No article of medicine ever attained to such unbounded popularity and extensive diffusion. It has penetrated to every part, even the most remote, of the known world, bearing with it its healing influences more potent than those of the spices of " Araby the blest." We are informed by our principal druggists, that they sell more of this article for exportation than any or all others, and that the demand is constantly increasing .- Salem Observ. PERRY DAVIS' VEGETABLE PAIN KILLER !- The Universal Remedy for Internal and External Complaints !- At this period there are but few of the human race unasquainted with the merits of the Pain Killer: but while some extol it as a limment, they know but little of its power in easing pain when taken internally, while others use its internally with great success but are equally ignorant of its healing virtues when applied externally. We therefore wish to say

to all that it is equally successful whether used in ternally, and it stands' alone, unrivalled by all the great catalogue of Family Medicines, and its sale is universal and immense. The demand for it from India and other foreigh countries is equal to the demand at home, and it has become known in those far off places by its merits-the proprietors have never advertised it or been at any expense in its introduction into foreign lands.

THEY do not cramp or rack the delicate frame or weak constitution, but will be found particularly use ful in stimulating the weakened and distempered parts into healthy action. Use Parsons' Purgative Pills

A spoonful of Blood's Rheumatic Compound, mixed with half a cup of molasses, makes an exceller Cough Syrup. Try it.

THIRTY YEARS' EXPERIENCE OF AN OLD NURSE .-Mrs. Winlsow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for thirty years with never-failing safety and success, by millions of mothers for their children. It relieves the child from pain, cures dysentery and diarrhea, griping in the bowels and wind colic. By giving health to the child, it rests the mother.
