Ten Reasons why Hostetter's Stomach Bitters Should have a Place in Every Home.

BECAUSE, by invigorating the constitution and the frame, they avert sickness.

BECAUSE (especially) their use prevents the atmospheric poison which produces epidemics from taking

effect upon the system. BECAUSE they cure indigestion, and impart unwonted vigor to the stomach. BECAUSE they are the best appetizing medicine at

BECAUSE they are the only preparation upon which persons of a bili rus habit can safely rely to keep the

liver in good order. BECAUSE they tone and regulate the bowels, and invariably relieve them when constipated, without

causing undue relaxation. BECAUSE they strengthen the nerves, clear the brain, and cheer the animal spirits.

BECAUSE in case of an attack of spasms or bilious colic they are the best thing that can be administered

BECAUSE they combine the three properties of a tonic, an alterative, and a nervine in their utmost purity and perfection.

BECAUSE they are a specific against Ague and Fever, and all intermittens, and with all their potency as a preservative and a remedy, are as harmless as water from a mountain spring!

PERRY DAVIS' VEGSTABLE PAIN KILLER after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there have been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased, and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations which can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores. Sprains, Cuts, Stings of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

WANT of appetite sometimes arises from over exertion, or suffering the horse to stand without proper exercise. Let the horse have a mixed diet of shorts and cut hay, given at regular hours, and nights and mornings a dose of Sheridan's Cavalry Condition

CHOLERA, which raged so fearfully in 1848, was cured in a multitude of cases by the use of Johnson's Anodyne Liniment. It is a sure cure for cramp and pain in the Stomach.

Arrival of Dr. Lewis La'Mert in St. John, N. B.

TO THE NERVOUS AND DEBILITATED.—Dr. L.
La'Mert, of 37 Bedford Square, London, Member of the Royal College of Surgeons of England; Doctor of Medicine of the University of Rostock, &c., begs to inform his Patients, and others seeking confidential Medical Advice, that he has arrived in St. John, on a Professional visit, and may be consulted on all cases of Nervous and Physical Debility, and Local or Constitutional Weakness, daily, for a limited period only, at 132 St. James' Street, (corner of. Wentworth street,) St. John.

The great experience derived by Dr. L. La'Mert both, whilst assisting Dr. Samuel La'Mert, of Londou, in his extensive Practice, and in the various Hospitals of Continental Europe, affords an ample guarantee, to those seeking advice, of being under the care of a legally-qualified Practitioner. Dr. L. La'Mert's name is to be found in the 'Medical Register,' published under the Authority of the Medical Council of Great Britain, and is, consequently, not to be classed with the names—in many cases assumed—of a horde of adventurers, who, through the public press seek to impose upon the credulous and unwary, by the publication of pretended qualifications and the advocacy of specifics, that are never beneficial, and in most cases positively injuriovs.

COTTON WARPS. E would request the attention of those who use WE would request the attention of those who ascarded the Cotton Warps, to the kind which we are now manufacturing at the NEW BRUNSWICK COTTON MILLS. We spin Nos. 7's, 8's and 9's, and they are warped and thus saving much labor, and being sized by machinery, thus saving much labor, and being better done than by hand. They have been extensively used through the Province during the last year, and have been proved to be both better and cheaper than any imported either from England or the United States. We intend to manufacture them largely for the next few months, and would wish parties in want of such goods to give them a trial. They can be obtained from the principal Dry Goods houses in the City and throughout the Province.

Has relieved more pain, and caused more real joy than any

IT IS A "BALM FOR EVERY WOUND."
