What the "Christian Visitor" aims 10 do, and what it expects in return.

This is no mere private interest ; but a denominational matter. We toil day and night to supply tho families of our denomination with intellectual and spiritual food-to exert a moral and religious influence over the habits of old and young-to check vice in all its forms, and to promote holy living and happy dying---to strengthen the hands of our ministry; infuse life and earnestness into our churches. confirm all the members in the faith-foster a love for education, Sabbath-schools, missions, temperance, and for every good word and work. To do good to all, of every name and class, and to injure none.

Such are the aims of the Visitor, and what does it expect in return.

1. The prayers of the brethren, that its aims, with the divine blessing may be accomplished.

2. That it may have a cordial welcome in every Butist family.

8. That every one who takes it shall pay for it promptly.

Are the aims not good ? Are the expectations un reasonable? If both are right, then let the Editor and Proprietor faithfully do his part, and let every subscriber honestly to do his.

We want every dollar that is due the Visitor this very month of October, to meet pressing demands and five hundred additional subscribers to commence this year. The sum to each one indebted may be small; but the total to us is immensely important. Do not wait for bills, or agents in this matter. Hand the amount due over to your minister or to the nearest agent, or hand it in to our publishers, Messrs. Barnes & Co., or enclose it in a note to our address. By so doing you will have the satisfaction arising from the discharge of a sacred obligation, and from knowing that you have cheered the heart of your editor.

Donations for the erection of an appropriate monument to the memory of the late Rev. SAMUEL ROBINSON, will be received at the offices of Messrs. J. Smith, Z. Gabel, T. H. Hall, and Barnes & Co. Those gentlemen are requested by the Brussels Street Church to keep the subscription open until the first of December, with the understanding that no person will be expected to contribute over one dollar.

A Brief Dialogue between Common Sense and a Dyspeptic.

COMMON SENSE. Is it possible for any human being to enjoy life while suffering from indigestion ? Dyspeptic. No more than it is possible to be happy on the rack. I speak from experience.

COMMON SENSE. Suppose, then, that a remedy for this terrible complaint is offered, under the guarantee of hundreds of individuals of high social standing, who have fested the effect of the article in their own cases, is it not unwise in any one afflicted with the disease to neglect giving it a trial ?

DYSPEPTIC. Unquestionably. I admit the premi ses. What is the deduction ?

COMMON SENSE. Give heed. HOSTETTER'S STOMACH BITTERS is such a remedy. The evidence of its efficacy as a cure for dyspepsia, is positive, complete, undenied, and undeniable. Have you ever ascertained by experiment whether it is or is not the infallable cure that it is claimed to be?

Dyspeptic. I confess that I have not. COMMON SENSE. Then you stand convicted of folly

by your own showing. If the same strong proofs that have been advanced in favor of this great tonic had been submitted to you with regard to any business speculation, you would have gone into it at once. Is HEALTH of less importance than the dollars and cents which no man can enjoy without it ?

PERRY DAVIS' PAIN KILLER.-It is a real pleasure to us to speak favorably of this article known almost universally to be a good and safe remedy for burns and other pains of the body. It is valued not only for colds in the winter, but for various summer complaints, and should be in every family. The casualty which demands it may come unawares. - Christian Advocate.

PAIN KILLER, taken internally should be adulterated with milk and water, and sweetened with sugar if desired, or made into a syrup with molasses. For a Cough and Bronchitis, a few drops on sugar, eaten, will be more effective than anything else. For Sore Throat, gargle the throat with a mixture of Pain Killer and water, and the relief is immediate and cure positive.

As a general medicine we can recommend Parson's Purgative Pills as the best and most effectual remedy ever offered to the public for the cure of dyspepsia, nervous debility, headache, oppression after eating, &c.

COLDS AND COUGHS,-Sudden changes of climate are sources of Pulmonary and Bronchial affections. Experience having proved that simple remedies act speedily when taken in the early stage of disease, take at once " Brown's Bronchiat Troches," let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be warded off.

THERE are many remedies that remove one pain only by substituting others worse than the first. Blood's Rheumatic Compound is not one of these ; it does not injure or destroy the constitution.

MILLIONS OF BOTTLES of Mrs. Winslow's Soothing Syrup are sold and used with never-failing success. It is an old and well-tried remedy, and has stood the test of years. It relieves the child from pain, regulates the stomach and bowels, cures wind colic. soltens the gums, and, by giving rest and health to the child, comforts the mother.
