The Portland Baptist Church

will hold their Quarter Centennial Anniversary on Good Friday, the 19th inst. Public meetings for praise and thanksgiving for past favors and prayer for future blessings will be held at 9 o'clock. A. M. and 21 and 7 P. M. All who are now, or ever have been members of the church are requested to be pre sent; and those who have interesting reminiscences of the early history of the church and of the various revivals with which it has been visited, are requested to be present and relate them.

On Good Friday, twenty-five years ago, Rev. Theodore S. Harding preached in the streets of Indiantown to the largest crowd of people, it is supposed, that ever assembled in these parts for that purpose. On the same day, Brethren Robinson and Harding baptized 19 believers. This was the second time the waters of Indiantown were ever consecrated by the sacred rite, the Rev. Samuel Hartt having baptized two the Sabbath before. The Church in this place was organized on the 27th of April, 1845, with about 35 members. The pastor expects to preach an anniversary sermon on Sabbath evening the 28th inst.

The church is now greatly revived. Special meetings have been held on almost every evening for the last two months and more. Since our meetings began, 34 have been added to the church by baptism, 1 by letter, and 2 have been restored. Many more are rejoicing in hope, others have been reclaimed from their backslidings, and others are sending for their letters to unite with us. The work still goes OR. IN OCT. MARINAL

He lived the life of a christian. He professed religion over 70 years, was a remarkably mild and patient man, and for many years has been patiently waiting the summons to call him home, having his hope grounded on the Rock of Ages, and we repeat, "Blessed are the dead that die in the Lord."—Communicated by his grandson, Sawuzi, L. Dow.

SANUEL L. DOW It becomes my painful duty to inform you of the death of my much-loved mother, widow of the late Rev. L. H. Marshall. She died at Hopewell, Albert County, on the Marshall. She died at Hopewell, Albert County, on the 16th ult., in the 56th year of her age. Her health appar-ently as well as usual, she went to spend the evening with a sick friend near by ; while there, she took a violent pain through her left lung, which continued very severe. The family physician, Dr. P. R. Moore, was sent for, and every effort was put forth to arrest the disease; but all to no avail. She lingered until the eleventh morning, suffering extremely. Her happy spirit took its flight to "the better land," where all is love, and where pain, sickness and land," where all is love, and where pain, sickness and sorrow are never known, there to re-unite with the spirit sorrow are never known, there to re-unite with the spirit of my dear father, who only eleven short mouths ago was taken to his home in glory. There, I trust, they will find their dear children whom God saw fit to remove before them, a daughter aged 3 years, and their son Alfred, aged 25 years. Certainly theirs will be a happy meeting. My dear mother was very calm all through her illness; she seemed to eajoy much of the presence of God. In reply to the question, De you feel Jesus to be precious to you ? O yes, she said, Jesus is precious, he is my all and in all ; and she repeated the first stanza of that beautiful hymn, "Then while you hear my heart-strings break.

"AN ACKNOWLEDGED INSTITUTION."-" Brown's Bronchial Troches," are among the acknowledged institutions of the land. What would our ministers. our lecturers, our lawyers, do without these invaluable Troches ! To what an amount of "ahems," and coughs, and throat clearings would be all subjected, were it not for those all-powerful and soothing lozenges ? We have tried them, and they did us good."-New York Waverley.

We often hear it remarked that our finest horses come from Vermont. Why is it ? Because they never relax their watchful care from the time they are foaled until they are ready for market. Sheridan's Cavalry Condition Powders are very beneficial to

Perry Davis' Pain Killer.

We clip the following from the Providence General

"At this season of the year, when cholera, cholera morbus, dysentery, and other kindred complaints are sure to prevail, everybody should be liberally supplied with Perry Davis' Vegetable Pain Killer. Persons leaving home, whether it be for a day's excursion or a trip to Europe, should be in a condition to place their hands on it at a moment's warning. Many diseases incident to the summer months, which will prove fatal if not immediately checked, can be promptly cured by one or two doses of the Pain Killer. On more than one occasion have we been re-lieved of intense suffering by the timely use of the above named preparation.

ando Hostetter's Stomach Bitters.

Common sense tells us that unless the stomach is kept in good working order, the system to which it lies the elements of blood, cannot be vigorous and healthy. Nothing has yet been discovered or invented that so effectually and invariably cures and prevents imperfect digestion as Hoststren's STOMACH BITTERS. Dyspepsia, flatulence, oppression after eating, and the feeling so often described by the sick as an "all-gone" sensation, are removed in a few days by the use of this most healthful of all stimulants. No one, however feeble, need fear it, for it contains no flery ingredient. It excites neither the circulation nor the brain. On the contrary, its effect is genial and soothing. It promotes sleep as well as restore the energy of the digestive powers, and may be taken not only without danger, but with a certainty of the most desirable results by the feeblest lady invalid.

At his residence, Clements, on the 24th altimo, John L. Potter, Esq., aged 65 years. Mr. Potter found peace in be-lieving in Christ about 50 years since, during the first great revival in these parts. But being quite youthful at the time, and his convictions and conversion not so deep and clear as many others apparently, he was a subject of doubts and fears with reference to the genuineness of the work of grace in his own heart ; and for these reasons, as he told us on his dying bed, he never joined himself with the peo-ple of God in any church. But for many years was enabled by God's grace helping him, to maintain tamily worship, which we fear many church members are apt to neglect. But when he was made conscious, by the rapid march of disease, that his end was near, he was obliged to take up with the little hope (using his own words) that God had given him years past, and pray to God for more, which prayer was readily answered by a fresh manifestation of God's love. "Though seed lie buried long in dust,

prayer was readily answered by a fresh manifestation of God's love. "Though seed lie buried long in dust, 't shall ne'er deceive our hope; The precious gain shall ne'er be lost, For grace ensures the crop." He desired to recover 'strength that he might follow his Lord in the ordinance of baptism; but if not, he hoped God would forgive him for neglecting to observe. His sickness was protracted and painful; but not a murmur escaped his ltps. Frequently during his illness, he would break out in prais-ing God for the promise in His word, and for the founda-tion of the christian's hope. On Sabbath morning he died prayerfully and sweetly, saying, all is well. Mr. Pot-ter was an obliging neighbour, a kind husband, a faithful parent, and a good counsellor. We all feel that we have lost a good man. He has left a wife and six children, with many other friends, to mourn their loss. His wife is a sis-ter of ar much esteemed and now afflicted brother, Rev. A. S. Hunt. May God comfort and support the mourning friends in this time of deep affliction. "O, stay thy tears; for they are blest, Whose days are past, whose toil is done : Here midnight care disturbs our rest; Here sorrow dims the noonday suf. "O, stay thy tears; the blest above Here why build to are blest above Here build to are disturbs our heir blat

"O, stay thy tears; the blest above Have hailed a spirit's heavenly birth, And sung a song of joy and love; Then why should anguish reign on earth. The funeral sermon was preached by the writer, from Heb. vi. 19, to a large and solemn gathering of friends and mourners.—Communicated by REV. G. D. Cox.

MASON & HAMLIN. MANUFACTURERS OF CABINET ORGANS AND

-PORTABLE ORGANS, Adapted to Secular and Sacred Music ; for Drawing-Rooms, Churches, Sunday and Day-Schools, Lodges, &c.

Uniting to a considerable extent the capacity of the Piano-Forte with that of the Pipe Organ, and costing much less than either.

They occupy little space ; are elegant as furniture ; not liable to get out of order, and are securely boxed, so that they can be sent anywhere by ordinary freight routes, all ready for use.

Forty Styles, plain or elegant cases; one to twelve stops; Prices, \$75, \$90, \$110, \$125, \$180, \$140, \$150, \$150, \$170, \$200, \$225, \$250, \$300, \$435, \$500, \$550, \$600, and upwards. The Mason & Hamtin Cabinet Organs were introduced four years since, and are a great improvement upon the Melodeon, Harmonium, and other reed organs, greatly excelling them, especially in the excellent quality and vari of their tones; in power and quickness of action, and ca pacity for expression.

Their success has been entirely beyond precedent, and proves how greatly such an instrument was needed. Again and again the manufacturers have been compelled to donble their manufacturing facilities, until they have increased six-fold. From the most eminent of the musical profes sion, the most distinguished pianists, organists, composers and musical directors, the Mason & Hamlin Cabinet Organs have received an amount and degree of commendation never before bestowed upon any similar musical instrument. More than two hundred and fifty of the most eminent musicians in the country have given written testimonials to sicians in the country have given written testimoniais to the value of the improvements contained in them, and that they excel all other instruments of this class. Fifty five Gold or Siver Medals, or other highest Premi-ums, have been awarded to Mason & Hamlin for the im-

riority of their instruments to all others. Constantly exhibiting their instruments in competition

with others, they have been awarded the highest premium in every instance, but three or four. For churches, sunday schools, &c., the MASON & HAM-LIN CABINET ORGANS are the instruments long wanted,

of the very best quality, abundant power, not too expensive, nor liable to get out of order. For private use, in drawing rooms, &c., they are not less

lesirable, and are finding a place in the musical families of the principal cities.

They are adapted to a wider range of music than the Pi-ano, being better fitted for all sacred music and for much secular music, while their quickness of action is such that the most lively, rapid music can be played on them. Then their cost is greatly less, as well as their liability to get out of order.

BRIEF EXTRACTS FROM OPINIONS OF DISTIN. **GUISHED MUSICIANS:**

I should think they would become very much sought after as parlor instruments as well as for public perfor-mance.—Sigismond Thalberg, the world-renowned Planist. fastidious .- N. Y. Observer. 371AW 3118 The MASON & HAMLIN CABINET ORGANS must no be confounded with other reed instruments, from whi they vary essentially, their superiority being largely do ved from PATENTED IMPROVEMENTS, which cannot employed by other makers. Among them are: The AUTOMATIC BELLOWS SWELL (patented), a most important invention, and greatly the best swell ever devised; being much more effective and easily used than any other. The variety and beauty of effect of which it is capable, cannot be appreciated except from actual use. The many attempts to imitate or find a substitute for this swell, prove its value. None of them however appreciated
