UNITED STATES.

The Republican feeling against the policy of President Johnson is again on the increase. General Grant has expressed strange disapproval of his acts, and a crisis is threatened. The Watchman and Reficetor says, that public interest is mostly concentrated on matters at Washington, where President Johnson is carrying himself as royally as if he had been born in the purple, instead of his skin, and had been brought up with a sceptre in his hand instead of a needle in his fingers. Tis wonderful to see how. position develops a man's qualities. Charles L never carried himself with more arrogance or more contempt for the popular will than our President manifeststhough, we dare to say, he thinks the Stuart king justive to this head for his disregard of the rights and wishes of his subjects. The chief difference between the king that was and the President that is, is this: That the former kept his head till it was chopped from his shoulders, whereas the latter has lost his head while it is on his body—and very little use it is to him. He has made a muddle of everything, and it is becoming the general opinion that nothing short of impeachment will meet the requirements of his case. Gen. Thomas being unable, on account of illness to take command in the lifth military district, he was allowed to retain his place in the Cumterret, ne was, antown, to retain mis prace in the Counter her hand dom. Hancock was orderd to New Urleans, while the President directed bins to annu Gen. Sheridan's acts, if he should thing it right to do so. This was in violation of the order given by General Grant to Gen. Thomas, and the law requires that all such orders, should go through den. Grant. The President slos removed Gen. Stokles from his command, in the second military district, composed of the Corolinas, and appointed Gen. Carby to succeed thin. He is out against Gen. Howard, whom he accuses of all sortesio errors. The meaning of this and other similar action is, that Mr. Johnson means to make a stout a fight as he can against the Rapublican party hoping to effect's reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to effect a reatoration of the Democratic party hoping to the party prediction of the Democratic party hoping to the party prediction of the party hoping to the party hoping to the party hoping to the party hoping to berland department, and Gen, Hancock was orderd to New Orleans, while the President directed him to annul

New YORK, Sept. 10th. A Constantinople special by cable, dated 9th, says the Russian Ambassador in this city, General Iganatoff, has presented to the Porte another note of his Government which demands the cassion of Crete to Greece, and full equality to Christians and Mahommedans in all the provinces of Turkey. The demand is declared to be the ultimatum of Russia. An answer is asked for within ten days. In diplomatic circles war is regarded as almost inevitable. Gold 431.

ENTLEMEN—Having been to day unexpectedly nominated by a number of Freeholders as a candidate for the representation of this City in the House of Commons, I have, in deference to their wishes, consented to contest the election for the seat as your representative.

1 regret that, not having been present at the Court

House when the pominations were made, I had not an opportunity to express to you my views upon some of the mportant subjects now before the constituency.

Upon the prominent question of the Intercolonial Raifway I would, however, wish it to be distinctly understood that I am in favor of its construction by the Western route, which I regard as the course most favorable to the interests of this Cit, and of the Province, and I should do all in my power to secure that route in preference to any other. If honored, Gentlemen, with a majority of your votes, I shall devote my be t efforts to the disinterested service

of my constituents.

I am Gentlemen. Your obedient servant.

JOHN WILSON, Jr. Saint John, 9th September, A. D. 1867. TO THE ELECTORS OF KING'S COUNTY. GENTLEMEN-At the solicitation of a large number of influential freebolders. I have been induced to offer myself as a Candidate for the representation of King's County in the House of Commons.

As I intend at the carliest possible period to address

meetings to the several Parishes, I do not deem it necessa-

Should you deem it expedient to entrust your political interests to my keeping, I shall serve you to the best of my judgment and ability. I am, gentlemen,

Wilmot and Gray, I shall be a Candidate to represent the City and County of Saint John, in the Local Legislature of New Brunswick. Should I receive a majority of your votes, I will endea-your to discharge the varied duties of a Legislator in such a manner as will advance the interests of this City and County, conduce to the prosperity of the whole country, and promote the contentment of the people. It is unnecessary to express 'pinions here upon sifijects beyond the jurisdiction of the Local Legislature; and of the subjects within such jurisdictions, no discussions hav-ing yet arisen, it would be difficult, if not impossible, to

anticipate the opinions discussions might induce.
You are aware that the new Federal Constitution greatly sporters the power of the Local Legislatures; but changed as these are, they yet remain the chief residences of the people's liberties; and your representatives will do well if they cannot legitimately increase, jealously to guard the remaining functions of your Local Government.

If it should come within the province of the Local Government to promote the more perfect union of our follows subjects throughout the United Provinces, and you should honour by electing me, I would cordially assist in a work or marketrious. so meritorious.
