The band of Fenians which were recently encamp-ed on the Galtee mountains has vanished, leaving no

trace of their whereabouts. The Government has offered a reward for the apprehension of Dance, one of the Fenian leaders. Mr Walpole, the Secretary of State for the Home Department, announced in the House of Common this evening that the news from Ireland was good.

Mr. Walpole also stated that the Government will not proclaim martial law in Ireland, but will try Feinians by a special commission. The subsidy to the Canadian Railway is to be pro-

Perry Davis' Pain Killer.

Dyspepsia can be, and is cured every day by the use of Perry Davis' Pain Killer. This is the most wonderful and valuable medicine ever known for this ise. Its action upon the system is entirely different from any other preparation known. The patient,

GENTLEMEN : It is with pleasure that I recommend the use of your Pain Killer. It is all that is required of it. In a household it is invaluable. I have used it in my family for the last three years, and at all times found it a sure cure for cholera morbus, pain in the stomach, diarrhoes, and all such complaints. I have always found it a specific. No family should be

AN EXCELLENT ARTICLE .- Mrs. Winslow's Sooth ing Syrup is an excellent article for all diseases of children. It relieves the child from pain, regulates the stomach and bowels, and, by giving health to the child, comforts and rests the mother. During the process of teething, its value is inestimable; cures wind colic and griping in the bowels.

A SPECIFIC FOR THROAT DISEASES .- "My con nication with the world is very much enlarged by the Lozenge which I now carry always in my pocket; that trouble in my throat (for which the 'Troches are a specific) having made me often a mere whisper-N. P. WILLIS

For Dyspepsis or Indigestion.

For Rickets, Weakness of the Joints and Muscles, Loss of Appetite, Lowness of Spirits, Impurity of the Blood.

The effects produced are return of appetite, improved digestion, increase of flesh, good spirits, rosy cheeks and red lips, returning strength to the nervous and muscular system, and gradually all the functions of the body are restored to regularity, health and vigor. Its actions on the secretions of the respiratory organs are manifest in a very short time, the mucous and morbid matters are easily voided; it assists expectoration without depressing the patient, (this alone is a very valuable discovery, as we have not in the history of medicine an expectorant which is not also a depressant, hence the patient is relieved from those racking paroxysms of cough without being subjected to debulitating influences.

was baptized on the 31st August, 1858.

On the 15th October, 1866, Sister Elizabeth Thomas, aged 51 years, wife of Bro. John Thomas, of Smith's Cove, Digby County, N. S. Our departed sister had been an active, useful, and consistent member of the 2d Hillsburgh Baptist Church for a nature of the 2d Hillsburgh Baptist useful, and consistent member of the 2d Hillsburgh Baptist Church for a number of years. Her last illness was short; and owing to the peculiar nature of the disease of which she died (typhoid fever), her friends were deprived of the privilege of knowing the state of her mind in her last moments. But her consistent christian deportment in life is a far more valuable evidence of the character of her piety than anything she might have said under the most favourable circumstances at the hour of death. By her death, the church has lost a useful member; the poor, a kind and sympathizing friend.

Sister Thomas was soon followed to her last resting place by her only daughter. Georgians, who died on the

sympathizing friend.

Sister Thomas was soon followed to her last reating place by her only daughter, Georgiana, who died on the 28th October, 1886, aged 25 years. She was also a member place by her only daughter, Georgiana, who died on the 28th October, 1866, aged 25 years. She was also a member of the 2d Hillsburgh Baptist Church. Consistent as a church member; active, punctual, and useful as a Sabbath school teacher; dutiful as a daughter; affectionate as a sister; sympathetic as a friend, her loss is deaply felt in the church, the Sabbath school, the home circle, and in society. But she has undoubtedly been removed to a better world. Her faith in Christ during her last days was strong and triumphant. Her spirit was joyful in contemplating death. She longed to depart and be with Christ.

The mother and sister were quickly followed by the elder son and brother, Edwin, who departed this life on the 17th November, 1866, aged 24 years. He publicly professed to have met with a change of heart some years previous to his death; but did not unite with any religious body. During his last illness he expressed unahaken confidence in God, and resignation to the Divine will. His end was peace.

And yet another blow had to fall upon the unhappy father. His second son, John, who was in the United States when his mother and sister died, arrived home the day after his brother was buried, and in exactly three months from the day of his brother's death, he too fell a victim to the same tearful disease of which they all had died. He died on the 17th ult., aged 21 years. During his stay in the States, the previous summer, he expressed, in his letters home, great satisfaction that he was privileged with living at the family altar as he had done at home. He was a member of the Order of the Sons of Temperance, by whom he was buried. Thus, by this peculiarly sad and afflicting dispensation of Providence, Brother Thomas has, within the space of about four months, lost the whole of his family, excepting his younger son, a boy of twelve years. And they too have apparently been brought to the verge of the grave by the same fell disease. Is not this an echo to us of the Master's words, "Be ye also ready, for in such an 0.98

The PAIN KILLER is by universal consent allow ed to have won for itself a reputation unsurpassed in the history of medical preparations. Its instanta-neous effect in the entire eradication and extinction of Pain in all its various forms incidental to the human family, and the unsolicited written and verbal testimony of the masses in its favor, have been, and are its own best advertisements.

The ingredients which enter into the PAIN KILL-The ingredients which enter into the PAIN KILL-ER, being purely VEGETABLE, render it a perfectly sare and efficacious remedy taken internally, as well as for external applications, when used according to directions. The stain upon linen from its use is readily removed by washing with a little alcohol. This Medicine is just celebrated for the cure of so many of the afflictions incident to the human family,

has now been before the public over TWENTY YEARS, and has found its way into almost every corner of the world; and wherever it has been used, the same opinion is expressed of its medical properties.

In any attack, where prompt action upon the system is required, the Pain Killer is invaluable. Its almost instantaneous effect in Relieving Pain is truly

It is, in truth, a Family Medicine, and should be kept in every family for immediate use. Persons travelling should always have a bottle of this remedy with them. It is not unfrequently the case when persons are attacked with disease, and before medical aid can be procured, the patient is beyond the hope of recovery. It has been used in Severe Cases of the CHOLERA, and never has failed in a single case, when it was the complete a the first decrease. where it was thoroughly applied on the first appear-

Taken internally, should be adulterated with milk or water, and sweetened with sugar, if desired, or made into a syrup with molasses. For a Cough and Bronchitis, a few drops on sugar, eaten, will be found more effective than anything else. For Sore Throat, gargle the Throat with a mixture of Pain Killer and water, and the relief is immediate and the cure

positive.

Established not be forgotten that the Pain Killer is equally as good to take internally as to use externally. Each bottle is wrapped with full directions for its use. Please Read the Printed Directions.

MASON & HAMLIN, MANUFACTURERS OF CABINET OBGANS AND PORTABLE OBGANS.

Adapted to Secular and Sacred Music; for Draneing-Rooms, Churches, Sunday and Day-Schools,

Lodger, &c. Uniting to a considerable extent the capacity of the Piano-Forte with that of the Pipe-Organ, and costing much less They occupy little space; are elegant as furniture; not liable to get out of order, and are securely boxed, so that they can be sent anywhere by ordinary freight routes, all

ready for use.

Forty Styles, plain or elegant cases; one to twelve stops; Prices, \$75, \$90, \$110, \$125, \$130, \$140, \$150, \$160, \$170, \$200, \$225, \$250, \$300, \$435, \$500, \$550, \$600, and upwards.

The Mason & Hamlin Cabinet Organs were introduced four years since, and are a great improvement upon the Melodeon, Harmonium, and other reed organs, greatly excelling them, especially in the excellent quality and variety of their tones; in power and quickness of action, and capacity for expression.

of their tones; in power and quickness of action, and capacity for expression.

Their success has been entirely beyond precedent, and proves how greatly such an instrument was needed. Again and again the manufacturers have been compelled to double their manufacturing facilities, until they have increased six-fold. From the most eminent of the musical profession, the most distinguished pianists, organists, composers and musical directors, the Mason & Hamlin Cabinet Organs have received an amount and degree of commendation never before bestowed upon any similar musical instrument. More than two hundred and fifty of the most eminent musicians in the country have given written testimonials to

More than two hundred and fifty of the most eminent musicians in the country have given written testimonials to the value of the improvements contained in them, and that they excel all other instruments of this class.

Fifty five Gold or Siver Medals, or other highest Premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the superiority of their instruments to all others.

Constantly exhibiting their instruments in competition with others, they have been awarded the highest premium in every instance, but three or four.

For churches, sunday schools, &c., the MASON & HAMLIN CABINET ORGANS are the instruments long wanted, of the very best quality, abundant power, not too expensive, nor liable to get out of order.

For private use, in drawing rooms, &c., they are not less desirable, and are finding a place in the musical families of the principal cities.

They are adapted to a wider range of music than the Piano, being better fitted for all sacred music and for much secular music, while their quickness of action is such that the most lively, rapid music can be played on them. Then their cost is greatly less, as well as their liability to get out of order.

BRIEF EXTRACTS FROM OPINIONS OF DISTINGUISHED MUSICIANS: GUISHED MUSICIANS:

I should think they would become very much sought after as parlor instruments as well as for public performance.—Sigismond Thalberg, the world-renowned Pianist. Sure to find its way into every household of taste and refinement which can possibly afford its moderate expense.

\* \* \* Far superior to everything of its class I have seen.—L. M. Gottschalk, the eminent Pianist. Such pure musical tones, promptness and amoothness of action and fine variety of effect, I have not found in any other instrument of the class.—S. B. Mills, the eminent Pianist. Really so excellent that there can hardly be much difference of opinion respecting them.—William Mason, the eminent Pianist. The best instrument of its class with which I am acquainted, and worthy a place in every drawing-room.—Harry Sanderson, the eminent Pianist. In every respect far superior to everything I have ever seen of the kind, whether in Europe or America.—George Washbourne Morgan, the eminent Organist, N. Y. I can only reiterate what so many in the musical profession have said, that for equality, promptness and exquisite tone, they are unequalled.—John H. Wilcox, the eminent Organist, Boston. Surpasses everything in this line I have ever seen, whether French or America.—John Zundel, the eminent Organist, N. Y. The best reed instruments in the world are made in the United States, and your Cabinet Organs are greatly superior, and by far the best made here.—Max Maretzek, Musical Conductor, N. Y. Far surpasses all other similar instruments which have come under my observation.—Carl Zerrahn, Musical Conductor, Boston. Exceeds in my estimation every other instrument of this general class.—Thos. Hastings. I can recommend them with confidence.—Lowell Mason. As soon as the public become acquainted with the superior merits of your instruments, your only trouble will be to supply the demand.—Wm.
