excellent obituary notice of Mrs. Ann Mercy Davis | we are surprised that the East Side representatives Walker, by her father, Rev. John Davis. An experience, in many respects similar, teaches us to sympathize, deeply with the bereaved parents of the de-ceased, not only in the bilter pangs occasioned by separation from loved ones on earth, but also in the joyous hopes which they cherish of a blissful reunion in the cloudless regions beyond the river. As our children, redeemed by grace, depart one after another to the land of rest, they become as golden links of love to bind us more closely to our ! heavenly home. Bless God for life and immortality, as revealed to us boats in the gospel of the blessed God. Here is safe anchorage ground amid the "swellings of Jordan."

A Liverpool dispatch of Oct 23, says; —Mr. Johnson, American Minister, is being extensively feted in this city. He has been presented with addresses by the city authorities and Chamber of Commerce, and last evening participated in a banquet, at which Lord Stanley and Mr. G'adstone were present. The Times this morning comments favorably on

the banques at Liverpool. It says Mr. Johnson's speeches so unreserved and earnest show a desire for practical peacemaking. The Ministers on both sides seem anxious to settle pending questions. Mr. Seward because he held office when the difficulties arose and may not desire to leave them to a successor to treat in a manner which he might reject, and Lord Stanley because he has so far been most successful in his policy, and he must wish when he retires from office to know that he has done a work by common consent allowed to be the most difficult of accomplishment which be has placed before him 1020

Our first page, as will be seen, contains an prominent supporters of members of the Board; yet select committee. We trust that those in the Common Council who support the measures so generally demanded will not relax their efforts till the Carleton ferry is made what it should be. That a matter of great public necessity thould have been so nearly passed over its diegraceful to our city Corperation. One thing is evident, that if these improvements in the Ferries are demied, our Carleton friends will be compelled to advocate the erection of a bridge, or at least, get up a "Strike," and resort entirely to small when crossing.

Our City was thrown into a lever of excitement, on Wednesday, when the news was telegraphed from Springfield that our famous "Paris Crew" had won another victory on the Connecticut, and found themselves the "Champion Oarsmen" as well of America as of Europe. The success gained in rowing matches by the Carsmen of St. John, have tended to arouse cansiderable interest here in this manly sport. The victory on the Seine, last year, strengthened this feeling and when a match was arranged between our Paris Crew and the famous "Ward Brothers," very general desire was manifested by all classes that the New Brunswickers should win. The result was received with cuthusiasm. In a six mile race, the Wards were beaten by one minute-the winning boat making the distance in 89 minutes, 284 seconds

the time given by the referee, though others state the time at 38 minutes, 44 seconds.

As an expression of the feeling of our citizens at the result of the rate, the sum of \$2000 is being raised as a present for the crew; the Corporation have voted to present them with the freedom of the City -to give them a medal in honor of the event, and they also propose leasing each of them for a long term of years and at a nominal rent, a house lot in Carleton of the diction of the oldering
