character and standing of the community, just as private charities, and the generous ministrations of daily life cause men and women to be revered and honored by their fellows. St. John has done much for a city of its size and wealth, but more can be done, much more remains to be done. This thought prompted the call, which led to the meeting on Saturday morning in Trinity school-room, where, preliminary measures were taken to institute in this city, a refuge for aged women ; the meeting was large, and an interest was evinced worthy of the object : appeals will be made ere long to the hearts and purses of the people, and it is a time for men of wealth to distinguish themselves by 'devising liberal things,' remembering that while there are hearts and hands willing to work, money is needed to set the hearts and bands in motion ; the society will need help from all, the cause is a noble one, its merits need no comment, it is enough to say, our city needs a 'Home for the Aged.' Some of our rich men are nearing the period of life when they find it pleasant to seek their homes, and, as it were, in the eventide of life, weary with its cares and bustling toil, find rest and quiet. Will not the value of these blessings be enhanced, if sitting beside their own firesides, surrounded by comforts, they may think their generosity has provided for some who to-day suffer from the many annoyantended the meeting on Saturday must realize that the | cal and prudent measure. corner-stone was laid, and it now depends upon God's stewards to rear a grand superstructure that shall last as a monument of their beneficence when they shall have found a home, where its welcome shall be

## Foreign and Domestic News. FENIANISM.

Mr. Pigot, the Editor of the Dublin Irishman, is charged with eight seditious libels uttered last year. Picot is the son of the Chief Justice of Ireland.

Messrs. Burke, Cassey, Shaw and Millavry, who were arrested in Birmingham on the charge of buy-ing arms there for the Brotherhood, were brought up The tot at Bow Street to day for examination. Bail was offered, but not accepted, and the prisoners were sent to Birmingham for trial for treason felony. The van

containing the prisoners in its transit to and from Bow Street, was guarded by a strong escort of military and several platoons of police, all under arms and with drawn cutlasses. These extraordinary precautions were deemed necessary, as the authorities had received information of a threatened rescue. There was no disturbance however.

The authorities are very active in searching out the leaders of the Fenian movement. A man was arrested in County Cork to-day who is supposed to be the celebrated Col. Michael Doheny. The Police have been on his track for a long time, and it is known that he has been larking in unfrequented places in disguise and under assumed names and has attempted several times to make his way to the United States.

ITALY. The adjourned session of the Italian National Parliament was resumed yesterday.

Prime Minister Menebrea made a speech in which he confined himself to the subject of the Internal and Domestic affairs of the Kingdom. He exhorted the members to unite with the Government in resisting revolution, and upholding the National Credit, the donarchy and the obligation, as well as the liberties, of the Nation. No reference whatever was made by the Minister to the Roman question, or to the rela-

tions of Italy with Foreign Powers. The Budget which will be laid by the Ministry before the Italian Parliament calls for the adoption of the following measures to meet the liabilities and ex-penditures of the Government for the ensuing year; First the imposition of fresh taxes sufficient to produce the sum of 190,000 livres in addition to the present revenue; second, the authorizing of a new loan of 400,000,000 livres.

# BRAZIL: SOUSSIE

Accounts from the interior of Paraguay, received by the last steamer from Rio Janeiro, show that the conditions and prospects of the Paraguayans are better than the Brazilians are willing to admit. President Lopez, in person, was in command at Humatia and held lines of communication with his capital Asunction and with the fortress of Curiputy uninterrupted. As the force of the Allied Powers were very weak in front of Humaita the Paraguayans defied them to undertake the siege. All classes of the population were as enthusiastically devoted to Lopez as ever, and making the most energetic efforts to supply him with men and provisions; but, pre-paring to push on on the war with vigor. The Brazilian Government was forwarding reinforcements, and the other powers were sending supplies of men and material to Rio Paranda.

The editor of the Courier was assailed in Water street, in St. Stephen, the other day, on account of an objectionable article. A satisfactory apology having been given, the editor stopped an ac-tion for damages which had been commenced, but

general business in this city, and is now discounting very freely. The other banks are more accommodating than heretofore.

Rev. Mr. Hill, curate of Trinity Church, recently delivered a lecture in the Congregational Church, which is very highly spoken of.

I. Allen Jack, Esq., lectured in the Mechanics' In-stitute, on Monday evening, to a large audience. Subject, "The early romance and history of New Brunswick."

It is said that there is \$3,000,000 worth of property untaxed in this City and County. New measures are contemplated to bring about a more equitable as-

sessment. The St. John Circuit Court opened on Tuesday in this City. His Honor, Mr. Justice Weldon, presides. The weather continues cold. Sleighing is excellent in this City and suburbs, and the Rinks are largely patronized.

THE POSTAL BILL (says the Quebec Chronicle) "has raised a very pretty hornet's nest in the Lower Provinces. The Antis are calling down the ver-Provinces. The Antis are calling down the ver-geance of the people on the heads of the Union Par-ty—and they are obliged to eat the leak with as good grace as possible. The people down that way be-ieve that the free circulation of the newspaper is one of the best school-masters they can have. Time and again they have defeated every project for taxing the news. Was it worth while to give the Antis party this whip over our Union friends, for such a mis-erable, contemptible tax as this Postal Bill seeks to erable, contemptible tax as this Postal Bill seeks' to impose? We think not."

The report that Dr. Livingston was alive and

well at last accounts seems to be satisfactorily confirmed.

### NOVA SCUTIA.

The Wolfville Acadian says that on the 8d inst. a deputation of the Governors and friends of Acadia College, including the venerable President of the in-stitution and the Professors, waited upon John W. Barss, Esq., the late Treasurer, at his residence, and presented him with a rich and massive silver salver. It is richly engraved, twenty-four inches long by seventeen in width, and in the centre has the following inscription: "Presented to John W. Barss, Esq., by friends of Acadia College, as an acknowledgment of his valuable services to that institution. A. D., 1867." The Rev. Dr. Cramp made the presentation in an address, to which Mr. Barss made a suitable

The same paper reports a recent " golden wedding" which occurred on the fiftheth anniversary of the marriage of Thomas Andrew Strange DeWolf, E-q., of Wolfville, N.S., to Miss Nancy Ratchford, of Parsborough. Gentlemen :- Several months since a little daughter Gentiemen: --Several months since a fittle daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of Dr. Wistar's Balsom of Wid Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days way entirely cured, and is now well. I have since recommended the Balsom to many of my maintain who here was did the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure. You are at liberty to make any use of the above and in no case have I known it fail of effecting a speedy cure. You are at liberty to make any use of the above you think proper. If it shall induce any body to use your Balsam, I shall be glad, for I have great confidence in it. Yours, P. GUITTE, Proprietor of the Courrier de St. Hyacinthe. Buy none without the signature of I.
