An Ottawa telegram of the 23d. says that there are further interesting developments in the Whelan case. Two detectives gave a sworn narrative of a conversation they overheard in goal between Whalen and Doyle, in which Whelan fully acknowledge shooting McGeo.

ONTARIO AND QUECEC.

The Journal says: - By private advices from Otta-wa, Quebec, and Montreal, we learn that several pub-lic men and private citizens have received 'warnings'

of various kinds, growing out of the death of Mr. Mc-Gee and the prosecution of W balen.

It is supposed that the change of license from 50 cents to \$4 per ton on American fishing vessels, following their business in the waters of the Dominion, the proceeds to be devoted towards granting bounties to lishermen, will meet with very general favor in all the Provinces of Canada, and tend to benefit the fishng interest very materially.

THE ASSASSINATION CASE.—The Montreal Witness gives the following condensed outline of Whelan's

The important testimony of Whelan's own confes sion of his guilt has been obtained in Ottawa jail." Whelan and Doyle are confined in adjoining cells, and their conversation which, in its naked depravity, is not fit for publication, was overheard by two persons—Detective Cullen and a prisoner named Hess—although how the latter individual came to be listening at or near the door of Whelan's cell is not clearly shown. The avowal, "I shot that fellow-I shot him like a dog," was made with the recklessness of desperation. He seemed to glory in the idea that he was "a great fellow," and that "his name would go down to posterity." With equal braggadocio he professed to be indifferent whether he should

swing for it" or go to the penitentiary.

Accepting Whelan's own statement, he belongs to a bad family. One of his brothers was shot at the firing of the Tullough barracks in Ireland, one is in prison for being engaged in the same outrage, and be himself was also in prison for eighteen months, for Fenianism, in the west of England. It must have been very gratifying to the detective, Cullen, to hear Whelan say in the course of this somewhat remarkable dialogue, "I saved Cullen's life at one time; a fellow had him covered at fifteen yards !" On Monday, the 18th, Hess had a conversation with Doyle, in which the latter mentioned that Whelan, on the night of the murder, showed Doyle a revolver, and asked Doyle to accompany him to the House to hear McGee's last speech. The examination will be resumed on Tuesday next. Quinn and Lawrence will be liberated on bail. Mitchell, of Toronto, has already been discharged in this manner. The prisoner Patrick Buckley, has been dismissed from his position as NOVA SCOTIA.

A fire occurred in Yarmouth, on Monday week which destroyed the building in Maine Street, owned by Mr. John Baxter, the large three story building known as the American House, two dwelling houses occupied by Messrs. ## COMPOUND SYRUP

To MR. JAMES I. FELLOWS.

Manufacturing Chemist, Saint John, N. B. We, the undersigned, have much pleasure in recommend-ing your Compound Syrup. After a fair and protracted trial of the same, we consider your preparation a very va-luable nervous tonic, far surpassing many others of consid-erable repute, and well worthy the confidence of the pro-

we beg to remain, yours, very truly,

A. H. CHANDLER, M. D.

H. A. JACOBS, M. D. Moncton, N. B., November 9, 1867.

MR. JAMES I. FELLOWS, Manufacturing Chemist. Sin For several months past I have used your Compound Syrup in the treatment of Incipient Phthisis, Chronic, Bronchitis, and other affections of the Chest, and I have no besitation in stating that it ranks foremost amongst the remedies used in those diseases. Being an excellent nervous tonic, it exerts a direct influence on the nervous system, and themselvit inviscents the beauty.

tonic, it exerts a direct influence on the nervous system, and through it invigorates the body.

It affords me pleasure to recommend a remedy which is really good in cases for which it is intended, when so many advertised are worse than useless.

I am, Sir, yours truly,

S. Z. EARLE, Jr., M. D. St. John, N. B., January 1868.

MR. JAMES I. FELLOWS, Chemist, St. John, N. B. Dear Sir.—Having used your Compound Syrup for some time in my practice, I have no hesitation in recommending it to my patients who are suffering from general debility, or any disease of the lungs, knowing that even in cases utterly hopeless it affords relief.

I am, Sir, yours truly,

H. G. ADLY, M. D. St. John, N. B., January 1868.

MR. JAMES I. FELLOWS, St. John, N. B. Mr. James I. Fellows, St. John, N. B.

Sir.—Having, while at your Establishment, carefully examined your prescription, and the method of preparing your Compound Syrup, I felt anxious to give it a fair trial in my practice. For the last twelve mouths I have done so, and I find that in Incipient Consumption, and other diseases of the Throat and Lungs, it has done wonders. In restoring persons suffering from the effects of Diptheria, and the cough following Typhoid Fever prevalent in this region, it is the best remedial agent I have ever used. But for persons suffering from exhaustion of the powers of the brain and nervous system, from long continued study or brain and nervous system, from long continued study or teaching, or in those cases of exhaustion from which so many young men suffer, I know of no better medicine for restoration to health than your Compound Syrup.

If you think this letter of any service you are at liberty to use it as you see fit.

to use it as you see fit.
I remain, yours, &c., EDWIN CLAY, M. D. Pugwash, N. S., January 14, 1868.
