SERVIA. The late Prince Michael has, it seems, left a will in which he appoints his sister and two nephews as his heirs. The evidence elicited at the preliminary examination of the assassins of Prince Michael implicates Prince Kava Georgewitch in the conspiracy.

He was re-ferring to the rapid extinction of the negroes in the South, and in illustration of the state of things even in North Carolina, he spoke of a negro town opposite or near Newburn, consisting of 10,000 in-habitants. In that town, said the Bishop, one coffin dealer alone filled orders for 2,500 coffins in a year. He also made the statement that of the four million that were liberated, fully one quarter of this number had died in a single year.

Nashwank .- The village on the property of Mr. Gibson, on the Nashwaak, is increasing yearly in size. New houses are being built by Mr. Gibson for his men. A very moderate rent is charged, and the occupants are permitted to cultivate as much land as they please, and also to keep a cow. The houses now stretch along on both sides of the river, over which a bridge is soon to be erected at the joint expense of the Province and of Mr. Gibson. Woodstock .- The Sentinel says that the two men

who have been in the Woodstock jail for some time, on conviction of having used seditious language, came near making their escape the other evening. They had nearly cut through the walls a hole for egress, and were prepared with rope ladder, etc., for escape, when Mr. Jackson, the jailor, discovered and stopped the lar or irregular "Jail delivery" in Woodstock. Reciprocal Free Trade. - The Newcastle (Mir.) On Thursday morning 50 boxes containing each 15 tish—in all 750 salmon—were shipped by the New York, packed in ice. A very large proportion of these came from the North Shore. No North Shore salmon are offered in the City Fish Market, the fishermen in that quarter preferring to sell in Boston. A FAMILY MEDICINE.

The Pain Killer is a purely vegetable compound i and, while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in the most unskilful nds. For Summer Complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has, without doubt, been more successful in curing the various kinds of Cholera than any other known remedy, or the most skilful physician. In India, Africa, and China, where this dreadful disease is more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates, a sure remedy,

Amesbury, March 22, 1862. MR. GRACE:—I write to acknowledge the benefit I have received from your celebrated Salve. I was afflicted with a severe felon on one of my fingers. I tried many remedies little game. The prisoners frequently make a regular or irregular "Jail delivery" in Woodstock. Not long since the Chief Justice directed especial attention to this subject.

Honors to a St. John Captain.—The Senate of the United States has passed a resolution directing the Secretary of State to present to George Wright, Master of the Brig J. & J. Wright, of St. John, N. B., a gold chronometer, as a reward for his services in saving the lives of three American seamen wrecked in the Living Monte.

A severe felon on one of my fingers. I tried many remedies without relief. My friends having seen your Salve advertised in the Villager, induced me to apply it. I complied with their request. In two days it extracted the inflammation from my finger so as to enable me to resume my work. I can almost say that your Salve worked like magic upon my finger, for it effected a cure without leaving a scar. I unhesitatingly pronounce your Salve an excellent remedy. I do not doubt that it will be appreciated throughout the land, for it will cure the afflicted.

Yours, respectfully,

JAMES CUKLIN.

Testimony of Mr. PETER SHAW, OF WEST WINFIELD, N. Y.

"During the winter of 1858 I was very much out of health, afflicted with a severe Cough, Pain in the Side and Lungs, and a general depression of health to such an extent as greatly to alarm myself and friends as to the result.—During this time I tried several highly recommended remedies, with little or no good result, and had concluded to try the effect of a Southern climate upon my health; but, before carrying this resolution into effect, I was induced by urgent solicitations of your agent, Mr. Huntley, to give Dr. Wistar's Balsam of Wild Cherry a trial. I did so, and to my great joy found immediate and permanent relief by the use of only one single bottle, and I am now in as good health as ever. I believe your Balsam one of the best remedies for Coughs, Colds, and all Lung Diseases, now in use, and conscientiously recommend it as such."
