ROBINSON BROTHERS,

CONCERT of Sacred Music will be given in the Brus-A CONCERT of Sacred Music will be given in the Street Baptist Church on THUKSDAY Evening,

McLennan is giving whole hearted support to Howe. We sincerely believe that the best interests of Nova Scotia as well as of the sister provinces in all respects are identified with Howe's success, in this campaign and therefore we honestly and frankly say so. The Halifax Reporter has the following :- A private telegram from a well informed source at Ottawa, says that the private Committee of Ways and Means at Washington have reported, eight to one, in favour of Reciprocity, and that it is probable that the Dominion Government will be asked to send delegates to Washington to assist the British Ambassador in the negotiations. Howe is spoken of as one of the dele-

HALIFAX, Feb. 16.—Generally conceded Howe's chances good. No new accession to his following of M. P.'s reported. Opposition very strong and determined. Nothing yet heard as to time of the election. Supposed it will not come on immediately .- Morning

Victoria has elected Mr. Hammond over Mr. Hartt and similar troubles, if suffered to progress, result in to the Legislature by a large majority. We hope he will prove himself a valuable accession to the Legis

Hon. W. P. Flewelling has been appointed to the Surveyor General's Office, in place of Hon. Mr. Sut

ton resigned.
Hon. Mr. Desbrisay has resigned his seat at the Council Board. Messrs, Connell and Best of Woodstock, are prepa-

ring plans for railway connection with Riviere De Loup. These plans, we presume, are to be submitted to the Local and Dominion Governments, and assistance asked from both. Success to the movement. Fire destroyed the contents of Mr. J. E. Mullin's Dry Good Store, Prince William Street, on Sunday

morning last. The adjoining store, belonging to Messrs. I. & F. Burpee, was somewhat damaged. SUDDEN DEATH.—A youth named Lyne, who has been for some time in the employ of Mr. L. L. Sharpe, Watchmaker, King street, was taken suddenly ill with vomiting on Thursday morning. Dr Walker was called, but without avail, as the poor fellow expired yesterday. The doctor pronounced the cause of his death to be disease of the heart.—Telegraph. Fresh fish has been very abundant in the market slip for some weeks past. Herrings of a fair quality are selling from 15 to 25 cents per hundred, excellent

codfish from 15 to 20 cents a piece.

The several Temperance battalions of the city east and west, are moving in solid columns on the forces of King Alcohol. Success to their shot and shell. The funeral sermon of the late Mrs. Hartley was preached in the F. B. Church on Sabbath last, by the

Rev. Mr. Parsons of Woodstock. The house was so crowded that many who came to the door could not get admittance. We regret to say that our esteemed Bro. Hartley is suffering at present with throat disease. He has not been able to preach for some weeks. We pray God to restore him speedily. The Carleton Ferry is in a very unsatisfactory con-

dition, and an earnest expression is being given in favor of improvement. The Journal of last Friday puts this question in a forcible light before his readers. The editor says:-We confess to a strong feeling of sympathy with the sentiments expressed by the people of Carleton on the subject of the management of the Ferries. The two sides of the harbor (within certain limits) constituting one muncipality, it does not seem to us to be politic—to say the least—to make the Ferry a source of revenue. It should either be free and its expenses be borne by the Uity or the parts most interested, or the charges should be only such as would meet the expenditure. Moreover, the accommodation should be greatly improved, so that the citizens, on both sides of the harbour, might be in a position to mingle more freely at all hours during the day and to a late hour of the evening. The boats employed should be such that our citizens might take a pride in showing them to strangers, instead of being ashamed of them as they now are, not through the fault of the lessee, but in consequence of the conditions under which the Ferry is leased. If Coals—per chald. the Ferry were managed in the way that we suggest, both sides of the harbour would be the gainers. Pro-while, on the other, the citizens of that side of the harbour would be more frequently seen in the streets harbour would be more frequently seen in the streets and stores on the East side. Make the Ferries a great Joggins, best free highway, as far as possible, and these results

WELL DONE .- The St. John Ladies' Bible Association, notwithstanding the dullness of the times, has this year collected subscriptions exceeding those of last year by \$100.27. The sum collected for the previous year was \$418.41.—Journal.

A fearful lynching scene has occurred at Memphis, Tenn., which is described in a letter to the *Uhicago* Republican, in which a negro man was murdered for eloping with a white girl, at her own instigation, as she confessed, she having hired bim to accompany her. The negro was besmeared with tar, hung by his hands to the limb of a tree, and his tarred clothes on him, and to spare his life. The cries of the wretched sufferer were unavailing, and he hung there wrapped in the fire till each particle of his clothing dropped from his blistered body, and the rope which suspended him was also disconnected by the flames. when he fell to the ground with the entire surface of his body literally broiled and quivering with pain. Here he lay gazed upon by the devilish brutes, who chuckled over his misery, till at last, becoming delirious from his pains or aroused by a hope of escaping, he sprang to his feet and ran with all his might in the ction of a small creek, a few yards off, when the villains fired their revolvers at him, and he fell dead

upon the ground, pierced with several bullets.

Their native doctors have neither experience common sense in the treatment of the small pox, and as a natural consequence three out of every five of their patients run into eternity. But the ravages of the epidemic are not confined to San Francisco. Nearly the whole State is infected, and some towns have been deciminated by the pestilence. In Gilroy and Los Anglos the disease has been fatal beyond precedent. In some cases vaccination seems to have lation of one thousand, four hundred were taken down with small pox, and of these, one hundred to sixty have died. Throughout the State, the mortality has been unprecedented."

Hostilities continue between the Spanish troops and the revolutionists. Count Valmazila entered Tannas with one hundred men wounded. He fought a desperate battle at the crossing of the river Canto, in which Lano was killed. Afterwards the insurgents ceased to oppose his march. The aggregate loss of government troops was 800 killed and wounded.

has made a long and hard fight, but the details news from Rio Janeiro show the success of the alli powers in Paraguay has been most complete. All the Paraguayan forts are in their hands. They have captured the artillery and baggage of Lopez's army, and 2,000 prisoners. The dictator Lopez was a fugitive in the forest, and was surrounded by the At Portland, on Sunday, 14th iust., of consumption, Jas. E. Fitzgerald, in the 22nd year of his age, son of the late Capt. We noticed in one of our exchanges this week the statement of Dea. John Hodgkins, of South Jefferson, Me., whose son was cured of incipient consumption by the use of Johnson's Anodyne Liniment. We refer to this at this time as tending to corroborate the statement we made last week in relation to this Liniment as applied to consumption.

If Congress had employed as much scientific skill in the arrangement of its "Reconstruction Policy" at the close, as the War department did in the beginning of the war, in arranging for the manufacture of what was called Sheridan's Cavalry Condition Powders for the use of the Cavalty horses, no doubt the Union would have been restored long ago. - Exchange.

Sore Throat, Cough, Cold.

BROWN'S BRONCHIAL TROCHES are compounded so as to reach directly the seat of the disease and give almost instant relief.

The TROCHES are offered with the fullest confidence in their efficacy; they have been thoroughly tested, and maintain the good reputation they have justly acquired. For Public Speakers, Singers, Military Officers, and those who overtax the voice, they are useful in relieving an Irritated Throat, and will render articulation easy. To the soldier exposed to sudden changes in the weather, they will give prompt relief in Coughs and Colds, and can be carried in the pocket to be taken as occasion requires. Sold at 25

cents a box. tore Alexa Example year of Viv Thursday, Feb. 18, 1868.

COMPOUND SYRUP Manufacturing Chemist, Saint John, N. B.

We, the undersigned, have much pleasure in recommending your Compound Syrup. After a fair and protracted trial of the same, we consider your preparation a very valuable nervous tonic, far surpassing many others of considerable repute, and well worthy the confidence of the pro-We beg to remain, yours, very truly,
A. H. CHANDLER, M. D.

MR. JAMES I. FELLOWS, Manufacturing Chemist. SIR—For several months past I have used your Compound Syrup in the treatment of Incipient Phthisis, Chronic, Bronchitis, and other affections of the Chest, and I have no hesitution in stating that it ranks foremost an engst the remedies used in those diseases. Being an excellent nervous tonic, it exerts a direct influence on the nervous system, and through it invigorates the body.

It affords me pleasure to recommend a remedy which is really good in cases for which it is intended, when so many advertised are worse than useless. I am, Sir, yours truly, S. Z. EARLE, JR., M. D. St. John, N. B., January 1868.

MR. JAMES I. FELLOWS, Chemist, St. John, N. B. DEAR SIE-Having used your Compound Syrup for mending it to my patients who are suffering from general debility, or any disease of the lungs, knowing that even in cases utterly hopeless it adords relief.

I am, Sir, yours truly, H. G. ADLY, M. D. St. John, N. B., January 1468.

MR. JAMES I. FELLOWS, St. John, N. B. Sin-Having, while at your Establishment, carefully ex amined your prescription, and the method of preparing your Compound Syrup, I felt anxious to give it a fair trial in my practice. For the last twelve months I have done so, and I find that in Incipient Consumption, and other diseases of the Throat and Lungs, it has done wonders. In restoring persons suffering from the effects of Diptheria, and the cough following Typhoid Fever prevalent in this region, it is the best remedial agent I have ever used. But for persons suffering from exhaustion of the powers of the brain and nervous system, from long continued study or

many young men suffer, I know of no better medicine for restoration to health than your Compound Syrup, If you think this letter of any service you are at liberty I remain, yours, &c., EDWIN CLAY, M. D.
