The CIVIL SERVICE GAZETTE remarks:-"The singular success which Mr. Epps attained by his homosopathic preparation of Cocoa has never been surpassed by any experimentalist. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills," Made simply with boiling water or milk. The importation of rags from the Mediterranean, hides from Brazil, and other commodities from the tropics, is known to bring the germs of dis ease, chiefly fevers, which are sometimes very afflicting and fatal. AYERS AGUE CURF stimulates the Liver to excrete these germs from the system as effectually to it does the miasmatic poison of our Ague districts. Consequently it affords invaluable protection to stevedores and others whose occupations expose them to these dangerous infections; and we hope to render them a valuable service in giving them this information .- | New York Despatch.

Low TEMPERATURE. -Cold and damp are the frequent cause of ailments which prove exceedingly troublesome, though rarely dangerous if not neglected. A cold in the head, throat, or chest may be safely stopped and quickly cured by means of Dr. Wilson's Polmonary Cherry Balsam. This Balsam exercises the highest salutary effect on the mucous, vascular and secretory systems, which colds always disar-range. The phlegin, cough, shortness of breath office: gradually disappear under the use of this remedy, and the strength and vigor of the constitution is not diminished, but rather increased, by the use of this

ACIDITY OF THE STOMACH. - Dr. Wilson's Family Anti-bilious Pills are a most powerful and certain medy for the correction of those acidities, whether induced by debility, from fat substances in the stomach, or impaired by excess. The torpid functions are stimulated, the blood cleansed, and the secretions of the bile and liver parified.

Dr. Dow's Sturgeon Oil Liniment is a most efficient remedy for external diseases and complaints incidental to horses and cattle. It cannot be too strongly re-commended for its beneficial effects, and is salely and successfully used in all cases.

We do not mean to say that Clark's Derby Condition Powders cure every disease, and supply the place of good wholesome food and kindly treatment; but we do say that if a horse, with fair treatment and good food, still fails in appetite for food, and has little or no life or action from any of the above causes, these Powders, given twice a day, in any way that your horse will take them, will in most cases give substantial and permanent relief, and your animal will be brought back to what he should be.

But George Peabody is our countryman. His gifts to his native land have been large and noble. He has honored the American name throughout the world. He deserves a memory abroad. Let no larger sum be accepted, that all may have a part in it. I leave it to you to foster to success.

The State elections on Tuesday, November 2nd, passed off very quietly. In New York the Democrats were victorions, and claim a majority for Nelson of 25,000. The Democrats elect 72 Assemblymen, and the Republicans 55, giving the former a majority of 16. The New Jersey Senate will probably stand 8 Republicans and 13 Democrats and the Assembly 26 Republicans and 34 Democrats. In Massachusetts, Governor Classin received a majority of 8,441 over the remaining of the long, at the residence of her son-in-law, James Graham, Mrs. Nancy Moore, in the 65th year of her age, beloved wife of Mr. D vid Moore, New Jerusalem, Q. C., leaving a husband and nine children to mourn their said bereavement. Her end was peace.

At Digby, N. S., on Tuesday, the 16th inst., Wm. Short, Seur., formerly of St. John, N. B.

The remains will be brought here for interment, of which due notice will be given. Yours respectfully. John Horn, Jr.

PRICE & Son's STANDARD MEDICINES .- " Pancuremata," "Compound Elder and Alder Salve," Vegetable Pills, Columbia Bitters, are on sale by all dealers delivered a sermon on the life and character of the late George Perbody in Westminister Abbey which MARSII BRIDGE, St. John, April 6, 1869.

> MR. JAMES I. FELLOWS: Dear Sir- Although personally unknown to you, I take the present occasion to testily to the benefits to be derived by taking your Compound Syrup of

> In April, 1867, I was attacked with a terrible sore ness in my breast and chest, and a severe pain at the back of my right lung. I toiled through the summer to find myself very much emaciated, so that in October I was reduced nearly nineteen pounds. I consulted many physicians to know the nature of my disease, but was kept in ignorance.

> In November I was attacked with inflammation of the Lungs, which was so severe that it effected both my mind and body, causing me to pass an ordeal, which called forth the sympathies of all my friends. After laboring for three months in this state, I partially recovered under the care of my good Doctor, but only to find that I had Bronchitis. This attacked me so violently that I could not rest in bed, owing to the fearful cough and the mucous obstructions in my chest, and for several weeks was obliged to sleep in a chair. In fact, I looked upon this world as if I could not share its joys, all happiness with my family was at an end, and life itself would trouble me but ittle longer.

> Having taken many of the advertised Medicines which were represented as certain remedies for my troubles, without relief, I became discouraged, if not disgusted, so that I had given up all as useless. When my Doctor, who is an eminent Physician of this city and one in whom I placed every confidence, and for whom I entertain the highest respect, told me to try your "Compound Syrup of Hypophosphites." As the price was greater than I had been in the habit of paying for medicines, with the greatest relutance I got a bottle. After taking about half of it my appeite began to improve and as long as I kept taking felt its benefits. To be brief, about five weeks since, the cough and spitting ceased entirely, and am to-day in better health than I have known for over two years, can prosecute my business as well as ever I did, and am perfectly restored to my health and its enjoyments. Therefore, my Dear Sir, I have every reason to be thankful to a merciful and Divine Providence, and to you for being the instrument which he used in restoring me sound and happy. Believe me, Your obedient servant, THOMAS CONNOR,
