A Brief Review of the News of the Week. The New Brunswick University celebrated its En-DENIA on Thursday last with marked eclat. Day splendid. A fashionable assemblage. An excellent oration by Professor Jardine, and prizes awarded by the Senate to successful competitors presented by His Excellency Governor Wilmot. Mr. McFarlane, of St. John, received the Douglas Gold Medal, and Mr. Bridges, of Sheffield, the Alumni Gold Medal. University Scholarships were bestowed upon the following gentlemen, viz.: Mathematical Scholarship, Mr. McFarlane; Classical, Mr. Sills; English Literature, Mr. Chandler. Mr. McMillan, of Fredericton, carried off the microscope prize, and Mr. McFarlane won the championship in French. Degrees were bestowed upon the following gentlemen, viz.:—Bachelor of Arts, Messrs. Maclarlane, Bridges, Macalpine, Seeley, Bennett, Ferguson, Rossborough, Hoyt, Fenwick, and Desbrisay. The degree of Master of Arts was conferred upon James Mitchell, B. A., of Fredericton, and G. F. Fisher, M. A., was admitted a Bachelor o Civil Law. The Honorary Degree of M. A. was conferred on Mr. Manning, of the Saint John Grammar School, and the Chief Superintendent of Schools was made a Doctor of Philosophy.

THE HOLIDAY. Governor General Young and Governor Wilmon proclaim Thursday, the 1st of July, a Holiday. The presumption is that it will be very generally observed. Excursions of various kinds are projected, and tares on public routes reduced. Here are some of the announcements as made in the Journal of this morn-

The manager of the E. & N. A. railroad announces an excursion at balf fare for the holiday -a trip that many of our citizens will greatly enjoy. Mr. Lunt and Mr. Hatheway have also made-liberal arrangements for the holiday. Parties may go up the river by the fine steamer Rothesay on Thursday morning, and regale themselves with the scenery of the noble St. John, and return by the Fawn the same evening, or citizens will thus have ample opportunities of getting beyond the precincts of the city, to say nothing of our numerous well-equipped livery stables, on which heavy demands will that day be made.

SIXTY MILES OVER WESTERN EXTENSION. - The trip is not yet open to the general public, so our readers must exercise a little patience. It is, however, to be made on Dominion Day, by the President and Directors of the Western Extension Company, and a few friends, including, we believe, members of the Press.

UNION ARRANGEMENTS .- The Morning Telegraph and the Morning Journal are henceforth to be issued in a combined form as a Daily. The weekly Telegraph and the weekly Journal have also joined hands. The Colonial Presbyterian and the Presbyterian Advocate are in like manner merged in one. Increased vigor will doubtless be the result of this friendly combination. All concerned have our best wishes. A recent Roman Catholic Bazaar held in Wood-

stock realized \$1,000. In the recent examination of the St. John Training School 44 Teachers were examined, 18 of whom were young men. The Journal says : The maps drawn by some of the young ladies were executed in the most accurate and beautiful manner. A The examinations otherwise were of average character.

A Station House, superior to the one at Dorchester, is being erected at Sackville for Eastern Exten-

The Journal reports \$200 stolen from the house of Arthur McLean, Sussex. Thief not yet discovered. About 650 men are employed, says the Journal, on Eastern Extension. It is expected that the road will be completed this Autumn,

Five Arabs in a destitute condition recently found protection for the night in the City Police Station. They were here seeking employment as sailors.

The Woodstock Branch Railway is in good order and is doing a first rate business. Railroads create

business, and rightly conducted are sure to pay.

The arrival of a company of Highland soldiers on Wednesday evening last created quite a sensation in the city.
Western Extension is going forward, rapidly and the Fredericton Branch is hastening towards comple-

tion. Success to the railroads. Our butchers are importing very superior beef from Ontario. Thirty-three fine oxen arrived recently from

The following Senators arrived by the Boston boat on Friday evening, viz.: Senators Ritchie and Anderson of Nova Scatia; Messrs. Ray, E. M. McDonald, Chipman, Forbes and McLellan, M. P.'s of Nova Scotia; Senators Wark, Wilmot and Odell; and

Messrs. Renaud and Anglin, M. P.'s.
The Curleton Sentinel of the 26th June says: On Monday last while two brothers, sons of John Mc-Lellan, North Richmond, were proceeding to their work, one of the boys being on horseback, by some mischance a cultivator which the lad on the horse

NOVA SCOTIA. The Kentville Star reports, that the widow of Dr. Webster has presented her late husband's Cabinet of Minerals to the Province, and requested that it may be known as the "Webster Collection." Dr. How, of King's College, Windsor, has been in Kentville for a few days arranging the specimens previously to their being sent to the new Provincial Museum in Halifax. The collection is the result of the well known experience and perseverance which Dr. Webs-ter devoted to the work, and has been examined and well spoken of by many eminent men, Dr. How and

Dr. Honeyman among the number.

Samuel M. Ryerson has fifty men employed in his gold mining operations at Cranberry Head, Yarmouth.

In one of Doctor Ayer's Lectures he states that Chemistry cenfers more practical benefit on mankind than any other science, yet from no other source could more be so easily obtained. The arts and economies which chemistry would teach, if more thoroughly and generally studied, would speedily exercise a most beneficent influence. He freely confesses that he is indebted to this science for the virtues of his remedies, and advises that the practica! application of chemistry to medicine, the arts, manufactures, and agriculture, be enjoined upon our colleges and schools,-[Wrightsville (Pa.) Star.

Old cases of lam ness in horse generally caused by contracted cords, &c. of long standing that have pertinaciously refused to yield to any other remedy, have invariable secumbed when thoroughly treated with Dr. Dow's Sturgeon Oil Liniment.

For the information of the readers of the Christian Visitor we say that a small quantity of Dr. Wilson's Cramp and Pain Reliever, mixed with water, will prevent any ill effects following the use of cold water alone.

New York, June 26. - Late advices from Cuba state that volunteers have surrendered Moro Castle to the regulars. The troops at Matamoras have executed an English boy who was charged with carrying correspondence to the insurgents, and the English Commodore is investigating the affair. The cholera is raging violently in both armies, and military operations are entirely suspended.

There have been several cases of yellow fever at New York. A despatch from Montreal says it is asserted there

FELLOWS' COMPOUND SYRUP. A peculiar characteristic of Fellows' Compound Syrup is its power of decomposing the food in the stomach, rendering digestion and assimilation more perfect. This partly accounts for the rapidity with which patients take on flesh while using the article. Diseases such as Consumption, Bronchitis, Debility from Typhoid and other low Fevers, from excessive grief, study or close confinement, and prostration of the vital powers, yield to Fellows' Compound Syrup sooner than any remedy ever before discovered.

The muscles of the stomach are strengthened, digestion becomes complete, the absorbent vessels take up nutrition, the blood becomes vitalized and pure, the nervous system vigorous; and the thin, pale, or sallow complexioned become plump and hearty, and regain the ruddy tint of health. Sold by Apothecaries. Price \$1.50 per bottle, or 6 for \$7.50. On the receipt of \$7.50 the proprietor

will forward 6 bottles to any part of Nova Scotia or New Brunswick, Free. JAMES I. FELLOWS, Chemist, St. John, N. B.
