Delegates attending the Convention will present the enclosed Circular, certifying that they have been duly appointed as such.

Ministers are most cordially invited to attend, and co-operate heartily in the objects of the Convention. Ministers and Dolegates, on their arrival in the City, will report at the Rooms of the Association, corner of Union and Charlotte Sttreets, on Wednesday (the day previous to the Convention), from 10 A. M. to 10 P. M., or on Thursday, any time previous to the hour of meeting, from 9 o'clock, A. M., when the Committee will attend to receive and accommodate them; or to the Secretary of the Association during the sittings of the Couvention.

Ministers, or Associations, who have not yet answered our first Circular, are earnestly solicited to send an immediate reply, as to whether they intend to send Delegates, that sufficient provision for their

accommodation, in due time, may be made.

Brother, we ask you to unite your prayers with ours, that God may be pleased to bless the proposed Convention with His presence, so that, being guided by His uncering wisdom, and constrained by His infinite love, we may be enabled to adopt and put in practical operation those means which will be most likely to promote the moral and spiritual condition of our young men.

Yours, in Christian fellowship, JOSHUA CLAWSON, Secretary.

The following important despatch has been received by Capt. Chisholm, agent of the International Line in this city :--To H. W. CHISHOLM,

Boston, Sept. 27.

It will not reach here before Friday. Mrs. Creer of Halifax, sister to Miss Vail, has been sent for by the authorities, and is expected here late on Wednesday evening. It is supposed she has im-

It will be seen that so far, the testimony bears with undivided force against the party accused; but then, for aught we know, he may have rebutting testimony that will nullify all that has been said. Neither the Press nor the people, therefore, should pre-judge the case, or condemn Mr. Munroe, until he is heard in his defence. English law holds every man innocent until he is proved guilty. Whether guilty of the terrific crime of murder or not, it must be obvious to

all, that the accused should have the earnest prayers of all christian hearts, that mercy may be extended to him in this trying hour. ANOTHER MUEDER.—A correspondent writing from Voodstock, under the date of 24th inst. (Friday), informs us of a murder committed some two year ago, in the Parish of Kent, at a place known as Munquart Settlement. It appears that a party of eight men were on their way home from an election, and among them one named Thomas Holland, an Englishman, and a discharged soldier. They requested Holland to sing, and on his refusing, they ill-treated him in the most shocking manner, and finally murdered him.

A man looking for his cows found the remains in the woods, and the murderers have since been discovered. The Sheriff with a strong force left Woodstock on Thursday evening to make arrests, and Deputy Hamond has gone to arrest two of the party, named Cox and Gilman, now in Aroostook Another correspondent sent us the following telegram on Saturday night:—
Peter and James Gee, James Demerchant and Wm.

Cox arrested—two or three others are not yet obtained. Witnesses only attest to the general rumour of the murder and disappearance of Holland. They have no personal knowledge of the deed. Witnesses are all near relatives of the prisoners. One participant is said to have confessed. He is expected tomorrow, but is now over lines in Maine. Finding beneat deal. denied. Prisoners assert no murder at allsay Holland half crazy—went off because Ellen Gee would not marry him. Two witnesses say Holland seen at Tobique three weeks after suspected murder, working at Lally's Mill. Probably mistake about Cox being man meant in confession. Very mild looking man, in good reputation.—Telegraph.

The Yarmouth Tribune states that the travel on the Windsor and Annapolis Railway exceeds all anticipation. The trains both leaving and returning to Annapolis are filled with passengers, some in pursuit of pleasure, others in prosecution of their ordinary business vocations. It is not merely that atrangers frem a distance are attracted by the beauty of the country through which the newly opened road of the country through which the newly opened road passes, but the whole population of the Annapolis valley, from the ancient capital of Acadia to the fertile meadows of Grand Pre, seems to have been inspired with a mania for patronising the rail, and ex-

changing visits of amity and good leliowship.

The Concessions in Nova Scotia.—An Ottawa telegram to the American press contains the following: "The law officers of the British Government, to whom were referred the question relative to pecuniary concessions made to Nova Scotia, so warmly discussed in Parliament in Ottawa the last session, have decided that the action of the Canadian Government in that respect was constitutional and within the meaning of the Confederation Act."

BREAKFAST. - EPPS'S COCOA. - GRATEFUL AND COM-FORTING.—The very agreeable character of this preparation has rendered it a general favourite. The CIVIL SERVICE GAZETTE remarks: -"The singular success which Mr. Epps attained by his homeopathic preparation of Cocoa has never been surpassed by any experimentalist. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills." Made simply with boiling water or milk. Sold by the trade only in 11b, 11b., and 11b tin-lined packets, labelled—James Epps & Co., Homoepathic Chemists, London, England. Aug. 26, 1869.—26wks.

EFFECTUAL AID. -It is a source of highest satisfaction that an easy and expeditious remedy has been found to conquer and check the constantly recurring disorders, termed pulmonary. The propriety of disturbing the nervous and mucous membrane of the stomach by sickening and nauseating mixtures was long ago questioned, before Dr. Wilson was able to prove the practicability of revealing the overcharged lungs by means of his Pulmonary Cherry Balsam. This Balsam gives the utmost security and comfort in Influenza, Acute and Chronic Cough, Pleurisy, and other similar and dangerous diseases.

SUCCESSFUL TREATMENT ON SCIENTIFIC PRINCIPLES. —As the Mind governs the voluntary muscles through the medium of the nerves, so the involuntary muscles on whose action the Liver, Heart, Lungs, Stomach and other organs depend for health and condition for effective duty, are influenced by the brain through the nervous apparatus. How necessary then that the nervous apparatus should be perfect and the brain be vigorous, when either becomes exhausted through overwork or other imprudence, disease in some organ is developed, the remedy lies in removing the cause. TESTIMONIALS.

The Waters' Pianos are known as among the very best We are enabled to speak of these justruments with confidence, from personal knowledge.—N. Y. Evangelist.
We can speak of the merits of the Waters' Pianos from ersonal knowledge as being of the very best quality .-Thristian Intelligencer.
Our friends will find at Mr. Waters' Store the very best ssortment of Pianos, Melodeons and Organs to be found n the United States. - G aham's Magazine. MUSICAL DOINGS .- Since Mr. Waters gave up publishing sheet music, he has devoted all his capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming advertisements of rival piano houses, probably overlook a modest manufacturer like Mr. Watters; but we happen to know that his instruments earned him a good reputation long before Expositions and 'honors' con-nected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianos now in our residence, where it has stood for years, of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet toned and powerful instrument, and there is no doubt of its durability; more than this, some o the best amateur players in the city, as well as several celebrated pianists, have performed on the said piano, and all pronounce it a superior and first class instrument. Strong-erendorsement we could not give. — Home Jurnal. Horace Waters, 431 Broadway, is famed for the excel-lence of his Pianos and Organs.— Even ng Post.
