

THE YORK AND SUNBURY Co. Quarterly meeting will meet with the Church at Lakeville Corner, Sunbury Co., on the 1st Friday in September, at 7 o'clock. Rev. P. Knight will preach the sermon. — J. H. Coy, Sec. Treas.

ST. STEPHEN.—Rev. J. T. Eaton, for three years pastor of the Union Street Baptist Church, preached his farewell sermon on Sunday evening, taking as his text Romans xiv, part of 10th verse; "For we shall all stand before the judgment seat of Christ." During his residence in St. Stephen, Mr. Eaton has won his way to the hearts of all with whom he came in contact, and his departure is a source of universal regret. The congregation has extended a call to the Rev. Thomas Todd, of Moncton.

SALMON CREEK.—Responsive to a call from the Chipman and Salmon Creek Baptist Churches, a Council met with them on the 13th August, to consider the propriety of ordaining Bro. W. Anderson to the pastorate of those Churches.

Literary Notes.

The Baptist Review for April, May, and June, under the editorial management of Dr. Baimes, supplies this liberal bill of fare.

"Some Misstatements of the Greek Article in the Authorized Version," by J. M. Stiffer, D.D., Pastor, Hamilton, N. Y.;

"Infallibility—in Church, Pope, or Scriptures?" by Prof. J. M. Curry, D.D., LL.D., Richmond College, Va.;

"Swedenborg and his Teachings," by H. M. King, D.D., Pastor, Boston Highlands, Mass.;

"John Wyckliffe," by Rev. C. E. Barrows, Pastor, Newport, R. I.;

"Inspiration," by G. W. Lasher, D.D., Editor Journal & Messenger, Cincinnati.;

"Law and Divine Intervention," by N. S. Burton, D.D., Pastor, Akron, O.;

"Miracles, as Attesting a Divine Revelation," by Augustus H. Strong, D.D., President Rochester Theological Seminary.;

"Will the World Ever End?" by Rev. C. E. Smith, Pastor, Syracuse, N. Y.;

"Mr. Froide and the English Church."—Editorial; Literary Notes.

The Review has had a most favorable reception and endorsement. In addition to such articles as the above, the Editor promises a series on "Church Worship," "Church and Sunday School Music," "Sunday School Work," "Educators and their Methods," and "Students and their Training." These are practical subjects, and a thorough discussion of them may be expected. The Review is \$2.50 per annum.

Order of J. E. Hopper, General Agent for Maritime Provinces.

A SCRIPTURE CATECHISM, by S. Selden, has been placed upon our table. It gives questions on the doctrines and duties inculcated in the Holy Scriptures, and answers them in the words of inspiration. To each question several additional Scripture references are affixed. The work seems to be well done, and if used persistently would produce good results in home and Sabbath School instruction.

SUNDAY AFTERNOON for September is an excellent number. Its high standard is fully maintained; it has few if any equals in its special line. The "Editors' Table" always presents tempting fare. The article on "Rink Religion" is timely and just, and the one on "Studying Scripture by Samples" is corroborative of remarks we recently made on the hasty manner in which we are studying the Bible in our International S. S. Lessons. Price \$3.00 a year. Order through Visitor Book Store.

The Religious Newspaper Agency publishes the reply of Dr. Leech to Ingersoll's attack on the Bible. It is well conceived, vigorously wrought out, and satisfactory to all lovers of the word of God. If advocates of error abound in these last days, champions of the truth are multiplied, and God's kingdom is advancing.

For the Visitor.

Moncton W. M. A. Society.

The "Women's Missionary Aid Society," in this place, is still in existence. In reviewing its history, for the present year, we feel that we have not as much of interest to record as we could wish; yet we are thankful to be still in working order. Our regular monthly meetings have been held with only a few exceptions, and in some cases, have been of marked interest.

Our President is faithful, and is a worker in this department.

In the month of April last our first Annual Meeting took place, and was of an interesting character. Although our meetings have been small, we trust and believe that they have not been without good results. We send this year \$21.00 (twenty-one dollars) which is a larger amount than that of last year, so we trust we are progressing.

We pray that our sisters throughout the land may awaken to the full importance of this great and glorious cause, and work with cheerful hearts and willing hands, that those who are yet enveloped in the dark clouds of superstition, may come out of the darkness into the sunshine of God's love.

The relaxing power of Johnson's Anodyne Liniment is almost miraculous. A gentleman whose leg was bent at the knee and stiff for twenty years had it imbued by its use, and the leg is now as good as the other.

The evil consequences resulting from impure blood are beyond human calculation, so are the vast sums expended in worthless remedies. Parson's Purgative Pills make new rich blood, and taken one night for three months will change the blood in the entire system.

INTELLIGENCE OFFICE, 102 PRINCESS ST., SAINT JOHN, N. B., JULY 29TH, 1878.

Messrs. HANINGTON BROTHERS:

Gentlemen.—Three years ago I was going to write you how much benefit I received from taking two bottles of your QUININE WINE AND IRON, being then very weak and low, with no appetite for any sort of food, after a severe attack of Erysipelas in my head. Again, after the fire, I was nearly quite gone, and was restored to strength and activity by taking two bottles more, and last May I had to have recourse to the QUININE WINE AND IRON again with the same beneficial results.

While I was taking it at last, a person came in who had left her situation to get into the Hospital, being so weak she could not work. I said, I will send you to a place where you will get seven dollars a month; take two bottles of HANINGTON'S QUININE WINE AND IRON with you, and if you are not able to earn the seven dollars I will pay you for the medicine. At the end of the month she was quite smart, and is still filling the situation. I send you these few lines for the benefit of society (if you trouble to publish it, as there are situated at present. It would greatly benefit persons after Sickness or Diphtheria, and would most certainly prevent sickness & strengthening and building up the system.

Yours very truly, JANE A. LEE.

Pulmonary Consumption arises from a decline or deficiency of vitality in the natural bioplasm, or germinal matter, and this deficiency manifests itself not only in a general wasting or atrophy of the whole body, but also in a peculiar degeneration, chiefly in the lungs and lymphatic system, of portions of this bioplasm into a sluggish low-lived, yet putrefying matter, which instead of maintaining the nutrition and integrity of the tissues (which is the natural office of bioplasm), clogs them, and irritates them with a substance which is more or less prone to coagulate and eventually involves them also in its own disintegration and destruction.

To remedy this deficiency by sustaining the vitality of the bioplasm, and thus provide for the general health of the whole system, is the office and design of Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime.

Prepared solely by J. H. Robinson, Pharmaceutical Chemist, Saint John, N. B., and for sale by Druggists and General Dealers. Price \$1 per bottle; six bottles for \$5.

A Pen worth Recommending.

We have been favored with samples of the celebrated Spencerian Double Elastic Steel Pens, and after trying them feel justified in commending them to our readers. They are made of the best steel, and by the most expert workmen in England, and have national reputation for certain desirable qualities which no other pens seem to have attained in so great perfection, among which are uniform evenness of point, durability, flexibility, and quill action. It is this quite natural that the Spencerian should be preferred and used by professional penmen, in business colleges, counting rooms, government offices, public schools, and largely throughout the country. Indeed, so popular have they become, that of the "Number One" alone, as many as eight millions are sold annually in the United States.

The Spencerian Pens may be had as a rule, from any dealer; but, when thus not obtainable, the Agents, Messrs. Alexander Buntin & Co., 245 St. Paul Street, Montreal, will send for trial, samples of each of the twenty numbers on receipt of twenty cents.

There is no comparison between it and the common slow acting porous plaster. It is in every way superior to all other external remedies including liniments and so-called electric appliances. It contains new medicinal matter, which in combination with rubber, possess the most extraordinary pain relieving, strengthening and curative properties. Any physician in your own locality will confirm above statement. For Lung, Rheumatism, Femoral Glands, Stomach and Nerve Pains, Coughs, Croup, Whooping Cough, Affections of the Heart, and all ills for which porous plasters are used, it is simply the best known remedy. Ask for Benson's Caprine Porous Plaster and take no other. Sold by all Druggists, Price 25 cts. Sent on receipt of price by Seabury & Johnson, 21 Platt street, N. Y.
