Temperance.

License.

License laws are based on a mistaken theory. They assume that there are two kinds of drinkers, one good kind and one bad, and that a law can be devised to stop the bad and permit the good.

Well, what sales and what drinking do license laws assume to the bad? What sales do they forbid? Sales to the drunkards are bad. Sales to the minors are bad. Sales on the Lord's day are bad. These sales are substantially all that license laws forbid.

Now what is the total amount of these bad sales? The sales to legal drunkards, intoxicated persons and minors never reach six per cent, of the total sales. There is no truth in the theory on which license laws are based. The mischief is mainly in sales to persons who have not reached legal drunkenness. Ninety-five per cent, of it is inside the limits of legal sobriety.

Aside from the Sunday traffic, the sales which a Massachusetts license law will not cover are utterly insignificant.

License laws are therefore based on a false assumption. Of course they are a cheat—a deception, a false pretense—a fraud. If perfectly executed, they could reach but a small part of the evil. Fail? Of course they fail. Why not? Massachusetts has repealed scores of them. Why? England has repealed as many. Why? Every repeal is a certificate of the present law.

The failure of all past license laws does not rest on partizan assertion. It rests on the testimony of hundreds of legislatures and parliaments. The proof is found in all our Statute books. It is recorded in the preamble of more or less of the license laws that have been enacted in every state of the Union. The proclaimed reason for enacting a new law was the failure of the old.

Sir Henry Thompson, an English physician who is at the head of his profession in that country, gives the following expression of his opinion on the subject of the use of intoxicating liquors: "I am of opinion that the habitual use of wine, beer, or spirits is a dietetic error, say, nineteen persons out of twenty. In other words, the great majority of the people, at any age or of either sex, will enjoy better health, both of body and mind, and will live longer without any alcoholic drinks whatever, than with habitual indulgence in their use, even though such use be what is popularly understood as moderate. But I do not aver that any particular harm results from the habit of now and then enjoying a glass of really fine pure wine—and rare as this is, I do not think any other is worth consuming—just as one may occasionally enjoy a particularly choice dish."

Revenue from Drunkards.

The extent to which the vice of drunkenness prevails in the city of New York may be learned from the fact that during the month of June last the sum of \$2,777 has been received as fines imposed on that proportion of drunkards who had been disorderly.

Household.

CARE OF BOOTS AND SHOES.—If properly cared for, boots and shoes will last nearly twice as long as usual. Put the new shoes in a plate or dish and pour into it enough boiled linseed oil to cover the soles, not permitting it to touch the uppers. The oil causes the leather to resist moisture, preserves the thread, if sewed, and cause the pegs to swell, if pegged. Give the uppers a good coating of equal parts of lard and mutton tallow, or neat-foot oil and tallow. Never allow them to stand too near the fire, or in a damp place.

Fish may be soaked much easier by first dipping into boiling water about a minute.

Bleeding at the nose may be cured by rolling up a piece of paper, and pressing it up under the upper lip. The pressure seems to close the little opening in the nose from which the blood flows.

Salt fish are the quickest and best freshened by soaking in sour milk.

Milk which has turned or changed, may be sweetened or rendered fit for use again, by stirring in a little soda.

A tablespoonful of turpentine boiled with your white clothes, will greatly aid the whitening process.

Appleton's American Cyclopædia.

A LIBRARY OF

Universal Knowledge,

In Seventeen Volumes Containing 50,000 subjects and Illustrated by 6,000 Fine Engravings

AND LITHOGRAPHIC MAPS.

This work cost the publishers over \$500,000 to prepare it for the printer and its excellence is fully commensurate with the expense. An improvement in this over all other Cyclopædias is the analytical index prepared by Dr. Conant. By means of this, any subject may be turned to with the smallest possible loss of time.

A Volume is Issued Annually,

Containing information on

ALL SUBJECTS

that have attained further development during the year.

A FULL SET

May be seen at the

"VISITOR" OFFICE.

Payments may be made in instalments.

"Throw Physic to the Dogs."

DR. HALL'S
ELECTRIC BELTS.

For the cure of all nervous diseases, without the least derangement of the patient's habits or daily occupation. This appliance exerts powerful and beneficial influence throughout the whole frame, is applicable to either sex, and affords instantaneous relief in the following diseases:

Rheumatism, Neuralgia, Dyspepsia, Lumbago, General Debility, Headaches, Dizziness, Impotency, Spasmodic Cough, Sexual Exhaustion, Self Abuse, Premature Decay, &c.

These Belts are the result of the most profound research and experiment in Electro-Therapeutics, and by their peculiar construction, a continuous galvanic current is generated, which permeates the whole frame, and especially envelops the suffering parts with its gentle influence. This current assimilates closer to the Nervous Fluid than any thing known to Medical Science—hence its potency as a curative agent.

Most especially is the application of Electricity in this form beneficial to those disorders arising from youthful indiscretion, sexual excess or dissipation of any kind, whereby the procreative powers are lessened and impotency threatened. No false delicacy or sense of shame should prevent the sufferer, subject to restless nights, nightmare, dreams, palpitation of the heart, neuralgia, dimness of sight, and other symptoms of nervous and physical debility, applying to the undersigned for relief.

These Belts are light, perfectly flexible, and easily adjusted, all of which, together with their cheapness renders them superior to any other form, for the application of Electricity, medicinally.

50,147 of these Belts were sold in Europe in the year 1876.

"ELECTRICITY IS LIFE."

And no remedy can be compared to it for the treatment of IMPOTENCY and loss of nervous vitality. This Belt is recommended by the most eminent physiologists of this country and Europe.

"Ingenious, wonderful—a death-blow to the old system of drugging."—London (Eng.) Lancet.

"You have perfected a great blessing on suffering humanity."—Dr. Richardson, London, Eng.

"Wonderful for the restoration of exhausted vitality."—Dr. Ferriar, London.

"I cheerfully recommend Dr. Hall's Electric Belt, and consider it one of the greatest blessings to mankind that has been put before the public."—Dr. De Barr, Paris.

Price of Electric Belt, \$6.00

" " " Extra Power, 10.00

Full instructions with each Belt, when you order. When ordering, send exact measurement round the waist. Send money by Post Office money-order, express or registered letter.

PACIFIC RAILWAY TENDERS.

TENDERS for the construction of about one hundred miles of Railway, with a River in the Province of Manitoba, will be received until noon on Friday, 1st August next.

The Railway will commence at Winnipeg, and run North-westerly to connect with the main line in the neighborhood of the 4th base line, and thence Westwardly between Prairie la Portage and Lake Manitoba.

Tenders must be on the printed form, which, with all other information, may be had at the Pacific Railway Engineer's Offices in Ottawa and Winnipeg.

F. BRAUN, Secretary.

Department of Railways and Canals,

Ottawa, 16th June, 1879.

513

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY

PHYSIC, CURING

Costiveness, Jaundice, Dyspepsia, Indigestion, Biliary, Foul Stomach and Bowels, Headache, Erysipelas and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumors, and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and Purifying the Blood, are the most congenial purgative yet perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the four humors of the blood; they stimulate the sluggish or disordered organs into action; and they impart health and tone to the whole being. They cure not only the every day complaints of every body, but formidable and dangerous diseases. Most skillful physicians, most eminent clergymen, and our best citizens, send certificates of cures performed, and of great benefits derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless.
