

tor's wife, teachers, and scholars. The religious church was crowded. Appropriate addresses and music whiled away the evening.

BLOOMFIELD, CARLETON Co.—Rev. J. Harvey commenced his work in the love place about one year ago, preaching once a fortnight to end of the year. Commenced special meetings in Sept., and continued them for several weeks, ably assisted by a part of the time by Rev. J. W. S. Young.

PARSBORO VILLAGE was recently favored with a short visit from two "evangelists," Messrs. Bromley and Hutchinson. Their labors were blessed in awakening a deeper religious interest on the part of the people of the village.

The New York Examiner & Chronicle gives no uncertain sound as to what ought to be done with the six million dollars that remain after all claims within the compass of the award have been paid.

The following is the language of the Examiner: "The proper disposition of this fund ought not to be a question for debate in the Legislative body of any civilized country. Nevertheless, there is great doubt in the average Congressman's mind as to what ought to be done with it."

This latter proposition is the only one that ought to be entertained. It is a national disgrace that any other should be made, and the disgrace will be ineffaceable should any other be adopted. The United States is simply a trustee of this fund, and morally bound to apply it in strict accordance with the award under which it was paid.

The Teachers' Association held recently in Halifax, was a most successful and interesting meeting of that influential body. Several papers evincing great ability were read on subjects connected with the work of teaching.

"At this point the lecturer took up the subject of Grecian History and by means of a diagram illustrated the above principles showing the necessity of a careful study of Geography, both of which are indispensable to the clear understanding of historical truth.

Items of Interest.

Pere Hyacinthe has settled down in a little house in the suburbs of Paris, and will support himself by giving religious lectures, if permitted. He has declined the offer of a chapel and of funds to start a newspaper, both offered by English admirers.

A Geneva telegram states that Lina Berger, a young Swiss Lady, has just taken the degree of Doctor of Philosophy at Berne University, after a brilliant examination; and two other ladies, American and Austrian, have passed as Doctors of Medicine.

Mr. W. C. Jones, who five years ago gave the church of England Missionary Society £200,000 as a capital fund for the support of Native evangelists in certain missions, has now given a further sum of £35,000 to be employed for the extension of evangelistic work by the Native church in India.

A single-pail of water in season has saved many a splendid block—one bottle of Adamson's Cough Balsam may save a life if taken in time. It cures coughs, colds, croup, &c.

Book Notices.

THE PREACHER AND HOMILETIC MONTHLY for January has put in an appearance. It contains short sermons by Doctors Van Dyke, Burrows, Ludlow, Tully, Washburn, Schenck, Deems and Fulton; also by Revs. Clymer, Kelly, Thomas, Williamson, Odell, Rhodes, Winters, Edwards and Boland.

The National Lessons are considered homiletically. It has a department called: "Preachers exchanging views," and the "Hints at the meaning of texts," and other particulars which render this the best preacher's magazine of the day.

VICK'S FLORAL GUIDE.—This work is before us, and those who send five cents to JAMES VICK, Rochester, N. Y., for it will be disappointed. Instead of getting a cheap thing, as the price would seem to indicate, they will receive a very handsome work of 100 pages, and perhaps 500 illustrations—not cheap, but elegant illustrations, on the very best of colored paper, and as a set-off to the whole, an elegant Colored Plate, that we would judge cost twice the price of the book.

EVOLUTION EVOLVED is a recent work published by Hall & Co., New York. Its author is not known, although the work is so meritorious that he has no need to write under a nom de plume. He vigorously attacks Materialism and exposes the sophistries of Darwin, Huxley, Haeckel, Tyndall, Helmholtz and Mayer. We have been much interested by its trenchant arguments. Price \$1.00.

Uranine.

This is the most recently discovered, and perhaps the most remarkable, of all the coal tar or aniline group of coloring substances, now so extensively used for the adornment of the finest fabrics. Uranine is said, by chemists, to be the most highly fluorescent body known to science.

A most interesting experiment, which anybody may try, consists in sprinkling a few atoms of Uranine upon the surface of water in a glass tumbler. Each atom immediately sends down through the water what appears to be a bright green rootlet; and the tumbler soon looks as if it were crowded full of beautiful plants. The rootlets now begin to enlarge, spread and combine, until we have a mass of soft green-colored liquid. Viewed by transmitted light, the color changes to a bright golden or amber hue; while a combination of green and gold will be realized, according to the position in which the glass is held.

Bible Lesson Monthly.

A trial of one month of the BIBLE LESSON MONTHLY in your Sunday-school, will convince you that they are indispensable in the management of a good school. We advise all Sunday-school workers to try them. Send for sample copies. They are sent free by the VISITOR BOOK ROOM, St. John.

If we could speak in tones of thunder we would use our voice to advise all people everywhere to get at once a bottle of Johnson's Anodyne Lintment. As a preventive of diphtheria, pneumonia, congestion, and all dangerous throat and lung diseases its value is priceless.

The Week of Prayer.

The Executive Committee of the Evangelical Alliance of the United States suggests the following topics for the approaching Week of Prayer.

For the Sabbath, Jan. 5th, as a subject for the pulpit, Christian Union.

Monday Jan. 6th.—Thanksgiving for the blessings of the past year, and prayer for their continuance.

Tuesday, Jan. 7th.—Prayer for the Church of Christ; its ministers, its growth in grace, and its enlargement.

Wednesday, Jan. 8th.—Christian education; the family; the young; colleges; seminaries of learning, Sunday and other schools, Christian Associations of Young Men and of Young Women.

Thursday, Jan. 9th.—For nations, rulers and people, and religious liberty in the earth.

Friday, Jan. 10.—The press; for a blessing on publishers, editors, and authors; the cause of temperance and other social reforms.

Saturday, Jan. 11th.—Home and Foreign Missions and the conversion of the world.

On Sabbath evening, Jan. 12, it is suggested that public union meetings be held for prayer, praise, and the presentation of the subject and work of the Evangelical Alliance.

Colds are flying about in the air thicker than flakes in a snowstorm—everybody is catching them, yet every body knows, or ought to know, that Adamson's Balsam is warranted to cure colds and coughs and all diseases of the throat and lungs.

W. M. A. S.

The annual public meeting of the Women's Aid Society, will be held in Leinster Street Baptist Church, on January 30th, 1879.

A large representation of delegates from the Branch Societies is expected to be present; but in such cases where it is impossible to send delegates, please forward your report as early as possible.

The delegates will please send their names to the Secretary, who, on the receipt of such, will return a postal card with the name and address of the parties with whom they are to be entertained.

Address all communications to M. E. MARCH, Sec. Central Board W. M. A. S., 186 King St. East, St. John.

Certain parties have been for years flooding the country with immense packs of horse and cattle powders which are utterly worthless. Don't be deceived by them. Sheridan's powders are the only kind now known in this country which are strictly pure. They are very powerful.

Testimonial from Capt. Joshua Harper. SACKVILLE, N. B., Feb. 13th, 1877. J. H. ROBINSON, Esq., St. John, N. B. Dear Sir.—Early in October last I took a severe cold which settled on my lungs. After having a bad cough for about six weeks, I had a severe attack of bleeding from the lungs, while on a voyage from Queenstown to Dover. I had daily spells of bleeding for some days, until I lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put back to Queenstown, where I received such medical assistance as enabled me to get home.

I saw an advertisement of your Phosphorized Cod Liver Oil Emulsion in a paper. I immediately sent and got a half dozen bottles, after taking which I feel myself a well man again. My weight, which was reduced to 120 pounds, is now up to my usual standard of 152 pounds. Seeing what it has done for me, I can confidently recommend it to others afflicted with lung disease.

Yours very truly, JOSHUA HARPER, of the barque "Mary Lowerson."

HANINGTON'S Quinine Wine and Iron.

Combines the Tonic effects of Peruvian Bark and the Strengthening and Blood making properties of Iron with the finest Sherry Wine, and is highly recommended in all Morbid Conditions of the system; convalescence from Fevers, or any enervating disease; Chronic Disease, with Debility, and in all cases of Weakness from whatever cause arising. It strengthens the Organs of Digestion, and promotes Assimilation of the Food, thereby increasing the Appetite, relieving Dyspepsia, Indigestion and Weakness, Depression of the Stomach, etc.

IT SUPPLES VITALITY TO THE BLOOD, strength and vitality to the Mind and Body, and is beneficial in all troubles arising from Impure Blood, or a Low and Debilitated state of the system.

INTELLIGENCE OFFICE, 102 PRINCESS ST., SAINT JOHN, N. B., JULY 29th, 1878.

MESSRS. HANINGTON BROTHERS: Gentlemen.—Three years ago I was going to write you how much benefit I received from taking two bottles of your QUININE WINE AND IRON, being then very weak and low, with no appetite for any sort of food, after a severe attack of Erysipelas in my head. Again, after the fire, I was nearly quite gone, and was restored to strength and activity by taking two bottles more, and last May I had to have recourse to the QUININE WINE AND IRON again with the same beneficial results.

While I was taking it at last, a person came in who had left her situation to get into the Hospital, being so weak she could not work. I said, I will send you to a place where you will get seven dollars a month; take two bottles of HANINGTON'S QUININE WINE AND IRON with you, and if you are not able to earn the seven dollars I will pay you for the medicine. At the end of the month she was quite smart, and is still filling the situation. I send you these few lines for the benefit of society (if you trouble to publish them) as there are so many sick at present. It would greatly benefit persons after Sickness or Diphtheria, and would most certainly prevent sickness by strengthening and building up the system. Yours very truly, JANE A. LEE. Price 50c. per Bottle. Six Bottles for \$2.50. For Sale at the Drug Stores.

Lame Back. Weak Back.

Benson's Caprine Porous Plaster. This article is one which readily possesses extraordinary merit. By consulting reliable physicians in your own locality, you will find that the above is true. It is far superior to the ordinary porous plaster, all the so-called electrical appliances and to all external remedies whatever. It contains entirely new elements which cause it to relieve pain at once, strengthen and cure where other plasters will not even relieve. For Lameness and Weakness of the Back, diseased Kidneys, Lung and Chest difficulties, Rheumatism, Neglected Colds, Female Afflictions, and all local aches and pains, it is simply the best remedy ever devised. Sold by all Druggists. Price 25 cents. 1 Jan 4 Ins Dauchy

Now is the time to Subscribe for The Christian Helper!

THE BEST SUNDAY SCHOOL PAPER FOR THE Baptist Teachers of Canada.

It Contains Carefully Prepared Notes on THE INTERNATIONAL LESSONS For Senior Classes

By Rev. J. W. A. Stewart, B. A., for Junior Classes by Mrs. J. C. Yule, the talented Canadian Authoress.

Reasons for Supporting the "Helper."

- 1. It seeks to occupy a field not specially cultivated by any other Canadian Baptist periodical. 2. It contains Notes on the International Lessons, specially prepared for its columns. 3. Its Notes on the Lessons have received much commendation from many teachers who have used them, and prefer them to all other such "helpers." 4. It is conducted by brethren who are themselves practically familiar with Sunday School work, and who are at the same time thoroughly loyal to all our great denominational principles and enterprises. 5. It contains just enough of news on denominational matters and general religious intelligence to inform those who would otherwise be in ignorance, and to stimulate a desire for the more extended accounts contained in the weekly denominational newspapers. 6. In addition to all these advantages, the subscription price is now as low as that of any other similar periodical published on this continent.
