

service, rest in the enjoyment of the Master's "well done" wait the meeting-day, and the award of sundry fellowships. General services were held on last. Rev. J. E. Hopper gave sketch of his life, and Rev. Spencer offered prayer, after his remains were interred in Cemetery beside those of his partner in life.

Rev. W. P. Everitt having the pastorate of the Zion was presented on the evening of the 27th ult., with a complimentary address and a purse of gold amounting to \$167.50. John March, residing as chairman on the occasion, and Rev. J. E. Hopper in behalf of the church and friends read the address and presented the purse saying them with remarks in which he gave expression, to the long and friendly relations which had existed between himself and Bro. March, and also to the broad and deep interest which Bro. E. had in everything that pertained to the welfare of the denomination, and the moral and religious welfare of the city. Addresses were also given by Revs. James Spencer, Kelly, W. M. Weeks, J. T. and Brethren Mitchell, Hicks, Hall, Lewis and the Choir setting forth their high appreciation of the man, the minister, the Christian worker, and the man. Bro. Everitt left on Thursday by train for Boston and expects to be absent about a week. We shall all gladly welcome him back and trust that many more of useful service remain in his native Province.

Rev. W. G. George of Amherst prevented from returning to work in Burmah for another reason of the delicate health. He is an excellent preacher during the absence of Bro. George, and very acceptably supplied. Bro. George could doubtless obtain by some of our churches for a year or more of most valuable service.

Proposed efforts of the Baptist Seminary are stirring up action. The Free Baptist Seminary now sitting at Grand Falls we learn discussing the idea of establishing a school in the Province. Our Presbyterian friends held a meeting and discussed the idea of locating here a Ladies' Institute. We are glad to see others in the interests of higher education and hope that Baptists will begin the work when they sold their old building. The greatest need in this Province now is a well equipped Academy, properly located it can be made, by reasonable exertion, self-sustaining.

J. R. STUBBERT, pastor of St. John County Baptist min. has resigned to go to the work of endowing the Institution in that town. His pastorate of 7 years has been a great blessing to the church membership having increased to 700. Bro. S. is an Aca-

St. John County Baptist min. meeting will be held in the office next Monday morning at 10 o'clock.

Burman Baptists are preparing a mission to carry the Gospel to Siam.

English Baptists lose a noble man in the death of Dr. Manning the Secretary of the Religious Tract Society.

Dr. Day preaches next Sunday at Jarvis St. church, Toronto, and returns home next week.

A CRITICISM.

THE BIBLE YERKUS, MR. HINE.

ed upon 500 Scripture proofs." 2nd, "Flashes of Light," 3rd, "England's Coming Glories," all by Edward Hine, were put into my hand recently by a friend, who said as he did so: "These pamphlets throw more light upon, and explain the Scriptures better than anything that I have ever seen, or heard." Seeing that my friend was so enamoured with them, I resolved to give them a careful perusal. This I have done; and now, for the benefit of my friends, and all other persons, who have read, or who may hereafter, read those pamphlets, I undertake to note a few points in them; and to show by the Scripture, that Mr. Hine's theory is not founded upon, or substantiated by Scripture at all. Mr. Hine says, "I found myself in possession of light received in boyhood, under the influence of which I invariably read the word of God." I think of the saying of Jesus, "If the light that is in thee be darkness, how great is that darkness!" Matt. vi. 23. Mr. H. says of his writings: "They are poor in thought, and clumsily put together." This, I will not dispute. Mr. H. says, "Few of the Birthright promises were realized to Israel when they were in the land of Palestine, their seed was not then as 'the stars of heaven,' (Gen. xv. 3-6) or as 'the dust of the earth,' (Gen. xiii. 16) for multitude, neither had they become 'a company of nations.' But, Joshua says, 'There failed not ought of any good thing which the Lord had spoken unto the house of Israel; all came to pass,' see (Joshua xxi. 45.) As to their numbers; Nehemiah says, 'Their children also multiplied thou as the stars of heaven.' (When David numbered Israel, the number of men in Israel able to go to war, were found to be eleven hundred thousand. And the men of Judah, was four hundred and seventy thousand (see 1st Chron. xxi. 5). It is doubtful, if Abraham with his naked-eye, could have counted half that number of Stars. (In Judges vi. 5) we read, The Midianites, Amalekites, and the Children of the east, that come up to destroy Israel, were without number, and in (Chap. vii. 12) they are said to be, as the sand by the sea side. And in (chap. viii. 10) we learn how many they were, viz. one hundred and thirty-five thousand. Thus, we see, that being 'as the sand of the sea,' is not to be understood as being too great to be numbered, but, simply means an indefinite, or unknown, (although of course, a large) number.

R. S. MORTON.
(To be Continued.)

For the Visitor.

MR. EDITOR.—The Dominion Exhibition for 1881 is a thing of the past, and possibly may now be discussed by a Haligonian, with some degree of accuracy and freedom, from enthusiastic excitement. Notwithstanding failures in some departments, as a whole, it has been a great success. The weather was simply delightful, and the throng of visitors increased day by day, from the informal opening on Thursday the 22nd ult., until Thursday last, when not less than 9000 persons visited the grounds. Everything, both within the buildings and on the grounds attached, was arranged with rare skill and good taste, and appeared to the very best advantage.

Outside the Main Building, nothing among the many exhibits attracted more attention, than the display in Machinery Hall. This building which lies immediately in rear of the Main Building was fitted up with Machinery in motion, and was constantly thronged with curious and admiring spectators. The puff of the engine, the whirr of belting, the clanking of wheels, and the rush of operatives, united in making the place a miniature hive of industry. Immediately on entering the Hall, by the right passage way, you confronted the "Centennial" lozenge machine, the invention of a Canadian, and operated by workmen from the Confectionary Establishment of Mr. M. J. O'Brien of Halifax, the exhibitor. Close by, Shingles were being made by a Shingle Machine, exhibited by Mr. Robert Smallwood of Charlottetown. In the space adjoining, forty feet had been set apart for the Dartmouth Rope Walk, where carding, spinning and braiding—the various processes of rope making, were fully exhibited. Next in order came the exhibit of the "Star Manufacturing Co." consisting of a combination press and Shears Machine, the invention of the manager Mr. John Forbes; and a Nail Machine, a Brown and Sharp Screw Machine, and a tinsmith's scenes press, all in operation, receiving the Sheet Iron and turning out nails, Screws, &c. One of the most attractive exhibits in the building, however, was a grist mill, fitted up by the Waterous Engine Works Co., of Brantford Ont., and shown by Mr. W. H. Olive of St. John, N. B., their general agent. This mill was in full working order with bolting and smut machines, and the necessary elevators, cups etc. attached, and was much admired.

In connection with the Machinery in motion, I must not overlook the splendid display made by the various sewing machine companies, on the west side of the gallery of the main building. Each company had the space allotted to it, walled in and neatly papered and carpeted, giving it the appearance of a nicely furnished parlor. The Williams Manufacturing Co. of Montreal won the palm both for the beauty and extent of their exhibit, and carried off three diplomas. A knitting machine was also exhibited in this gallery and excited much curiosity and admiration.

Among the manufactured goods, no exhibits were more admired than those of the Oxford Mills, Nova Scotia, and Wm. Parks & Son, of St. John, N. B., the former is woolen goods and the latter is cotton. The Oxford Mills, magnificent display comprises sixty varieties, including winter and summer tweeds, home-spuns, blankets, flannels, shirtings, yarns, rugs, and ladies' dress goods—all manufactured from Nova Scotia and New Brunswick wool, by operatives who are sons and daughters of Nova Scotia. The Show made by the New Brunswick Cotton Mills was also large and varied, comprising fancy cottons, unbleached cottons, knitting cottons in all colors, and a large assortment of cotton yarn, and carpet warps.

Both woolen and cotton goods were highly commended, and secured first prizes in all departments. The exhibits of Christie Brown & Co., of Toronto and Montreal was arranged with excellent taste and was greatly admired. It consisted of over 300 varieties of plain and fancy biscuits, and took all the prizes offered in this department, there being no other exhibitors. Messrs. Rankine & Sons, of St. John and Moir & Sons of Halifax are the leading biscuit houses in the Maritime Provinces, and could readily have taken prizes at this Exhibition had they competed.

Rankine & Sons, of St. John and Moir & Sons of Halifax are the leading biscuit houses in the Maritime Provinces, and could readily have taken prizes at this Exhibition had they competed.

The display made by the Halifax Sugar Refinery was a feature of the Exhibition entirely new in these Provinces by the sea, and was exceedingly interesting. It consisted of a pyramid of barrels representing the various grades of sugar and syrup manufactured; and samples of sugars in all grades, from the cane to the highest quality of refined. A comparison of the dirty raw sugar, with the purified article, is sufficient to satisfy the most sceptical in regard to the necessity for this industry now happily, so prosperous in the Provinces.

The whole of the main building from the ground floor to the Rotunda was crowded with an infinite variety of exhibits all worthy of more than a passing notice, had I time and space to do it justice.

No department of an Exhibition is invested with more interest and importance in this country, than that of the live stock. The breeding of animals is a science which must be well understood by those who would succeed in Agricultural pursuits. The entries of horses and cattle at this exhibition, were numerous, and the stock was all of the very highest character, the best ever seen in this Province. Among the horses of which upwards of two hundred were exhibited, the high "Percherons" of New Brunswick, and the "Clydesdales" of P. E. Island, excited the most attention, but admirers of any style of horse, could hardly fail to find his beau-ideal among among the many exhibited. "Imported Barister" the only pure "Clydesdale" on the grounds, has probably no superior in the Dominion. He is an immense brute, weighing 1,800 lbs., a three-year-old Stallion belonging to the Government Stock farm at Charlottetown. The number of cattle entered was upwards of four hundred, all thoroughbred, comprising Jerseys, Devons, Durhams, Alderney, &c. P. E. Island won the palm for her cattle as well as her horses, the finest bull exhibited being a three-year-old "Short horn" belonging to a gentleman of that Province.

The fruits, flowers, and vegetables, were exhibited in "Agricultural Hall"—the old skating rink—near the public gardens, and on Wednesday and Friday last the building was thronged with visitors, but barring the large squash, weighing 160 lbs., and the exhibit of glass grown fruit, which was excellent; and a fair show of roots and esculents, the display was much below the average.

It was too early in the season to exhibit fruit in its perfection, and our weather has been too cold and rainy to ensure a grand floral display.

The past ten days have been freighted with events of the most interesting character for Halifax. We have had the Exhibition, the circus, two grand open air concerts at the public gardens, attended by thousands, a sham fight, fire works, harbor illumination, and last, but not least, a civic election. Yesterday the Exhibition closed, today we elected a new Mayor in the person of George Fraser, Esq., heretofore one of our most esteemed Aldermen. Mr. Fraser is a gentleman well and favorably known in

business circles, and is a prominent member of the Granville St. Baptist Church. He will honor the position of first Magistrate.

Halifax, Oct. 1st, 1881.

ADDRESS.

To Rev. W. P. Everett: DEAR PASTOR AND BROTHER,—We sincerely regret that in the providence of God the relationship that has existed between us as Pastor and people for nearly five years is about to be dissolved, and in view of this fact, we the members of Zion Church and congregation would respectfully request you to accept of this address and accompanying purse as a small token of our appreciation of you as our Pastor.

While we think of the past we cannot fail to remember that the truths of the Gospel has been proclaimed by you with no uncertain sound. By warnings and solicitations, earnestly, kindly and fervently you have sought to advance the cause of our common Lord and Master, Jesus Christ, among us, while your conduct towards each and all has been one of tenderness and kindness.

These words and deeds of yours will be treasured up by us with an ever grateful remembrance. As a preacher of the gospel and as a pastor we consider you as one of the highest rank and we fervently pray that the Lord may open up a field of labor for you corresponding to your abilities.

Through the long sickness and death of your partner in life you exhibited patience and Christian resignation to the will of God, and we take this opportunity of expressing our deep sympathy with you in that heavy affliction and pray that God may give unto you "the oil of joy for mourning and the garment of praise for the spirit of heaviness."

May the Lord abundantly bless you and keep you wherever you may be called to labour, and when life's labours and trials are over welcome you to the better land with the "well done good and faithful servant."

When beyond the field of labor, Beyond the reapers' toll, The Lord in his great favor Gives the harvest of the soul; And when the sheaves are gathered, And all the work is done, A fadeless crown is promised, At the heavenly harvest home. Signed on behalf of the Zion Baptist Church. G. MITCHELL, Clerk.

News Summary.

NEW BRUNSWICK.

The steamship *Teddington* arrived Saturday from Burrow-in-Furness with a cargo of steel rails for the New Brunswick Railway. She was discharged on Monday.

The coroners' jury in the case of George Busted, of St. John, who was found drowned at Chatham, have returned a verdict of accidental drowning. Deceased was a fireman on the tug *Gladiator*.

The *Royal Gazette* announces that mining licenses on the Crown Lands in Albert County will be sold at the office at Fredericton on the 26th of October.

The barque *Satania*, owned by Geo. F. Smith, of St. John, arrived safely at Shelburne Sept. 22nd, and reached St. John Sunday.

A start was made this year in the shipment of lamb and mutton from St. John over the All-Rail line to Boston in refrigerated cars. Within a few months the trade has grown remarkably, and now about 500 carcasses of lamb and mutton are shipped weekly in this way. Beside the dead meat trade, an active business is done in many parts of the Province, especially in Carleton county, in the shipment of sheep. New Brunswick mutton and lamb have an excellent reputation in Boston, and no doubt, next year the business will develop into a most profitable one to the shipper and farmer. More attention is now given to the raising of sheep than formerly and great improvements are promised next year.

There are three suits now against the Corporation for injuries to the persons in Carleton owing to defective roads or some similar cause. Mr. Ross and his sister sue for \$5,000 each. Mr. Erwin also has a claim for injuries sustained by his wife.

On Wednesday night a new store at Bain's corner, near St. Martin's village belonging to Bain & Boyce, was burned to the ground. They had only opened it a few days. Their loss is considerable. This is the second shop that has been burned on the family. It is to be hoped the incendiary will be arrested and punished.

G. D. Steeves' house Mount Pleasant Road, was damaged by fire to the extent of \$200 at an early hour on Wednesday morning.

PRINCE EDWARD ISLAND.

On Sunday afternoon a barn belonging to Rev. D. G. McDonald and W. J. Billmore, Charlottetown, was burned to the ground. Both the brethren were in the country holding services. The barn contained two sleighs, a lot of hay and a lot of small articles. The loss will be quite a heavy one. It was with considerable difficulty that the dwelling houses of both gentlemen, which are quite near the spot where the barn stood, were saved.

At the Sipsipatory Magistrate's Court, at Charlottetown, Tuesday forenoon, Bernard Herring was convicted and fined \$100 for a breach of the Canada Temperance Act. Another prosecution takes place in a few days.—*Examiner*.

BRITISH AND FOREIGN.

Gifts are pouring in upon the family of the late President. Taking together his large life insurance policies, his personal property and the subscriptions to the fund raised for him, which already are over \$300,000 and probably will reach upwards of \$400,000, Mrs. Garfield will doubtless have at her disposal over half a million dollars. As the retired life to which her instincts and her affections alike prompt her, will not expend the annual interest of this sum should Congress continue to her the salary of her husband as President, through his term, she will doubtless have, four years hence, at least \$700,000; and her five children will probably inherit independent fortunes of \$150,000 each, in case they should all live to inherit.—*Boston Herald*.

A San Francisco despatch Oct. 1st says: The whaling schooner *R. B. Hendy*, Capt. Winans, arrived yesterday from the Arctic Sea. She brought down Capt. Gifford and the crew of the whaler *Daniel Webster*, which was crushed by ice near Point Barrow. Capt. Gifford confirms the cablegrams published by the New York *Herald* of Sept. 21, that the natives had seen the wrecked vessel far to the eastward and four white men among the natives; in conversation between Capt. Gifford and the natives conducted principally by signs, and it was difficult to understand from the signs made these four men were either dead or sick as the natives indicated their condition as being one of sleep. There is a similarity in the statement of the Esquimaux concerning the wreck and that relative to the location of the wreck of the *Vigilant*. Capt. Winans advances the theory that the *Jennette* has sought the northwest passage around North America and mentions as the thread of evidence leading that way that the Indians who reported to Capt. Gifford the wreck to the eastward produced a new brass kettle from the wreck. The kettle was bright and new and just from the store, having the name and place of the manufacturer, which the captain thinks was Waterbury, Mass., but he lost the report he made of it at the time. No ship has been in that vicinity during the last two years, and it would seem that there were articles from the ship before that time; they would have been made use of for soon after a native brought it to Point Barrow and it was immediately utilized.

Father Conway, a parish priest of Clonfort, has been sentenced to two months imprisonment, at hard labor, for assaulting a bailiff who served him with a writ at the suit of Lord Ardilaun. Notice of appeal was given.

The *News* Dublin despatch says the Land League has selected about four hundred test cases. In all these the tenants have been evicted for non-payment of rent since Feb. 22nd.

A Dublin despatch of the 1st says: Serious incendiary fires occurred about Kildare last night. Considerable excitement was caused by the report that the hay yard of Daniel Cleary, just outside the town, was ablaze. While people were extinguishing this, another hay yard nearer town, was fired; and this was immediately followed by the firing of a hay yard belonging to Samuel Chaplin, J.P. Two other fires followed, and further reports are coming in. Timely discovery prevented serious losses.

Parrell, T. P. O. Connor, T. M. Healy and Father Sheehy participated in a large meeting at Cork on Saturday. Parrell, in supporting a resolution calling for the national independence of Ireland, said, if as the result of the Land Act, it should happen that the tenants receive any benefits, they must recollect it is their duty to refuse that benefit unless it could be shared by laborers and artisans of all classes in the country. Father Sheehy supported the resolution.

Parrell, speaking at a banquet held subsequently, said during the past two years the national cause had advanced in proportion of 20 to 1.

A special from Wautonia, Wis., says a terrible tornado swept the valley a short distance west of that town on Thursday, devastating a space eighty rods wide and five or six miles in length. Many houses, barns and outbuildings and one grist mill were demolished. About a dozen persons were seriously injured. The damage to property will exceed \$50,000.

A tornado, early on Thursday morning, nearly demolished Madison, a town of one thousand inhabitants, in the State of Omaha. The railway buildings were wrecked. Most of the private residences are believed to be levelled, and two persons are known to have been killed. Telegraph wires are down. The Union Pacific railway sent out a train for the homeless people and for its officers.

The examination of the train robbers of the Iron Mountain Road, Ark., took place on Friday. Their identity was established by fourteen witnesses. They were bound over in \$8,000 each.

The Linseed Oil Works of Grove & Bro. at Greenwich Point, were burned Saturday morning; loss \$150,000.

Lord Dufferin, British Ambassador at Constantinople, has made representations to the Porte urging the execution of the treaty for the suppression of the slave trade.

Extracts from a Letter from C. S. H. renkhite, Esq.

CANTERBURY STATION, YORK CO., N. B. October 10th, 1878

Mr. J. H. ROBINSON, REV. VICTORIA DEAR SIR: In reply to your letter of enquiry, I would say that your *Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt a different man, and also look differently, and all for the better, as the result of your Emulsion.

I was unable, in the summer, to walk any distance without much fatigue. I can now take my gun and travel all day, and feel fresh at night, and eat as much as any hunter. Have not shed any since I took your preparation, and can now inflate my lungs without feeling any soreness, and I think I can inflate them up to full measurement same as before I was sick; have also gained in flesh, my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in any name, I am, dear sir, yours truly, C. S. H. RENKHITE, Esq.

HOW TO DO IT!

There is not a cattle or a poultry raiser from Sandwich to Gaspe, but can surely enhance the value of his stock twenty per cent. by mixing Harvell's Condition Powders occasionally with the feed of his fowls or animals. Inquire all about them.

Fellows' Syrup of Hypophosphites supplies matter for bone and blood, rendering it highly beneficial for feeble children.

"He who hesitates is lost." Kind friend, that nervous, hacking cough is dragging you to consumption, and the grave. Do not longer delay, procure Adamson's Balsam at once, it is an unfailing remedy for Coughs, Colds, and Lung Disease.

The good accomplished with steel pens is incalculable, but the cost of a box of Esterbrook's is only nominal. The stationers have them. Agents for Canada, Robert Miller, Son & Co., Montreal. 214 St. James St.

New engravings of Garfield 14 by 24, 15 cents. Life of Garfield just out 30 cents by mail. Dominion general Agency Co. Montreal.

Dr. Pierce's Compound Extract of Smart-Weed is a sovereign remedy for all bowel affections. Sold by druggists.

Notice to Contractors.

SEALED Tenders, addressed to the undersigned, and endorsed "Tender for St. John Harbor Works," will be received until THURSDAY, the 22nd inst., inclusively, for certain works of repairs to the Breakwater at the entrance to the Harbor of St. John, N.B., according to a plan and specification to be seen at the office of the Department, Saint John, N.B., where printed forms of tender can be obtained. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, the blanks properly filled in, and signed with their actual signatures.

Each tender must be accompanied by an accepted bank cheque, made payable to the order of the Honorable the Minister of Public Works, equal to five per cent. of the amount of the tender, which will be forfeited if the party declines to enter into a contract when called upon to do so, or if failure to complete the work contracted for. If the tender be not accepted the cheque will be returned. The Department will not be bound to accept the lowest or any tender.

By order, F. H. ENNIS, Secretary. Department of Public Works, Ottawa, 7th September, 1881. sep21 21ns

NOTICE.

The time for the reception of Tenders for the above works has been extended to THURSDAY, the 13th day of October next, inclusively. By order, F. H. ENNIS, Secretary. Department of Public Works, Ottawa, 28th September, 1881. oct5 21ns

NOTICE OF SALE.

To Joseph Stackhouse of the parish of Simonds, in the county of Saint John, Farmer, and Sarah E. his wife, and Lydia Ann Stackhouse, and all whom it may concern.

Take notice that there will be sold at Public Auction on Wednesday, the ninth day of November next, at the hour of twelve of the clock, noon, at Chubb's Corner, (so called,) in the city of Saint John, in the city and county of Saint John, in the Province of New Brunswick. All that certain Lot of land and premises with the buildings thereon, situate lying and being party in the parish of Simonds, in the county of Saint John, and partly in the parish of Hampton, in the county of King's, and bounded and described in two certain Indentures of Mortgage, dated the twenty-second day of August, A.D., 1876, and made between Joseph Stackhouse and Sarah E. his wife, and Lydia Ann Stackhouse of the first part, and the Saint John Building Society of the second part, as follows: All that tract, lot, piece, portion, or parcel of land, situate lying and being party in the parish of Simonds, in the county of Saint John, and partly in the parish of Hampton, in the county of King's, commencing at William Brayden's East line, running East fifty rods, extending from the Lake to the rear of the lot, containing one hundred and twenty-five acres more or less, devised to the said Joseph Stackhouse by Charles Stackhouse, late of parish of Simonds, Farmer, deceased, by his last will and testimony, duly executed and proved, bearing date the sixteenth day of June, in the year of our Lord one thousand eight hundred and seventy-four.

The above sale will be made under and by virtue of the power of sale contained in the above mentioned two Indentures of Mortgage, one of which is duly recorded in the office of the Registrar of Deeds in and for the city and county of Saint John, as follows,—in Book A., No. 9 of Records, pages 70, 71, and 72, and as reference thereto will more fully and at large appear, and the other of the said Indentures of Mortgage is duly recorded in the office of the Registrar of Deeds in and for the county of King's, as follows,—in Book Q., No. 3, pages 643, 644, and 645 of records.

And the said sale will be made because default has been made in the payments of the money or contributions secured and made payable by the said Indentures of mortgage, and by virtue of an order of the Board of Directors of the said Saint John Building Society made for that purpose.

Terms and particulars made known at the time of sale or on application to the undersigned.

Dated this twenty-ninth day of September, A. D., 1881.

W. PUGSLEY JR., R. CHIPMAN SKINNER, Solicitors to the Mortgagees.

BIBLE REVISION.

Containing the Old and New Versions in parallel columns. The best and cheapest illustrated edition of the Revised Testament. Millions of people are waiting for it. Do not be deceived by the unscrupulous publishers of inferior editions. See that the copy you buy contains 100 fine engravings on steel and wood. This is the only large type, contrasted edition, and America's best-selling Bible. AGENTS WANTED. Send for circulars and extra terms. Address: AMERICAN BIBLE SOCIETY CO., Philadelphia, Pa. oct5 21ns

AGENTS WANTED.

For the best-selling *Chicago* and *London* editions of the *Revised Bible*. For terms and particulars apply to the *Revised Bible Society*, 10, Abchurch Lane, London, E.C. 4. oct5 21ns
