FOR BOILS AND CABBUNCLES. From Rev. Richard Edes, of Bolton,

"For years I was a sufferer from boils, so that my life became wearisome through their frequent and persistent recurrence. A carbuncle, which ultimately occupied a space of three or four square inches, formed in the small of my back. During

its progress large pieces of decomposed fless were every day or two cut away, and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller earbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the PERUVIANSYBUP, I continued taking it until I had used five bottles; since then I have had nothing of the kind. I attribute this improved state of my system entirely to to the PERUV-IAN SYBUP; and I feel that I cannot ex-press my obligations to it in terms too strong. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief; but this remarkable remeoy, with a kind of intutive sense, went directly to the root of the evil and did its work with a thoroughness worthy of its established character. Sold by dealers generally.

Consumption in its early stages is readily cured by the use of Dr. Pierce's "Golden Medical Discovery," though, if the lungs are wasted no medicine will effect a cure. No known remedy possesses such soothing and healing influence over all scrofulous, tuberoulous, and pulmonary affections as the 'Discovery.' John Wollis, of Elyria, Ohio, writes: "The Golden medical Discovery' does positively cure consumption, as, after trying every other medicine in vain, this succeeded." Mr. Z. T. Phelps, of Cuthbert, Ga ed." Mr. Z. T. Phelps, of Cuthbert, Ga., writes: "The 'Golden Medical Discovery' has cured my wife of bronchitis and incipient consumption." Sold by druggist.

With the steady march ef improvement in science and mechanics, medicine has kept even pace. It now gives us remedies in a perfection of form and composition that the crudities of earlier medical science never approached. Among the most effective of medicines are Dr. J. C. glistening globules-universally known preventive of, or cure for the diseases incident to this section of the country; and bowels, which often result in danger ous fever. They also give vigor to the circulation, remove constipation, create an appetite, and aid digestion, fhereby promoting health. Their ingredients are entirely vegetable, and they are a safe remedy in the hands of the most inexperi-12 40 encee. - Macon, Ga., Telegraph & Messen-

Holloway's Pills.-Nervous Irritability. No part of the human machine require more constant supervision than the nervous system—for upon it our health—even life—depends. These pills strengthens the nerves, and are the safest general purifier of the blood. Nausea, headache, giddiness, numbness, and mental apathy yield to them, They despatch in a summary manner those distressing dyspeptic symptoms, stomachic pains, fullness at the pit of the stomach, abdominal distension, and regulate alike capricious appetition. tites and confined bowels—the commonly accompanying signs of defective or dim-inished nerve tone. Holloways Pills are particularly recommended to persons of studious and sedentary habits, who gradually fall into a nervous and irritable state, unless some such restorative be occasionally taken.

Dr. Pierce's "Favoritte prescription" is a most powerful restorative tonic, also combining the most valuable nervin properties, especially adapted to the wants of debilitated ladies suffering from weak back, inward fever, congestion, inflamma-tion, or ulceration, or from nervousness or neuralgic pains. Sold by druggists.

T c Common Expressions, "I feel a dragged," My food don't Digest," "I do not feel fit for anything," which we so often head during the Spring and early Summer month are conclusive evidence that the majority of people require at that season especially a reliable medicine that will strengthen the organ of digestion, stimulate the circulation of the blood and "tonn up" the debilitated constitution. Hauington's "Quinine Wine and Ire

taken according to directions, produces buo ancy of spirits, vigor of mind and gives lastin strength to the whole system.
