The Methodist Ecumenical Coun-
cil, in London, is a great success.
Methodism still proves itself to be a
power in the earth. Both at home
and abroad, the church of John Wes-
ley is "lengthening her cords and
strengthening her stakes." The spirit
the devoted founder yet exists in
the Methodist body, and bids fair to
show with a still more intensified ar-
our.

JAMES ROSE.

DEAR EDITOR,—Enclosed you will
find my 30th annual remittance for
the CHRISTIAN VISITOR to Jan. 1882.
notice through your columns the
"History of the Baptists," by the
Rev. I. E. Bill, D.D., is for sale. It
is to be hoped, it will find its way in-
to every Baptist family, none being
ought to list as to say "too dear."
The denomination ought to consider
itself under obligation to purchase the
history from the fact that its author
edited and published the CHRISTIAN
VISITOR and sent it to its patrons,
week after week freighted with excel-
lent reading matter for 20 long years.
Think you was this done without in-
curring a heavy expense, as also the
above history. The price I under-
stand is \$3 dollars per copy. No
doubt its pages will give much val-
uable information respecting the acts
of many of the old veteran soldiers of
the cross, the author being one of the
number who have borne the heat and
burden of the day, and have entered
into rest, while he still waits on the
battle field.

CHAS. H. BALMAIN.

DEAR EDITOR,—As my companion
and myself are very feeble and near
the Jordan that divides between the
militant and triumphant church we
wish to let our Christian friends know
that while we find ourselves deprived
of the public privileges of the Lord's
house that we do not forget to pray
for the advancement of Christ's king-
dom in all the instrumentalities
connected therewith. We find that
the glorious gospel that through
weakness we have endeavored to
preach is the joy and support of our
hearts while divine sovereignty in-
vested in the glorious person of our
Lord Jesus Christ is measuring out
all our sufferings. We hope to have
the prayer of our Christian friends
that we may humbly submit to our
Father's will.

Please allow these few lines a place
in your interesting paper and oblige
yours in the Lord.

D. CRANDALL.
Springfield, Oct. 4th 1881.

HIGHLY COMMENDATORY.

DEAR BRO. HOPPER,—I most cor-
dially thank you for all the expres-
sions of commendation which you
have so kindly published from time
to time regarding the responsible
work I have in charge.

Be so kind as to give place to a few
choice sayings from the venerable Dr.
Crawley, whose praise is in all the
churches in the same line of thought,
with the utterances of Rev. Dr. Cramp.

In a recent letter Dr. Crawley
writes thus:
"I hope, dear Dr. Bill, the public
will not be slow to buy your book. It
is plain they ought not to be slow. It
is a capital collection and repository
of important parts, which but for
your toilsome labour would soon have
died out of every body's remembrance;
and yet how much of what you have
gathered and made so readable is at-

olutely essential to any satisfactory
account of our Baptist history in these
Maritime Provinces. I, for one thank
you heartily, and especially for your
kind mention of myself, a very un-
worthy laborer, with such men as
Manning, Harding, Burton, Dimock
and many others, whose names you
have made perpetual as long as your
book shall last—and longer—for
doubtless, the material thus collected,
will often during many years to come,
be transcribed to other pages; and
they become incorporated with the
incident of a future far beyond our
power of computation."

Yours very truly,
A. E. BILL.

ENCOURAGE YOUR PASTOR.

It should not be supposed that they
who were appointed to minister need
any less to be encouraged than they
who labor in a lower sphere. Espe-
cially is this true to those who minis-
ter in holy things. They need to be
strengthened by human sympathies as
well as by divine grace. They give
up all that they may serve the Lord
and his people. They live in the
world, and work for the world, while
they have no hope of worldly wages
or of earthly reward. They have to
bear all the hardships of life with
those to whom they minister, and to
struggle against the same infirmities.

What wonder if their heart and
strength fail, when they receive no
recognition or response! Shall we
grudge or hold back the expression of
our gratitude, that would nerve them
to greater endurance and larger sac-
rifice? They do not live by bread
only. They may starve even when
the salary is well paid. How is it,
when the salary is kept back, when
the congregation is cold and careless,
when the parish seems utterly indif-
ferent and heartless?

Encourage your pastor! Don't
hesitate to let him know that you
appreciate him and his work. He will
do it better in knowing that you re-
cognize and value it. Your praise is
better than pew rent; your love than
lucres. There is no end to what he
will cheerfully do and suffer, if he
knows that he has the love of his
people. He is wearing out, not with
work, for work is his calling, but
with neglect. He thinks you do not
care for it at all, that you are insen-
sible to all the influences that he toils
and prays for; his heart is withering
for want of sympathy, his heartstone
is cold for want of responsible love.
Light it up again, O brother, beloved
in the Lord! and help him to go on
his way, making melody in his heart.
This you can do by expression of
personal regard and interest, such as
you yourself crave in the work you
are trying to do. In this, it is better
to give than to receive. Encourage
your pastor, and it shall return four-
fold into your own bosom.

FILLING THE HOUSE.

A certain church, which occupied a
very spacious place of worship, great-
ly desired to see the vacant seats in
their temple occupied, and the burden
of their prayer used to be that the
Lord would send some one who would
fill the house. Their thoughts and
petitions and efforts seemed to tend
mainly in this direction. At last their
prayer was answered. A preacher
came, young, eloquent and popular.
It did not take him long to fill the
house. His reputation did not im-
prove with close acquaintance but he
filled the house. He not only filled
the church on Sundays, but he filled
the court-house to a perfect jam
when his name was called in connec-
tion with a scandal suit. He filled
the house with people who were rarely
seen in a place of worship, and who
were apparently attracted by things
which would repel the devout wor-
shipper. He filled the house with a
rabble; he filled the community with
scandals; he filled the newspapers
with reading unfit for any family
circle; and so he went on changing his
location, but not his character, divid-
ing his time between law, gospel, pol-
itics and scandal, till he had won a
name which few could covet—but he
filled the house. When people pray
for some one to fill the house, it may
be well to specify the material with
which they desire to have it filled. It
is not very difficult to fill houses, nor
to build vast heaps of wood, hay and
stubble, which are destined to perish
in the devouring flames; it is far more
difficult to build up in the most holy
faith a congregation of true believers
who love and serve the Lord their
God. The fact that a man can fill a
church is not always to his credit,
nor to the church's profit. The mat-
terial used for filling, and the means
by which it is obtained, are matters
to be considered in connection with
filling the house.

Leit-Governor Tabor of Colorado
proposes to give Denver a public lib-
rary costing \$200,000, capable of con-
taining 100,000 volumes. His new
opera house when finished will have
cost \$400,000.

The Baptist church at Frankfort
on the Oder, is prohibited by the Ger-
man government from holding Sun-
day-schools in private dwellings, and
the members are forced to build a
chapel though constantly weakened
by emigration to other countries
and so poor that they very seldom
see bread, being obliged to subsist al-
most exclusively on potatoes.

News Summary.

NEW BRUNSWICK.

A very fine substantially built schooner
of 100 tons, was recently launched at the
"Range," Grand Lake. She is named
the "Ethel Granville," and was built by
Mr. John Granville, for Messrs. Granville
& McLean, of Indianopolis, and the build-
er. She will be commanded by Capt. Mc-
Lean, a veteran in the coasting trade.
She has been brought down to Indianopolis
where she is loading wood for Rockland,
and will be ready for sea in a few days.

The copper deposits near Dorchester,
the discovery of which was recently re-
ported, seems to inspire confidence. The
Post describes them at some length and
says: "It is reported, however, that a
company of capitalists are investing from
\$100,000 to \$200,000 in the speculation
with Mr. Couch, and Professor Merrill, an
eminent New England geologist, sent on
here as an expert by the company, ex-
pressed himself as agreeably surprised at
the results of his tests.

The Union Agricultural Society will
meet at Clifton on Wednesday, and will
present great attractions. The Annual
Exhibition and Fair of the Society will be
held on that day. There will be a Poul-
try show also.

A despatch from Liverpool, N. S. says
the schooner Mary Ellen, of St. Andrews,
bound to Pawtucket, R. I., has been
abandoned at sea one hundred miles east
of Cape Ann. The crew were taken off
by Captain Thomas Day, of the schooner
Zaidee, of Liverpool, N. S., and taken to
Liverpool Saturday morning.

NOVA SCOTIA.

Yarmouth, which has 150 men engaged
on the new water works, will be abundantly
supplied with water of Lake George in a
few days.

Our weather prophet Venner, says:
"Give notice at Newfoundland and ports
in that direction of the probable approach
of very stormy weather, with cold and
snow, for the period between the 15th and
20th of the present month. The indica-
tions at present existing make the occur-
rence of this winter period almost certain
and of unusual severity. Include also
Nova Scotia.

Up to Tuesday, the 27th September,
the receipts from visitors to the Dominion
Exhibition at Halifax were \$600; on
that day Tuesday, the 27th, \$1,100, on the
28th, Wednesday, \$1,800, on the 29th,
Thursday, \$2,600, on the 30th Friday,
\$200. Total, \$6,300. There were in all
about thirty thousand visitors.

PRINCE EDWARD ISLAND.

The barns and out-buildings belonging
to Mr. George Hardy, Tracadie Road,
with their contents, were burned on the
night of 28th ult. The barn was large
and new. The buildings were all full,
containing twenty ton of hay, twenty
acres of oats, six acres of wheat, two acres
of barley, new truck wagon, sleighs, farm
implements, all harness, chest of tools
and sundry other articles. It is not
known how the fire originated unless
by a spark from the flue of the dwelling
house. There was a strong wind blow-
ing and carrying the cinders a mile dis-
tant. The cinders fell around every man's
buildings for a mile up the road. Esti-
mated loss \$1000. No insurance. Mr.
Hardy's loss is a distressing one.—Patriot.

The following is taken from the Sum-
merside Journal: For the year ending
30th June last, the revenue of the Post-
Office business of this Province was \$10,
219.60, or nearly equal to nine and one-
half cents a head for the whole number
of our population, men, women and chil-
ren, as per the late census, namely 108,
928. Although this is an increase of about
\$4000 since confederation, it will take
some time yet before our P. O. Depart-
ment will be self sustaining.

The Examiner states that the commis-
sioner appointed to report on the manage-
ment of the Charlestown Hospital for
the Insane, had adjourned for a few days,
when, October 4th, at 10 a.m., it would re-
sume business in the House of Assembly
Room, of the Province Building. From
the length of time this commission has
been engaged the contract taken by it ap-
pears heavier than at first expected.

On Tuesday last the Grand Jury found
on the evidence presented a true bill
against young McCabe, at present in jail
in Summerside, for stabbing Lewis Reid,
of Tyron.

The Scott Act has been declared in force
in Summerside, and Prince County by
Judge Hensley at the present sitting of
the Supreme Court there.

We had the first frost of the season
Tuesday night. Ice was also made dur-
ing the night and there was quite a snow-
storm the next morning—snow falling for
about an hour and a half.—Patriot.

A correspondent writing to the Exam-
iner says of the fall prospects: Farmers are
beginning to bring their produce to mar-
ket. Grains, especially oat grain, are pro-
nounced to be of unusually good quality.
Potatoes, it is said, will be a light crop.
Fishermen are winding up their business
for this season. Still, mackerel appear
plentiful along the coast. A few days
ago several very fine catches of this fish
were made at East Point and North side.

The Prince County Exhibition was held
in Summerside on the 6th inst. The town
was crowded with people from all parts
of the Province. His Honor, Lieut.-Gov-
ernor Haviland formally opened the ex-
hibition, expressing himself well-pleased
with the character and quality of the ex-
hibits. Among the live stock exhibits
are fifty-seven horses, thirty one cattle
and eighty-five sheep. The Imported
horses Challenger, Brown Stout and Iron
Duke are on the grounds. They attract
much attention for size, style and beauty.
On the whole, the horses do not show

much improvement on these exhibited in
previous years, and among the exhibits
there is, unfortunately, too many sign of
judicious breeding. There is a marked
improvement in the show of cattle, and
the exhibit of sheep is splendid. The
display of roots, vegetables and grain is
excellent, and altogether the Exhibition
is very creditable to Prince County.

BRITISH AND FOREIGN.

The Fourth Avenue car stables, New
York, owned by W. H. Vanderbilt, were
burned Monday night with a large num-
ber of horses. The fire spread across
32nd street to Monell's furniture storage
buildings, which were entirely destroyed.

The difficulty between the Boers of the
Transvaal and the British Government is
not finally solved. The arrangement made
by the military authorities required the
ratification of the Boer Legislature. The
members of that body are, however, indis-
posed to accept the terms offered, and are
endeavoring to obtain further concessions.
The triumvirate now in power has made
an effort to overcome the opposition, as
it is well understood that Great Britain
will not agree to more favorable terms.
The British press, even that portion which
uniformly supports, the Government,
manifests great indignation at the conduct
of the Boers, and urges the government
to stand firm. If the Boers finally refuse
to ratify the treaty there is danger of the
war being renewed.

The late President's portrait was sent
to Queen Victoria on Thursday last, in
compliance with Her Majesty's request.
It is of large size, is silver tinted and
elegantly framed. It is considered by Mrs.
Garfield the best photograph ever taken
of her husband.

A serious riot occurred in Ballyraggle,
County Kilkenny, on Sunday; one man
died from bayonet wounds inflicted, and
another is fatally wounded.

A serious collision occurred between
the police and people at Atherry, Monday,
in which some injuries were sustained on
both sides.

A London despatch Oct. 7th says: Mr.
Gladstone arrived at Leeds last evening
and was received with the utmost enthu-
siasm. He addressed a meeting and ex-
plained the Liberal foreign policy to con-
sist of two main principles: That every
foreign country should be credited with
the same good motives as ourselves until
it showed the contrary, and that
every power was entitled to the same
rights and privileges, irrespective of size.
There was much to be done in allowing
and modifying the land laws of England
and Scotland, but the circumstances in
these parts are not those of Ireland. He
argued that the depression of trade pro-
ceeded from decreased purchasing power.
If Sir Stafford Northcote disappeared of
the subject, Mr. Gladstone's suggestion of the corn
duty, it was time to speak intelligently on
the subject. As Sir Stafford Northcote
had other speeches to make soon, he per-
haps would say emphatically whether he
favored protection and a corn duty. He
declared he himself would be no party to
a retrograde movement.

At a banquet to-night, Mr. Gladstone
said: "Justice to Ireland is a sacred duty,
but it can never be performed with-
out equal justice to England and Scot-
land. Ireland is in a great crisis and on
the working of the Land Act may depend
the greatest issues with regard to her
prosperity." Alluding to agrarian crimes,
he said: "We are convinced that the
Irish nation desires to take advantage of
the Land Act, but Parnell says no. The
Government will rely upon the good sense
of the people because it is determined
that no force, or fear of force, or fear of
ruin through force shall prevent the peo-
ple from having full and free benefit of
the land. I call upon all orders and degrees
of men in the three kingdoms to support
the Government."

Mr. Walsh, the Land League delegate
from Australia, is forming League branches
in Balla. He starts for America in
March or April.

Messrs. O'Connor and Redpath were in-
terviewed before their departure from
Queenstown. O'Connor said a monster
reception would be given to himself and
Redpath, Dillon and Egan on their arrival
in America. Redpath stated that he in-
tends to publish a book in America nar-
rating his experiences. From Ireland it
will contain affidavits from every county
to the number of five hundred respecting
eviction.

By special invitation, Parnell and the
Executive of the Land League Labor Con-
vention will assemble in Dublin at the end
of October, for the purpose of forming a
national organization of farm laborers to
act with and under the direction of the
league.

A committee has been appointed, com-
posed of Gen. Sherman, (chairman), Blain
and Windom and 23 others, to establish
in Washington a National and Interna-
tional Garfield Memorial Hospital, for
which popular subscriptions in any sum
will be received from the world.

The British Board of Trade returns for
September show a decrease in the value
of imports of \$1,082,103, and an increase
in the value of exports of \$273,220, com-
pared with the same month last year.

The barque "Albino," Navassa, for
Baltimore with guano, stranded near
Aurelia light-house Thursday night. The
vessel and cargo are a total loss. The crew
were saved.

The headquarters of the Nihilists has
been discovered and sixty arrests made.

The factory of the German Harmonica
Co., at Miller's Falls, Springfield, Mass.,
has been burned. Loss \$40,000.

Fire at Pine Bluff, Little Rock, Ark.,
Friday, destroying property valued at
\$100,000.

Active preparations are making at War-
saw for the coming interview between the
Emperor of Austria and the Czar. A great
sensational has been caused in Hungary
by the news of the projected interview. The
seer has issued out that the meeting is
connected with the violent suppression of
the Eastern question by the arbitrary an-
nullation of European Turkey to Austria
and Russia, with the promise of neutral-
ity to Germany in the event of war next
year with France. Constantinople is to
become a free city.

At Ocares, on Saturday, the Kings
of Spain and Portugal were present at the
bull fight. At the banquet in the evening
King Alfonso proposed as a toast
"The health of King Luis, and the frater-
nity of the two countries and prosperity

of Portugal." King Luis acknowledged
the honors with similar cordial senti-
ments.

Gen. Prendergast has been appointed
Governor of Cuba in place of Gen. Blan-
co. He will start for Cuba on the 28th.

Twenty pupils of the Constantine Mil-
itary School at Berlin, have been arrest-
ed. Many Nihilist proclamations were
found on them. The Russian authorities
in view of this fact, are adopting the sev-
erest measures. Markets and fairs are
prohibited wherever there is the least
suspicion that Nihilists intend to use them
for their own purposes.

The remains of ex-President Arista have
arrived from Portugal and are now lying
in state in the School of Mines, Mexico.
They are being visited by immense throngs
of people. Congress has ordered three
days of national mourning.

Passengers via the Southern Pacific
Railroad, report that, on Thursday night,
when the train was passing Wilcox, Ari-
zona, a fight was in progress between the
citizens and Indians. The bodies of five
line repairers were seen near the track,
shot through the head. This is the sec-
ond party of telegraph men murdered in
the last few days.

Archbishop Croke, in replying to an ad-
dress from a branch of the Land League,
said the Land Act far surpassed, in
breadth and variety, and in the value of
its provisions, any Land Act ever passed
by Parliament. He advised the enormous
assembly present to give the Act a fair
trial.

One hundred and fifty French gen-
darmes have arrived at Tunis to protect
the public security there.

It is rumored that a new treaty between
the Bey and France will be concluded.

France has been asked to join England
to take measures to protect their subjects
in Egypt. France has consented. Eng-
land and France will forthwith despatch
iron clads to Alexandria.

Parnell delivered an address at Wexford
on the 9th. Alluding to Gladstone, he
said many of them had studied the words
of the great man and great orator who
until recently had desired to impress the
world with a good opinion of his philan-
thropy and hatred to oppression, but who
stood to day the greatest coercer and
most unrelenting slanderer of the Irish na-
tion. Parnell characterized Gladstone's
speeches as unscrupulous and dishonest.
He (Gladstone) had maligned the Irish
people, bishops and Dillon. No misrep-
resentation was too low or too mean for him
to stoop too.

Dr. Pierce's "Golden Medical Discovery"
has become so thoroughly establish-
ed in public favor that were it not for the
forgetfulness of people it would not be
necessary to call attention to its power
to cure consumption, which is scrofula of
the lungs, and other blood diseases, as
eruptions, blotches, pimples, ulcers, and
"liver complaints."

Charcoal is Carbon in its humilia-
tion; diamond is carbon in its glory.
The wise do not mock at chemistry
for asserting its identity. "Why
should it be thought a thing incredi-
ble with you that God should raise
the dead?"

HOW WOMEN WOULD VOTE.

Were women allowed to vote, every one
in the land who has used Dr. Pierce's
"Favorite Prescription" would vote it
as an unfailing remedy for the diseases
peculiar to her sex. By druggists.
