

ance of the work as a supplement to the secular instruction of our free schools. The audience was large. The Church Edifice is still undergoing extensive repairs and alterations, which will be completed in about a month.

**DORCHESTER.**—Mr. Editor, we Baptists at Dorchester Corner, as you are aware, are a very modest people, and that is why we seldom say much about our wants. We are not many, but regular church members. I did the last clause because I am persuaded that their is no place in the Dominion where a larger majority of the people accept the Scriptural correctness of our peculiar tenets. I must not, however, take up time with doctrinal matters, further than saying that the Dorchester Church has engaged Bro. T. M. Munro to preach at Centerville and the Corner for one half his time, and would have engaged him for all, had part not been otherwise disposed of. And now for the modest part of this letter. We are building a church, a modest little house, 50x30, with lecture and class room in the basement. The last two will be ready for use in less than three weeks, and their completion will exhaust our funds. In the past we have been favored in a most remarkable manner. Great kindness has been shown us within and without our own denomination, and we shall at some other time refer more particularly to our benefactors. Now, however, we find ourselves for the first time in a pretty tight place for the want of means to finish our church, and our position is the more difficult on account of the number of churches now being built here.

After we decided to build, our Wesleyan brethren arrived at the conclusion they wanted a new house, and our Roman Catholic brethren that it was time to complete their chapel that had been up for some time, consequently the benevolence of the people is taxed to its utmost in assisting all these undertakings. Perhaps it would have been better, if Dorchester Corner is largely undenominational, i. e. a very large part of its people belong to no church, if these churches had been built in different years. Our house, however, is the farthest advanced, and less than \$1000 will make it *un fait accompli*. We feel that our desire to see this building ready for use will be gratified, and that the Lord will continue to incline the hearts of his people to assist us. Like all Christians we know he answers prayer, and we do not hesitate to let others know what we are praying for. Now, Mr. Editor, we want to throw ourselves upon the sympathy of your readers. The Dorchester Church has, within a few years, built within its limits three churches, and assisted in building a union house. The one at the Corner will, when finished, be the fourth built, and alone by us. Twenty years ago there were but few Baptists within the limits now occupied, and we now number nearly ninety church members, and have in all our preaching stations large congregations. Our church members are as a general thing in moderate circumstances. We ask those of your readers who feel able to do so, to take stock in our new church, and help us hurry it on to completion. Mr. Emmerson, our treasurer, will be most happy to receive donations, and they will be respectfully remembered.

C. E. K.

## NOVA SCOTIA.

**DIGBY CO.**—The quiet work of grace in the 1st Hillsburgh Church is still progressing. The pastor, Rev. J. A. McLean, baptized eight last Sabbath, making some 30 since January. The 2nd Hillsburgh church is still without a pastor. Bro. McLean, in addition to his extra work on his own field has been preaching to this people occasionally with great profit to them. The Weymouth and New Tusk churches are not yet supplied with a pastor. All the churches of the county are getting along in a comfortable quiet way.

HENRY.

**GUYSBOROUGH.**—Rev. W. C. Rideout, while returning to his home in Charlotte Co., by way of St. John, called on us and reported that he has been greatly blessed in a series of meetings he has recently held in Guysborough. There have been 42 persons baptized, a number restored to fellowship, and more are waiting to be obedient to the Lord. Bro. Rideout hopes after a few weeks rest to take pastoral oversight of the Guysborough church. Some 33 years ago he enjoyed a gracious revival in this church when scores of persons were added to the Lord. We trust he will be greatly blessed in this work, and that Christians may be built up in the faith of God's elect as well as sinners converted.

**PARADISE.**—No doubt the readers of your valuable paper are ever glad to hear of the prosperity of the Zion of our God. Our Heavenly Father has been pleased to let fall upon Wilnot church some drops of mercy. Six happy converts have been bap-

tized and welcomed to the church as workers with us, and we look for more. The Western Association meets with us this year, and we are looking forward with much pleasure to welcoming and entertaining our brethren. May the Lord come with them in very deed. The weekly routine of work which comes to our hand, in this large church, makes us sometimes weary, yet, we do not tire of the Master's service. The privilege of preaching is so great we can only long to preach him more fervently and successfully.

This Paradise of ours has for a long time worn a very somber look, as we have scarcely seen a snow-flake since the first of March; but now, the fields are carpeted with green, and the trees are clothing themselves with beauty, and the Annapolis Valley, always so attractive, seems determined to excel this season. Farming operations are being carried on vigorously, and the outlook for our energetic, and enterprising men is cheering. Large shipments of apples to the English market, have been made at very remunerative prices, and the fruit-growers are carefully cultivating and enlarging their orchards, hoping to be able to increase their shipments the coming season. The growing of sweet corn and tomatoes is being entered upon with zest under the stimulus of a canning factory at Bridge-town. One day last week we were startled by the intelligence that from the home of a near neighbor, a bright little boy of eight years, had been taken. Returning from school cheerful and happy, he ran down to the brook to play on a raft which the boys of the neighborhood had constructed, and used in their sports. The school-teacher, passing soon after, saw a hat on the water and made search. His body was soon found, and medical aid quickly in attendance, yet life could not be restored.—Willie Freeman had gone to his God.

Yours truly,

J. T. EATON.

Paradise, May 23rd, '81.

**NICTAUX.**—It is truly gratifying as we peruse the columns of the VISITOR from time to time, to learn of the temporal advancement in the various departments in which mankind is engaged; but it is still more gratifying to know that matters relative to spiritual advancement occupies a more prominent place in your much esteemed paper. Rev. W. J. Bleakney, being the senior pastor of Annapolis County, still continues to preach to appreciative audiences. The interest which he manifests in Sabbath Schools, Social services, and the general health of the church, adds much to his popularity as a minister of Christ. May he not become weary in the cause in which he has been so abundantly blessed.

P. E. ISLAND.

**CHARLOTTETOWN.**—Bro. Woodland is doing a good work on Rustico and Loyalists Roads. About fourteen were expected to have been baptized last Lord's day, but I have heard nothing definite. Both places have a reputation for low morals and wickedness, but so far we have reason to rejoice in the character of those professing religion among them, they appear to be so thoroughly changed, good examples to those who had religious influence all their lives previous to their conversion. Bro. Burgess is also blessed with a rich ingathering, he will likely give you particulars himself. The following churches on the Island are vacant: Alberton, Cape Wolfe and O'Leary, occasionally supplied by Bro. E. N. Archibald. East Point, Dundas, Grand River, Murray River, Souris, and Montague, the latter is burdened with a debt on their building. It is a pity to see those interesting fields vacant.

## MISSION HELPERS NEEDED.

Miss C. A. Hammond writes an earnest appeal from Chicago for such help in her arduous work as can only be rendered by an unmarried woman, whose heart is free of love to Christ and her perishing fellow creatures. It is evident that the field for such christian keepers as are anxious to devote their lives to the work of carrying light and hope and life, into the regions of darkness, despair, and death or widening every day, and that the call from the women of India to the women of our land is one that ought to meet with a ready and hearty response. Are there not among our churches young ladies who are willing to bring themselves thus as a gift to be laid on God's altar? If there are such, or if our pastors or friends know of such, as are desirous of consecrating their lives to this noble work they will do well to communicate with the Secretary of the Central Board of N. B. W. M. Aid Society, St. John.

M. E. March.

## News Summary.

## NEW BRUNSWICK.

A terrible accident happened at the iron works, Upper Woodstock, Wednesday morning, whereby one Wm. Jones was

killed. The deceased was at work on the top house of the furnace, when the engineer called him to assist in starting the engine by moving the fly wheel. While so doing he fell on one of the arms of the wheel and was carried into the pit below and was killed. His body was almost cut in two and the head was broken open. He lived but a few minutes. Jones was 39 years of age and leaves a wife and two children. An inquest was held over the remains by Coroner Connell and a verdict of accidental death returned.

Tenders for the repairs necessary to be made on the Millidgeville ferry will be asked for in a few days. The committee decided to commence the work ere this, but they preferred to receive the sanction of Mr. Kirk, the president, who has been absent from the city. Mr. Kirk arrived Saturday, and it is now expected the work will be commenced without further delay. The boat is yet in Thompson's slip, where the improvements will be made.

On Friday evening, a young lad named Kinney, aged about 12 years, was drowned in the St. John river, nine miles above Andover. He and another boy named St. Peter went out in a canoe, and as they pushed off from the shore, the fragile Indian craft gave a sudden lurch and upset. St. Peter swam ashore, and Kinney clung to the canoe. Some one cried out to him, "Swim ashore!" This he attempted to do, but almost immediately sank, and there being no adequate help to rescue him at hand, he rose no more. The body was not found Sunday.

Intelligence was brought to the city early Saturday morning that the ship "John Murphy" was ashore at Cape Spencer. On Friday the "John Murphy" was reported having passed Yarmouth in company with another vessel. Mr. John Murphy, the owner, was landed from the vessel, and came to St. John by the steam-vessel "Dominion." From information received it appears that the ship is commanded by Captain Nickerson, who had his wife and family on board. Pilot Wm. Leahy had boarded her the previous day, and had charge when the accident occurred, which was between 7 and 8 o'clock on Thursday evening. Pilot Leahy told a reporter that the fog at the time of the accident was very dense and the tide was running strong. He mistook the Partridge Island whistle for another but the ship was hoisted to at the time of the disaster. The ship is ashore a few hundred yards west of the light house, and it is feared she will be much damaged if not a total wreck before she can be got off. The crew escaped in boats, and the officers and Pilot Leahy came to the city Sunday morning in wagons. The tugs Norman and St. John went to her assistance Sunday, but returned again, in the evening, without getting the vessel off. The cargo consists of 300 tons of salt consigned to G. McLaughlin & Sons. The "John Murphy" was a fine vessel of 1,471 tons burden and was built at Tusket, N. S., in August, 1876, and was classed 11 years. She is owned by Capt. John Murphy, who formerly commanded her. C. E. Murphy, H. R. Crosby and J. V. N. Hatfield. She was bound from Liverpool, which port she left April 30th. She is partly insured.

It is reported that Charles Smith, a well known lumber operator, who resided and operated on the Miramichi during the last season for Messrs. J. & J. Stewart, has left the country. He is said to have drawn on the Messrs. Stewart for upwards of \$5,000 to pay drivers' wages, and the statement of many lumbermen is that they have not been paid. Mr. Smith is known to be largely indebted to Mr. McCoy, of St. Marys, C. N. Clark, shoe dealer, and Cameron & McCarthy, butchers of Fredericton, and to the Messrs. Edgecombe and others in Fredericton, in less amounts. Smith is alleged to have driven on to Woodstock last Sunday, and is said to have sold his horse there, and proceeded west. His wife was very ill when he left home, and died on Tuesday last, and it was then that inquiries were first made as to his whereabouts.

We hear that Professor Sheldon is doing good work for New Brunswick in England. He recommends our Province very highly to English farmers, and especially the Tobique valley. As a consequence, a number of English farmers have decided to locate on the Tobique. Some have already come out and others are coming.

The future of the apple trade of the valley of the Annapolis is very promising. The shipper of 1,000 bbls. from this port per the "Hunter" to Boston and "Hause" to London at 3s. 6d. per bbl. through freight, has just received a cable from Gascia Jacobs & Co., London, advising the sale of the lot at 23s. per bbl. This is the best sale of the season.

## NOVA SCOTIA.

Saturday while men were digging a drain at Lawrence town for the Halifax Co., they came across a lead of fine gold bearing quartz. Specimens procured show good prospect for a summer's work.

The Customs authorities in Nova Scotia are proceeding vigorously against smugglers, and those whose movements resemble smuggling. In Halifax on Wednesday the schooner "Star of the Sea" which arrived on Tuesday from Boston, was seized by the Customs authorities, for landing 57 barrels of oil without permission.

## UPPER PROVINCES.

Mr. Drinkwater, who has just returned to Ottawa, from a tour of inspection over the Canada Pacific Railway, in company with the members of the Syndicate, states that the influx of emigrants into Manitoba and the north-west this summer will be enormous.

Reciprocal trade relations, instead of yielding everything and getting nothing in return, are demanded by the present Government of Canada. The Argentine Republic has admitted Canadian vessels to the coasting trade of that country, and Argentine vessels, by Order-in-Council are admitted to the coasting trade of Canada.

A frightful calamity occurred at London, Ont., on the evening of May 24th at 8 o'clock. The steamer Victoria, with over six hundred excursionists on board, while returning from Springbank and near the Cave railway bridge, about six miles below the city, the boat suddenly collapsed like an egg shell and became a total wreck, level with the water's edge. All the passengers were instantly plunged into the stream, more than half of them being under the debris. The first news which reached the city was brought by survivors, who struggled through the streets wet and weary. The news fell like a thunderbolt and a stampede took place for the spot where it was discovered that the loss of life was 231.

## BRITISH AND FOREIGN.

A despatch from Mitchellstown, County Cork, dated May 28th says: A serious affray took place here on Friday, in consequence of the attempt of the Sheriff to evict five tenants on the estate of the Countess of Kingston. The Sheriff was assisted by 220 police and military, including a troop of Dragoons, but the resistance of the people was so determined that the work was only partly accomplished. The chapel bell of Mitchellstown began ringing in the morning to warn the country that evictions were about to begin. The chapel bells ten mile around took up the refrain, calling the population to assemble. The police attempted to stop the bells but did not succeed. Ten thousand persons assembled here in less than an hour. A large number gathered around the police and military. While the first eviction was proceeding, eggs, stones and other missiles were thrown at the sheriff and his assistants. Three evictions were carried out, to execute the next two it was necessary to pass through the town. The people obstructed the streets and sent showers of stones into the constabulary. Then the cavalry charged and drove them back, but they only returned in greater force and with new daring. While passing a yard behind which a large number of rioters were concealed, a heavy volley of stones was delivered and one of the cavalry horses was killed. The police charged through the yard and dispersed the assailants at the point of the bayonet. Several were wounded. One man's jaw was cut open. Twelve soldiers were struck and many police were injured. The Riot Act was read twice without effect, and in consequence of the resistance it was decided not to proceed further with the work of evictions. The excitement lasted late into the night, but there was no further disturbance.

A Dublin despatch says: The past week has been one of grave anxiety and alarm to the authorities of Ireland. The situation cannot last. The police are rapidly becoming demoralized. Every man's hand is against them. After a long and fatiguing march they find in some country village that the wells are defiled with mud and rubbish, so that no man can quench his thirst. No patrol can venture far except in great force. At night the country is left in the hands of marauders, who carry on their lawless practices with the utmost impunity. The governing powers are almost helpless.

The Kilmallock Land League started a movement for presenting Father Sheehy, the imprisoned priest with a national testimonial.

At a land meeting at Duncannon, County Wexford, Sunday, Canon Doyle, who presided, said the Land bill was one of the greatest shams ever passed through the House of Commons.

A man named Dempsey, a farmer, who took land from which a tenant had been evicted, was fired at from behind a hedge in the county Galway and was killed.

The tide of emigration from the South of Ireland is steadily decreasing. There was a decrease of 45 per cent in April to compare with the same month last year. The returns of the present month to date show a decrease of 25 per cent.

The Times says the Irish members of Parliament intend to ask the Government to grant another morning sitting to finish the debate on the Irish arrests.

Dillon writes denying that he had requested to be removed from the infirmary to his former quarters in Kilmallock Jail because of other prisoners being there with him.

Parnell is seriously unwell and has been ordered two days rest by his physicians. Brennan has been visited in Naas jail. He expresses himself pleased with his treatment generally, but complained bitterly on being obliged to retire to his cell at six o'clock in the evening and remain until seven in the morning.

A Dublin despatch of the 27th says: There are well grounded rumors that Forster, who has come to Ireland, has determined to suppress, for a time at least, all land meetings in Ireland.

Five meetings of first-class importance are announced for Sunday, and the attitude of the authorities is watched with some anxiety. Although protected by six hundred troops and police, a process server at Glangoslin, County Leitrim, was foiled in the attempt to serve processes on some of Lord Annesley's tenants by the threatening attitude of the people.

All is quiet in the County of Limerick. The authorities have not yet intimated when they will renew the attempt to carry out evictions at New Pallas and Kilmallock. A rumor has reached Carrick-on-Shannon, County Leitrim, of a serious process serving affray at Geevagh, ten miles distant, but details are indefinite.

Two men are said to have been mortally wounded. Eight houses were burned by incendiaries in the County Cork, Wednesday night. It is stated the object was to get at one man whose house was not known.

At the meeting of the General Assembly of the Scotch Free Church, Thursday, Dr. Adams, of Glasgow, moved a resolution, of which he has given notice, relative to Professor Smith. Professor Bruce moved that the Assembly decline to give effect to Dr. Adams' motion. After six hours' discussion, 304 members voted for Dr. Adams' motion and 231 for that of Professor Bruce. Professor Bruce and others protested against the decision of the Assembly.

A special meeting of the members of Parliament and other members of the Land League in Great Britain, convened at London on Wednesday, to consider the urgent state of affairs in Ireland, was presided over by Justin McCarthy (Home Ruler), member of Parliament for Longford. A resolution passed summoning the Irishmen of England and Scotland and English sympathizers to evoke public opinion on the evictions of tenant farmers by a series of demonstrations. It was also resolved to hold demonstrations in Hyde Park, Oldham, Middleborough and other places.

A New York despatch of the 26th says: To-day Cyrus W. Field stated that he expected to devote his whole time to the exposure of one of the foulest conspiracies ever devised for the destruction of railway property, and that among the conspirators will be found men who have held high offices, some who now hold such positions, railway directors, brokers, representatives of the press and others.

Jim Baker shot and killed Alexander Osborne and two Reynier brothers, and mortally wounded another man name unknown, at Osborn's Ford, Scott county,

Va., on the 26th, Jim Stapleton killed Sam Killgore with a knife at Mickellsville the same day. The difficulties grew out of the Municipal election that day.

**FROM R. FELLOWS, M.D., OF HILL, N. B.**  
"Although I have generally a great objection to patent medicines, I can but say in justice to DR. WISTAR'S BALSAM OF WILD CHERRY that it is a remedy of superior value for pulmonary diseases. I have made use of this preparation for several years, and it has proved to be very reliable and efficacious in the treatment of severe and long-standing coughs. I know of one patient, now in comfortable health, who has taken this remedy, and who, but for its use, I consider, would not now be living."

50 cents and \$1 a bottle. Sold by dealers generally.  
The market is full of preparations for the hair, some of them good, and many of them good for nothing. R. F. Hall & Co., of Nassau, N. H., manufacture and sell an article of real merit, which has been advertised in the Express for the past year, and we have taken no little pains to inquire how it has been liked by the public. Druggists inform us that he has sold more than double the amount of Renewer than of all other hair preparations combined, and when a person once uses it, he will use no other: that it is not only bought by the young people as a dressing, but by older persons for removing dandruff, preserving and increasing the growth of the hair and restoring its natural color. Another druggist says that he sells three or four times as much of Hall's, as of all others.—Hampshire Express, Amherst, Mass.

**Stomach Ache.**—We all know what it is; we acquire a perfect knowledge of the "Pep" in our youth, after a raid on the green apples we were expressly forbidden to touch. Our mother gave us Perry Davis' Pain-Killer then, and strange to say, no other remedy has been discovered to this day to equal it.

Many clergymen who were obliged to withdraw from the pulpit on account of "Clergyman's Sore Throat" have recovered by way of Fello's Syrup of Hypophosphites and are preaching again. This preparation seems peculiarly and wonderfully adapted to diseases of the breathing organs.

**TO STABLEMEN.**  
It is on record that every stable in which Harvel's Condition Powders are used is not only free from the diseases incident to horses, but turns out swifter feet, cleaner coats and sleeker skins than those where no such specifics are ignored. Note it!

If you have a Cold take Adamson's Botanic Balm. A sure cure for Coughs, Sore Throat, and all pulmonary troubles. It is the only remedy we recommend a trial of this superior remedy.—Boston Saturday Evening Express.

**A Household Need Free.**
