McFre.-On the eighth day of June 1873, there was born in the city of St. John, a child, whose subsequent life and finally her death, deserves more than a pas-sing notice. The parents of Alice Blanch, were the beloved W. J. McFee and wife Maggie, who, at the time of the birth of this their first-born, were members of the Carleton Baptist Church, where with de-sirable surroundings their home was all that could be desired now that the third one had appeared to bind them more closely to each other and the bright object of parental affection, and so little did they think that she ever could be taken from them, that they only looked on to a long blissful morrow uncheckered by woe untinged by a sigh, but alas! a little more than eight years have passed and in the far-off land by the western sea their bea-tiful home is beclouded by the shadow of the dark-winged angel, who be ring away the sweet object of their devotion, as if too good to dwell here, left them to sigh rather than sing..

Eight years, four months and three days since the dear one was born, and the grave opens in the Wheat-land cemetery to receive the mortal re-mains of the beautiful child. Beloved by all for her sweet, polite, winning and af-fectionate life. The funeral brought together the largest congregation gathered for many years in that town, and if there for many years in that town, and if there is language in tears the many shed on that occasion told how deep was the love of all he trishoward her and how she was now lamented by the entire community. Holloway's Ointment - Sores, Wounds, Ulcerations, and other diseases, affecting the skin, are capable of speedy amendment by this cooling and healing unguent, which has called forth the loudest praise from persons who had suffered for years from bad legs, abcesses, and chronic ulcers, after every hope of cure had long passed away. None but those who have experienced the southing effect of this Ointment can form an idea of the comfort it bestowes by restraining inflamation and allaying pain. Whenever Holloway's Ointment has been used it has established its own worth, and has again been eagerly sought for as the easiest and safest remedy for all ulcerous complaints. In neuralgia, rheumatism and gout, the same application, properly used, gives wonderful relief.

It has saved the lives of many even after all hope had fled. Many of our most intelligent families would as soon be witinout woolen clothing in winter, as to not have Wistar's Balsan always on hand, for it never fails to immediately relieve all soreness of throat and lungs. A single dose taken at bed time will gently warm the blood, cause refreshing stumber, and by morning an ordinary cough or cold will be gone. SPAVIN CURED.

ST. JOHN, N. B., January 6th, 1880.

DEAR SIRS:

In regard to your favor of a few days ago, I would say: About one year ago a horse owned by me contracted a large Bone pavin, for the cure of which I tried a number of the liniments and lotions advertised to cure the same, without any effect, and he became very lame. A friend of mine recommended me to try FELLOWS' LEEMING'S ESSENCE.

I acted upon his advice, and now I am happy to say the lameness has ceased and the Spavin disappeared. I now consider him entirely cured, and would cheerfully recommend FELLOWS' LEEMING'S ESSENCE as the best remedy in the market for all the lameness that horses are subject to.

Yours tinly,

THOMAS F. FRY.
